

Dear FFWPU, WFWP and CARP members,

spring has come and summer is upon us! With this letter we want to invite you all to consider **Belvedere Colle Mattia as the destination of your spring and summer vacation**. Belvedere Colle Mattia is the church center located in Rome's countryside available for workshops, retreats, family vacation or weekends with friends.

It is located in Via di Colle Mattia 131, 00132 Rome (Italy) from where you can easily reach **Rome city center** by public transportation, or visit **typical italian touristic towns** by car (such as Frascati, Castel Gandolfo, Nemi, Monte Compatri, Grottaferrata, Monte Porzio – also named Castelli Romani).

Belvedere Colle Mattia church center has a lot to offer: **tranquility and peace** after a long day sightseeing; **open fields** where you can stretch out and play sports; characteristic corners for you to **sunbathe and enjoy special moments** by yourself or with your loved ones; areas equipped for **barbecues**; a **holy ground** and a prayer hall where you can gain some positive energy before coming back home; the possibility to book family, couple or individual **photo shooting**.

Belvedere Colle Mattia is surrounded by nature, specifically vineyard and olive trees that all together create a very **suggestive and peaceful atmosphere**. The beauty of it is that you can enjoy the view and the landscape also from the halls where you would have lectures and meals. If you are coming with your family or a small group of friends you can choose which room is the best for you, also based on your budget availability.

Below you can find some pictures and two different price lists - one is exclusive for members, the other one is the regular price list we give to everybody else.

We'll be happy to welcome you in the best possible way, according to the availability of the location. **So don't miss out, book now to find the best solution for you!**
