We held two different 7-day Divine Principle in two different location. The first seminar was held at Ayémé Plaine (village 30 kms from Libreville) at heavenly tribal messiah center of the DAKOUO Albert family, from the 15th to the 21st of July with also 8 participants. And the second seminar was held at the FFWPU Headquarters in Libreville from July 20 to August 04, 2019 with 8 participants.

Among the participants in Libreville there was a blessed member who had left the church in the past but he came back with a partner wishing to receive the blessing. At the end of the seminar, he delivered his testimony, affirming that the only true way of God is the path of the divine principle! many other brothers and sisters who have left feel like him and wish to return but pride and shame prevent them from doing so; having overcome this fact, he promised to do his best to encourage them to return.

Among the seminarians, some promised to take part in the next 21-day seminar.

That Heavenly Parent and True Parents are always praised.
