

Strategy Presentation Heavenly Africa: Heavenly Africa's Providential Situation

Bakary Camara

January 8, 2021

Co-chair of the Cheoneuiwon for heavenly Africa

Good afternoon, dear respected Cheon Il Guk Leaders. Happy New Year! Before I start, let us offer all honor and glory to our beloved True Mother. True Mother, thank you from the bottom of my heart for this opportunity to share about the actual providential situation of heavenly Africa. True Mother, your foundation is growing in heavenly Africa. Your everyday prayer and jeongseong, your love and care are making heavenly Africa brighter. In my presentation, I will briefly talk about the domain of preparing the environment.

Witnessing and raising future leaders

In terms of preparing the environment, heavenly Africa VIP-outreach is growing by the day. The providential organizations, UPF, WFWP and IAYSP are doing an extraordinary job. We have groups of political, religious and traditional leaders.

They are committed to joining in the implementation of True Mother's vision. With regard to witnessing, we are going to mobilize all our members for witnessing to grow the number of heavenly tribal messiah victors and the number of cheonbo couples. We will expand the Blessing Movement in heavenly tribal messiah areas with the support of ambassadors for peace. For the single candidates, we mobilize them through IAYSP, Tong-il Moo-do and youth missionaries.

True Mother appointed a second-generation member to lead IAYSP and our second-generation members have created momentum. We are going to capitalize on that momentum. With True Mother's restructuring, more and more second-generation members are joining the front line. Currently, we have more than three hundred youths who are engaged in public activities.

Thanks to our beloved True Mother's scholarships, we have students at Sun Moon University and UPA. Some have already graduated. Thank you, True Mother! To conclude, I would like to say that we are working together, united as one. We have established as well the new structure True Mother implemented.

The regional group president, Rev. Jean Pierre Kadima, and the UPF chair, Mrs. Katherine Rigney, are working tirelessly and will elaborate more on this report on heavenly Africa. Long live True Mother, our heavenly Mother, the only begotten daughter of the Almighty!
