The Annual General Assembly began in an atmosphere of deep spirituality, opening with holy songs led by Mr. César Regalado. Following this, missionaries performed a special rendition of the song "Now I Will Pray," further elevating the spirit of unity and devotion among the participants.

Leadership Addresses and Vision

Mr. Bernardo [Cruz], President of FFWPU Dominican Republic, opened the session to warm applause. He expressed heartfelt gratitude to True Mother, Dr. Hak Ja Han Moon, and shared a message from the continental office urging members to remain steadfast and exalt the name of our True Parents. He emphasized that members should take pride in the "lineage of the Blessing" - the fruit of the True Parents' immense sacrifice - and noted that despite various tribulations, the community continues to move forward with determination.

A significant milestone was reported: 54 individuals signed membership forms after being introduced to the core principles of the Divine Principle. Mr. Bernardo concluded by sharing True Mother's guidance, emphasizing that the Blessing is of paramount importance and calling for accelerated preparations for the Blessing Ceremony on May 2, 2026.
