

FFWPU USA: Urgent message from True Mother about substantial completion of the providence

Demian Dunkley
June 29, 2024

Dear Family Members,

Thank you for your dedication and love. I sincerely pray for the well-being of you and your family. Our journey with True Parents has been filled with incredible challenges and victories, and True Mother is now determined to bring about substantial completion of the providence during her lifetime.

As detailed in the attached memo, True Mother's recent message underscores the urgency of aligning with the providence of Cheon Won Gung and the newly restructured Cheon Mu Won (new IHQ leadership structure) to serve Heavenly Parent effectively. She has called upon key leaders in Korea to participate in a 40-day spiritual workshop with their spouses, focusing on sincere prayers for the restoration of the nation and the reunification of North and South Korea.

In line with True Mother's heart, we will also conduct a special 40-day period of sincere prayer for the restoration of America in support of the reunification of Korea, starting this Monday, July 1, until Friday, August 9. True Mother has emphasized the need for desperate prayer to activate the miracles that heaven has prepared. She encourages us to speak with True Father and ask for support in bringing substantial results, especially within this 10-month period leading up to the entrance ceremony of Cheon Won Gung and the 13th year of Cheon Il Guk.

In addition to the attached memo, I encourage you to learn more about the new IHQ structure, [Cheon Mu Won, here](#), so we can better understand True Mother's heart and intention.

Dear family, please find a way to participate in this 40-day period of prayer, whether at your local Cheonshim Won or at home. True Mother is reminding us that this is our final opportunity to align with her heart, and fulfill our roles as filial sons and daughters. Let us unite with True Mother, the substantial Holy Spirit and first Only Begotten Daughter, in her mission to accomplish Heaven's will and become victorious and proud members of Cheon Il Guk.

May Heavenly Parent bless you and your family,

Rev. Demian Dunkley

Cheon Mu Won: Mandate and Structure

© JUN 29, 2024

The following content was compiled from a weekly Global News report by Peace TV and World Mission Department Director General Song Yong-cheon's words to various leaders.

Cheon Mu Won: A Central Governing Body for Cheon Il Guk

During the 70th anniversary celebration of the founding of the Family Federation for World Peace and Unification, True Mother announced the establishment of six new offices under a new, central governing body, which Mother has named 'Cheon Mu Won.' In preparation for the upcoming Cheon Won Gung Entrance Ceremony, scheduled for 10 months from now, Mother is encouraging us all to augment our efforts toward the victorious settlement of Cheon Won Gung from where Heavenly Parent will be able to govern our world more directly than ever before.

From True Mother's June 6, 2024 speech at the 70th anniversary of the founding of our church:

"To prepare for the Heavenly Parent's Entrance Ceremony next year, therefore, my intention has been to establish a new organizational system centering on Cheon Jeong Gung. I have therefore established Cheon Mu Won and its various offices. As I said a long time ago, the Family Federation will go forward in the Spirit and the Truth. It will advance through Cheon Shim Won and through the global mission. This is why all our organizations are centered on these two axes.

In this way, we can quickly share the providence of True Parents with all humankind in this time when we can make connections within one second. I am seeking to give all 8 billion people of the world living in the Cheon Il Guk era the opportunity to participate in the realization of Heavenly Parent's dream and True Parents' hopes on earth."

In that Heavenly Parent hopes for Cheon Il Guk to develop tangibly, Mother wants the Cheonwon Complex to embody the form and essence of a nation. True Mother thus named the

central governing body of Cheon Il Guk "Cheon Mu Won"—"Cheon" (天) meaning Heaven, "Mu" (務) meaning Work, and "Won" (院) meaning House.

Cheon Mu Won is the central governing body of Cheon Il Guk where people will work diligently and earnestly for Heaven's providence, in unity with True Parents.

As the owner of Cheon Mu Won, True Mother stands at the center and oversees the operations of the entire Cheon Mu Won. She has appointed former Chief of the 2nd Secretariat Mrs. Wonju McDevitt as Cheon Mu Won vice chair; she also has the role of Mother's private secretary.

There is additionally a specialized office responsible for True Mother's protocol, security, and personal assistance.

The main body of Cheon Mu Won is divided into six offices—the Mission Policy Office, Leader Development Office, Planning and Coordination Office, Finance and Planning Office, Special Affairs Office, and the Legal and Audit Office.

1. **The Cheon Mu Won Mission Policy Office** is responsible for inspecting, monitoring, and analyzing domestic and overseas missions, and for supervising, coordinating and integrating short- and long-term mission policies, and reporting to True Mother. It will oversee the main providential organizations such as Family Federation World Mission Headquarters, the Korean Family Federation HQ, the Universal Peace Federation HQ and others. It will also take an interest in the organizations that are responsible for the historical record of Cheon Il Guk—including Peace TV, the Sunhak Institute of History, and the Cheon Won Sa Publishing House. In addition, the Mission Policy Office will take responsibility for human resources management, international cooperation and communication and coordination among the internal organizations of Cheon Mu Won.
2. **The Cheon Mu Won Leader Development Office** is dedicated to cultivating capable people for the future of the Heavenly Providence in Cheon Il Guk. It will identify, educate, and nurture individuals across a variety of fields to lead our Unification Movement into the future in its churches, providential organizations, and businesses. It oversees the Sunhak Educational Foundation, the Cheongshim Foundation, and the Hyojeong International Cultural Foundation.
3. **The Cheon Mu Won Planning and Coordination Office** is responsible for coordinating the Cheon Won complex's institutions and businesses, which are under the direction of True Mother. It will establish and implement strategies for the development of the Cheon Won complex centered on Cheon Jeong Gung and Cheon Won Gung, and the development of *hyojeong* culture. It will oversee the Cheon Won Gung Administrative Headquarters, and the Cheon Won Gung Construction Task Force, Cheongshim IT, HJ Global Arts Center, Cheon Won Art Museum, and Hanju Entertainment—which is responsible for performances and events within the Cheon Won Complex.
4. **The Cheon Mu Won Finance and Planning Office** checks and reports on the management of major public assets and affiliated foundations at home and abroad under the strategy of securing stable financial resources.
5. **The Cheon Mu Won Special Affairs Office** is responsible for carrying out special instructions from True Mother.
6. **The Legal and Audit Office** will be in charge of legal affairs, regular and special account audits of church-related organizations and businesses, and establishment of internal auditing (scrutiny).

With the inauguration of Cheon Mu Won, the previously existing 1st and 2nd Secretariats were dissolved. As the two pillars of the Family Federation responsible for working in the Spirit and Truth,

Cheon Shim Won and the former International Headquarters (now reorganized as the World Mission Headquarters) will have key roles under Cheon Mu Won.

Director-General Song Yong-cheon offered the following with regard to the purpose of this restructuring:

Why would True Mother undertake such restructuring at this important time in the providence? This is to prepare for the Entrance Ceremony for the Cheon Il Sanctum in Cheon Won Gung so that it is conducted in line with heavenly protocol – to prepare more specifically, quickly, and precisely.

5.23 by the Heavenly Calendar in the 12th Year of Cheon Il Guk
(June 28, 2024)

Heavenly Parent's Holy Community Cheon Mu Won

*The following is a summary of True Mother's speech to the heads of the major providential organizations, given at Cheon Jeong Gung on 5.22 by the Heavenly Calendar in the 12th Year of Cheon Il Guk (June 27, 2024):

The completion of the providence and dream of our Creator, Heavenly Parent, is to create life in the heavenly kingdom on earth with the blessed children through the True Parents, victorious among fallen humankind. It was for this that God started the Creation. God created all things in heaven and earth in the divine image, and finally, he created a man and woman who could become our first ancestors. He waited for them to grow through their own effort and achieve the perfection of their characters. As you all know, Adam and Eve could not accomplish this and the human race became fallen, with no relationship with the Creator.

The 6,000 years of human history have had no relation to Heaven, and for that 6,000 years, human history has been one of war and conflict, without even one day of peace. However, as the Creator began this work, he had to see it through to the end. God therefore had no choice but to carry out the providential history of salvation to redeem fallen humanity. How hard it was for God that it took 4,000 years to select the chosen people of Israel and create a foundation from one individual up to a nation!

You will know well the history of the people of Israel through the stories in the Bible. After 4,000 years, we cannot consider that Mary, who conceived Jesus by the Holy Spirit and gave birth to him, fulfilled her responsibility. She did not know the principles of creation, the essence of Jesus' **mission**, or the essential nature of the Creator. In the end, because Mary and those around her could not accomplish their responsibility, Jesus went to the cross. Yet he said he would come again. He said that when he came he would hold the "Wedding Feast of the Lamb."

Christianity began with the apostles waiting for Jesus, who had promised to come again, and who received resurrection through the Holy Spirit. However, as we all know, the Catholic Church made many mistakes because it did not understand **Jesus'** essential purpose. How could the communist concept that "**God is dead; there is no God**" arise from among people who believed in God? This is why the Reformation was unavoidable. Rather than serving Heaven within a man-made system, those in the Puritan movement wanted to freely serve God in their own homes. They made unity among the pastors, elders and deacons, evangelists, and ordinary believers and served God together. That is

why it developed rapidly.

But according to the principles of creation there is man and woman. The only begotten Son Jesus Christ was born, but the only begotten Daughter could not be born. She could not be born through the people of Israel. Why not? Because an indemnity offering is required over the death of the person who was to become the father of all humankind. For 2,000 years the people of Israel lived as a people without a nation. The people of Israel today do not understand why this happened. Since they are still unaware of **God's** providence, Heaven must bring things to a conclusion and to completion.

Though the selection and training of a new chosen people, the foundation was in place to give birth to the only begotten Daughter. It was around the time of the Second World War that American Protestant Christians experienced the works of the Holy Spirit in the vicinity of Pyongyang. Korean Christianity thus saw an active increase in spiritual works centered around Pyongyang. It was Christian intellectuals who had encountered this new culture and led the movement for **Korea's** independence.

In 1943, the only begotten Daughter was born within a Christian environment. Yet no one knows of this. What you need to know here is that after the end of the colonial era in 1945, with the end of World War II, Korea was divided into South and North, between democracy and communism.

Geopolitically speaking, the Soviet Union is close to North Korea. The United States of the free democratic world is far from South Korea. In such a situation, the Creator had to protect the only daughter whose birth he had brought about. I was born in 1943 and the year I turned six, I learned that my maternal uncle, who had studied abroad in Japan, had not returned home but had joined the South Korean military. From the North's perspective, his joining the South Korean military was the act of an enemy. So [as his relatives] we had no option but to go south.

The day before yesterday, June 25, the (South Korean) government marked the 74th anniversary of the outbreak of the Korean War. When I look back and think of the unspeakable hardships of our Creator, our Heavenly Parent, tears came to my eyes. (* Mother is in tears.) I was eight years old when the Korean War happened, but I remember it so vividly. Refugees were already leaving Seoul on the evening of the 24th (of June 1950). I remember it drizzling. I was with my grandmother at that time. When my grandmother fled from the house next door, at first I went with her, yet without knowing what I was thinking, I then returned to our house.

At dawn that day [when the North Korean invasion began], there was no way to contact anyone by phone. My uncle drove up in a three-quarter [3/4-ton truck] **and said, “Let’s go, quick! There’s no time.”** While we were crossing the Han River Bridge, I noticed that the only people on the bridge were soldiers, not ordinary civilians. My uncle drove to a safe spot, got out of the car, and shouted, “Lie down.” At that moment, the Han River Bridge was destroyed. My heart still hurts, thinking of what happened to all those soldiers. (* Mother is in tears.)

My maternal uncle was an army officer and was in the medical supply unit, so he was in the first group to evacuate. Since the army could not go any further south by road, they had to take the train. Oh! People were climbing up on the roof of the train and traveling south like that. What would have happened to them when the train went through a tunnel? Thinking about that evacuation, and about what people faced in their lives as refugees, could only strengthen my resolve. This was because I knew how much Heavenly Parent had wanted to embrace fallen humanity and had thus carried out the providence. However, I knew that if the victorious True Parents could not appear on earth, neither **Heavenly Parent’s dream** nor **humanity’s** hopes could be realized. So I waited for the right time.

What if we had begun with [teaching] the essential nature of the Creator and the essential purpose for which Jesus came? Why was the providence of restoration necessary? God created both a man and a woman. Consequently, in 1960 I made up my mind: “If **I don’t do this**, things will be more difficult for Heavenly Parent. This is not a position that I am seeking, but if **I don’t** do this, we will not be able to liberate our Heavenly Parent!” That was my determination. That is why True Parents appeared in 1960. That is why many blessed families have come into being.

According to the principle of creation, the day when the victorious True Parents receive the Blessing is the day when Heavenly Parent came to dwell in them. That is the principle. You need to be aware of this. Because I was there, because I maintained that same position without wavering, progress could be made on the external front.

Heavenly Parents’ dream is to live on earth. Life in the heavenly kingdom on earth. In order for this to be possible, we had to have Foundation Day and open the era of Cheon Il Guk. In such a situation, God instructed me to open Cheon Il Guk—because the providence could not be prolonged. I was 70 years old [* in 2013]. Most people live for about the same amount of time on earth. If one opens a new era at the age of 70 and seeks to bring it to settlement, it will take

several more decades. But the time in which I can continue working is very limited.

Although I cannot adequately express everything, no one around me understood God's providence at that time. As a result, I have always explained how I had to find a small needle in an environment similar to a sandstorm in which one can barely open **one's** eyes, ears, or nose.... I am saying that I couldn't find a single person—one small needle—who could work with me for Heaven's providence. In my time on earth, I must create the environment in which people will attend and honor Heavenly Parent. As a result, I cannot rest. Among the 200 or so nations of the world, I needed to restore at least seven nations, plus seven religious groups, and a continent in order to create such an environment for Heavenly Parent. It was, however, difficult to accomplish this in a Christian environment. This is why I chose Senegal.

Even as Christianity spreading throughout the world based on the Bible, Christians made many mistakes in Africa. In light of this, I decided to first inform the Christian world of who I am, so explained to the ACLC pastors that I am the only begotten daughter. They made me feel welcome.

I cannot stop. I must move forward. So I went to Senegal. Senegal's religious leaders are Muslim. When I revealed to them that I am the only begotten Daughter, they told me that the Muslims welcome me. After I told the president of that nation [Senegal] about the providence, he replied, "I will become your son." In the same manner, I gave the Blessing in the name of True Parents in Niger, a Muslim country. This was done in the presence of the president of Niger and all the government ministers. That is why I could declare the firm settlement of Cheon Il Guk.

I have declared that the Creator God is the Heavenly Parent. In order to embrace all people throughout the world, I announced Heavenly Parent's Holy Community and expanded missionary activities. For people to attend Heavenly Parent, however, there must be a place. In the past, the Israelites had the tabernacle and the temple, but Heavenly Parent was not always there. Heavenly Parent resides within the realm of True Parents' victory.

I cannot let the providence be delayed. When I am already more than 80 years of age, I will be dedicating the Entrance to the temple where we can attend Heavenly Parent. This is a blessing of the greatest magnitude, the first of its kind in the history of God's providence. The environment in which all people live in a pure state as before the Fall must be realized, one in which blessed children attend Heavenly Parent. After I announced the Entrance Ceremony for

the Cheon Il Sanctum in Cheon Won Gung, I could not sleep. I feel tremendously sorry to Heaven. In conclusion, if you become one with True Mother, the only begotten Daughter, you will be able to enter the kingdom of heaven on earth and in heaven. This is something you must know.

Therefore, I reflected on Moses' course. Moses was a great man whom God chose. He led the Israelites out of Egypt. In the course of their journey, Heaven performed many miracles. Why, however, did they have to spend forty years in the wilderness? Even though Canaan was within easy reach, why could they not enter, but could only die [in the wilderness]? This is now the final step in the history of the providence. This is the last... There can never again be a time like this. That is why this moment, this place, is so significant. The providence will be fulfilled. Because I am here, it will be brought to fruition.

However, the problem lies with you. After all your hard work following the providence, you must not end up like Moses. Do you understand? Therefore, I plan to leave for South America on June 28. If you ask me why I am going to this difficult environment, it is because of True Father. True Father dreamed of unity when he carried out the providence in four countries in South America. I am aware that it was to create an environment in South America that would facilitate the unification of North and South Korea and the saving of North Korea's top leaders without there being any bloodshed.

Our Unification Church, the Family Federation, is currently too weak. I did not want to miss out on the providence True Father had been conducting for the restoration of nations and the realization of a heavenly unified Korea and heavenly unified world. It is for this reason that I am going there to offer devotions. In relation to this, Hwang Sun-jo, Song Gwang-seok, Lee Hyun-yeong, and Yang Chang-shik... Did I mention five names? I would like all of you to attend the 40-day spirituality workshop with your wives from June 28. Gather your prayers and devotions at Cheonshim Won for 40 days and ask Heaven and True Father to directly help us as we strive for national restoration and a heavenly unified Korea. This is our last opportunity. The last. Is Kim Seok-byeong here? Attend the 40-day workshop with your wife and offer devotion at Cheonshim Won for 40 days. You must do this. Is that clear? This must be done.

To achieve national restoration, I have said that I must embrace Christianity, **haven't I?** Therefore, please pray that Christianity will rush in as a rising tide. Please offer devotions.

Heaven performed miracles when Moses led the Israelites out of Egypt. It is

now the time for the providence to be completed. Blessed families whom True Parents blessed should be able to live in the kingdom of heaven both on earth and in heaven in a state of health and wholesomeness.

In addition, all [providential] organizations and those in charge of them must become one with me centered on Cheon Mu Won. You cannot enter the kingdom of heaven in heaven if you cannot do so. Therefore, it is essential to resolve all issues on earth; to settle all matters on earth. We live in the most pivotal of times. This is the final stage in both human history and providential history. The last. From Heaven's standpoint, this is the time when we can fulfill our duties as filial sons and daughters and loyal patriots, so that when we reach the spirit world Heavenly Parent will be able to say, "You have truly worked hard!" This is that one time. Right now. You must not be self-centered. We must practice true love, living for the sake of all others and moving toward the goal of being one together. Can you understand?

Please consider this your last opportunity to follow the path to becoming completely filial sons and daughters and loyal patriots. It is your last opportunity to practice true love—a love that lives for others' sake. Haven't I restructured our organization through Cheon Mu Won to prepare for the upcoming year when we will live with and attend Heavenly Parent on earth? You must without fail become one with Cheon Mu Won. Please do not evaluate it based on your own point of view. I will be at the center of Cheon Mu Won. *
