President's Message

Rev. Dunkley Announces the Holy Spirit Masterclass

Dear Brothers and Sisters,

A few weeks ago, True Mother said to me, *"I want you to build the music ministry anew. It's time for us to sing new songs of praise in attendance to our Heavenly Parent. I want you to work with the members, the second and third generations, and I want you to write new songs. Write new songs that include Jesus. Write songs that include that Heavenly Parent is the Heavenly Parent of Jesus, True Parents, and all humanity. Learn to write and sing new songs of praise. Then, I want you to go to the places where they will welcome you, and sing together with Christians of all*

ages. Praise together with them, in such a way that the Christians become excited."

True Mother is asking us to have a totally new experience with music, and to ultimately praise together with our Christian brothers and sisters. True Mother has stated frequently that the restoration of America is the restoration of Christianity. The truth is that there are many Christian churches that do a much better job of praising God with bright spirits, and in several aspects, we have many things to learn. At the same time, Mother is asking us to go hand-in-hand with them and elevate our praise, not just to God, our Heavenly Father, but to our Heavenly Parent.

It will be a process that is required on our part, not just theirs. The first step towards this is our Holy Spirit Masterclass, conducted by A. Curtis Farrow, a true Christian brother, who deeply loves, respects and supports True Mother and our movement. Although we will be learning new songs, the essence of what we will be doing in the Holy Spirit Masterclass is tuning in more deeply to the Holy Spirit. We will be experiencing and acknowledging the Holy Spirit with praise through music. So far, everyone who has been through this program, has received a lot, with many being brought to tears through their profound experience. We are grateful to Curtis Farrow for his support, and with this momentum, we will begin a new music movement in America.

Everyone is invited, but space may be limited. We definitely want to encourage all singers, musicians, and performers to attend, but it is open to all. Of course, there is a strong emphasis for our youth to show up, as we will be putting together *Peace Starts With Me* choirs to perform and celebrate with praise in Christian churches and other places of worship throughout America.

Originally, I was planning to have one central workshop, but in order to try and reach more people, we are scheduling an East Coast and a West Coast Holy Spirit Masterclass (see dates and registration below). Furthermore, each Masterclass will conclude on Sunday with a regional Sunday Service, where I will be giving a message for the nation. I hope for as many as possible to attend in person, and we will stream the Service live to watch party communities.

True Mother is asking us to sing, and to sing with joy. I strongly encourage you to sign up for this incredible opportunity. Mother will be proud of you.

I look forward to seeing you there,

Rev. Demian Dunkley

Regional President

Testimonials

"It was actually amazing! Everyone was like naaaah I don't wanna sing. But a looooot of GPA realized they misunderstood what this Masterclass was... The first day, one by one, the entire first row was hit hard by the Holy Spirit. People that don't even sing starting crying while we were singing Revelations 19:1. Something came over GPA and it was goooooood. It wasn't even singing at that point. It was just resonating with something higher... I feel like I finally found my purpose... I knew God needed me to be a messenger. But my words were never enough to express what my heart was conveying. But I feel like THIS is what I was meant to do. This is how I'm supposed to testify. And it feels so right... I don't wanna sing. I wanna testify and offer God the power to work through me. I'm not satisfied with just singing beautiful notes. I wanna witness with this voice! Ajuuuuuu."

- Desiree Contreras, GPA Music Masterclass

"It is the morning of the HJ music competition, and we are in a bus, making the long trip from Seoul to Cheongpyeong. I am surrounded by young people from across America, all of whom are dedicated, both in their love for music and their love for God. Mother, these past 5 days of practice have really taught me a lot about the beautiful mindset of our director, and all the other Christian ministers and performers that we are working with. Everything that they do is to bring glory to God. In their hearts, in their minds, they are fully focused on how their performance would bring God the most joy. We ourselves are inheriting that mindset, and want to express our unity and happiness for our Heavenly Parent. Mother, we've only been able to practice together for these 3 days, but in these days, I have felt immense joy in being able to perform for you, and being able to show the world that living together with our heavenly parent is a source of pride and strength. Through our smiles and laughter we can bring smiles to God's heart, inspiring other people to include Heavenly Parent in their lives. There is incredible energy from the unity of 30 voices singing together in harmony. I believe that music was meant to teach us how to live together, how each person has a unique role, but all of them working together is vital to the harmony of the whole. When we work together it is beautiful and joyful, but if even one person disunites, the harmony loses its power. This is somewhat like principle, our world needs every person in order for us to harmoniously fulfill God's dream. So with our song, we hope to inspire others to join us, in unity and harmony. People from all nations, backgrounds, religions, we can unite if we focus all of our glory on God. By gathering and moving the hearts of all people, we can bring our Heavenly Parent joy at last. Mother, we hope that when you watch us you can smile, and feel that your children are here to support you, uplift you, and unite with you to help restore the world."
