

FFWPU USA: New members joining as others prepare for the Blessing in 2025

Song Yong-cheon
October 13, 2024

Dear beloved and esteemed family members worldwide,

Warm greetings from the Mission Department at the World Mission Headquarters.

Every day, Cheon Mu Won and the World Mission Headquarters receive inspiring and heartfelt updates from various mission fields through letters from our leaders, which are then shared with True Mother. In our desire to spread this inspiration and joy to all family members globally, we will begin sharing these letters with you on a weekly basis.

For the third week of October, we are pleased to share uplifting news about the new member witnessing campaign currently taking place in Heavenly America.

We sincerely pray that you experience weeks and months filled with grace.

The Mission Department

Report from Heavenly USA - Sunday, October 13

Demian Dunkley, Regional President

Beloved True Mother,

I hope this message finds you well. We love you dearly, and we are having dreams about you I have a few updates to share:

Demian Dunkley, Regional President

New Member Campaign

Over the past three months, an average of 19 new members have joined our American church each week. This level of significant growth has not been seen in the American Movement since the 1980s. Key factors contributing to this success include our members' deepening understanding of True Mother's guidance and Cheon Shim Won prayer, the application of new witnessing strategies based on this understanding, and increased intergenerational cooperation in nurturing qualified young leaders.

As I have shared with True Mother on several occasions, we have established a completely new strategic structure this year aimed at activating the whole country by focusing on strategic communities. These are the locations

where we send all of our youth missionaries, including Heavenly Top Gun Missionaries, Generation Peace Academy Missionaries, Cheon Il Guk Missionaries, and Heavenly USA Missionaries. For the first time, we are working as one. We are moving all our youth missionary programs directly to the frontlines in the field, instead of concentrating solely on separate training programs. This has been my dream for a long time, and we are finally coordinated.

... We will set 21-day goals and reconvene to assess and refine our next 21-day conditions. This accelerated approach echoes the early days of the church when True Parents met with state leaders each month to advance the providence.

Cosmic Blessing Campaign

The goal of the Cosmic Blessing Campaign is to have 1,000 couples attend the 2025 Blessing Ceremony with True Mother in Korea. We have built and trained a team of almost 400 blessing supporters who have already reached out one-on-one to 3,214 young candidates.

We have identified over 770 youth who are seriously considering the Blessing and/or actively seeking a match. Currently, 115 of these candidates are already matched, and we are working diligently to support all of them, which requires significant time, prayer, and communication.

Dearest True Mother, we have many more stories and testimonies to share soon. I am sending you this update in the meantime.

We love you, miss you, and truly cherish you

On behalf of all American leaders and members,

Demian Dunkley
