Lesson 7 - Part 10 - Challenges For True Parents

The Only Begotten Daughter's Role in Protecting Heaven's Providence

So, in the last presentation we talked about Heaven's Role in Protecting Mother, but it would come to pass that Mother had great Work ahead of Her in order to Protect Heaven Now and protect Heaven's Providence.

Let's look at the Mission of True Father at that time.

Mother said:

True Father was Born in 1920 (into a Confucian family. His family converted to Christianity in 1930 and then) His Mission that was bestowed on Him [on Easter morning] at age 15.

So, what was His Mission. Look at this. You've got Jesus 2,000 years ago, the Resurrection, Christianity for 2,000 years, Sun Myung Moon Born 1920 into a Confucian family, the family converts around this age (1930), and then a little bit more on Easter morning, He meets Jesus.

He would from this point need to perfect Himself to become a True Son on the Foundation of Jesus' Inheritance.

Meanwhile, on the other side you have True Mother Born on a Christian Foundation in 1943. And we've just discussed all what happened here (Her growing up)

And so this is happening at different times, (beginning for Father) 1920 and for Mother 1943.

So, let's look at the Mission of Father in particular, okay?

Mother says:

He was to achieve what Jesus wanted to achieve while on earth. That was the path of the Second Advent.

(So, remember, Jesus, Resurrection, Working Together with the Holy Spirit as the Spiritual True Parents.

Finally after 2,000 years a Foundation was set. A Christian nation was formed on the Korean Peninsula. A people were prepared. And in 1935, Jesus met with Father, the young Sun Myung Moon, asking 'Please help me fulfill my mission.'

So, what was that Mission?

What was that?

Mother says:

"The Purpose of Jesus' Return was to conduct the Marriage Supper of the Lamb."

What was that?

Let's look at the Word of True Father here. what was He saying at that time? some of Father's Words:

"Ladies and gentlemen, consider this: What would have happened if Jesus, the Only Begotten Son, had come to this earth and not died?

True Father - 1959

Since Jesus was said to be the Only Begotten Son, God would have sent an Only Begotten Daughter before Him.

(This is all in 1959, and this is just months before the Holy Wedding, in fact.)

Father said:

"Ecclesiastes 7:28 states, 'Though I have searched with My Heart, I have not found. I found One Man among a thousand, but not One Woman among them.'

The 2,000-year history of God is a history of Seeking a Bride. It is a history of Finding a Bride. Can you den that? It is a history of Finding A Bride."

(7-303, 1959. 10.11, Korea former HQ Church)

Now, commonly it's thought in Christianity that the Bride that God is Seeking, the Bride that Jesus is Seeking in the Last Days is the Body of the Church, or the Faithful among the Church.

But, in fact, those of you who understand the Essence of God's Nature, and the whole story behind Adam and Eve and the Whole Purpose behind that, the Desire of God to Live Through A Substantial True Parents Both Male and Female on the earth, you know that it's not just a Hero Messiah that we're Looking For.

However great that Messiah may be, we're actually looking for something much more. We're looking for the Original Ideal. We're looking for True Parents. And you need Both a Man and a Woman. You need Both A Bridegroom and A Bride, a Husband and a Wife.

So, the meaning of this quote:

"The 2,000-year history of God is a history of Seeking a Bride. It is a history of Finding a Bride. Can you den that? It is a history of Finding A Bride."

It's really about this One Woman that God is Longing To Find.

'I found One Man among a thousand, but not One Woman among them.'

It can be said very simply that the meaning of Father's Words is to say that the 2,000-year history of Christianity is the preparation to find Jesus' Bride, God's Only Begotten Daughter.

That is to say that the entire Purpose of Christianity is to find God's Daughter.

Can you fathom how massive a Statement that is? Do you understand?

We have the 2,000 years, and finally Jesus (This is a picture of him as a child, not a real picture of course) He finds someone he can work through. And the purpose of this Man is to fulfill this Man's Mission, which is to find Her. And here She is. The Purpose of all of this 2,000-year history is to find God's Daughter. Isn't that incredible? Incredible.

Okay, Question: If Jesus' goal was to find God's Only Begotten Daughter, what was primary Mission of the Second Coming?

His primary Mission was to Find God's Daughter.

So, those of you who have studied and researched the Life of Father Moon, you'll know. This Man is incredible. And He from a young age took on this Mission at the risk of His Life, quite frankly. And He started to Preach also at the risk of His Life, a New Teaching and a New Truth.

(He was) gathering from here and there, in dialogue with spirit world, with copious study of the Bible in multiple languages. This Man was incredible. And from His young and early years, He sought out to fulfill the Mission that Jesus gave Him.

But remember, what did I tell you earlier? There may have been things (and this is Demian Dunkley's opinion) but there may have been things that Jesus could not exactly explain to Father explicitly, and that would be Father's Responsibility to discover, Father's Responsibility to understand.

And you just heard Father mentioning these quotes from the Bible and these ideas that surely God would be seeking for 2,000 years a Bride. Where's the Bride. "Even I found One Man among them ... I have not found One Woman among them"

This is Gods Longing Heart to Find God's Daughter. Father knew this in some sense and spoke more than once about God's Daughter and the Centrality of the Role of God's Daughter.

And so here when we understand Jesus' Goal. If the Goal of Jesus was to Find God's Daughter, then the primary Goal of the Second Coming was to Find God's Daughter. To do the Central thing that we stopped Jesus from doing 2,000 years ago.

This is it! The 2,000-year history of Christianity is preparation to find God's Only Begotten Daughter.

We are in that time, and it is our responsibility to receive it, right?

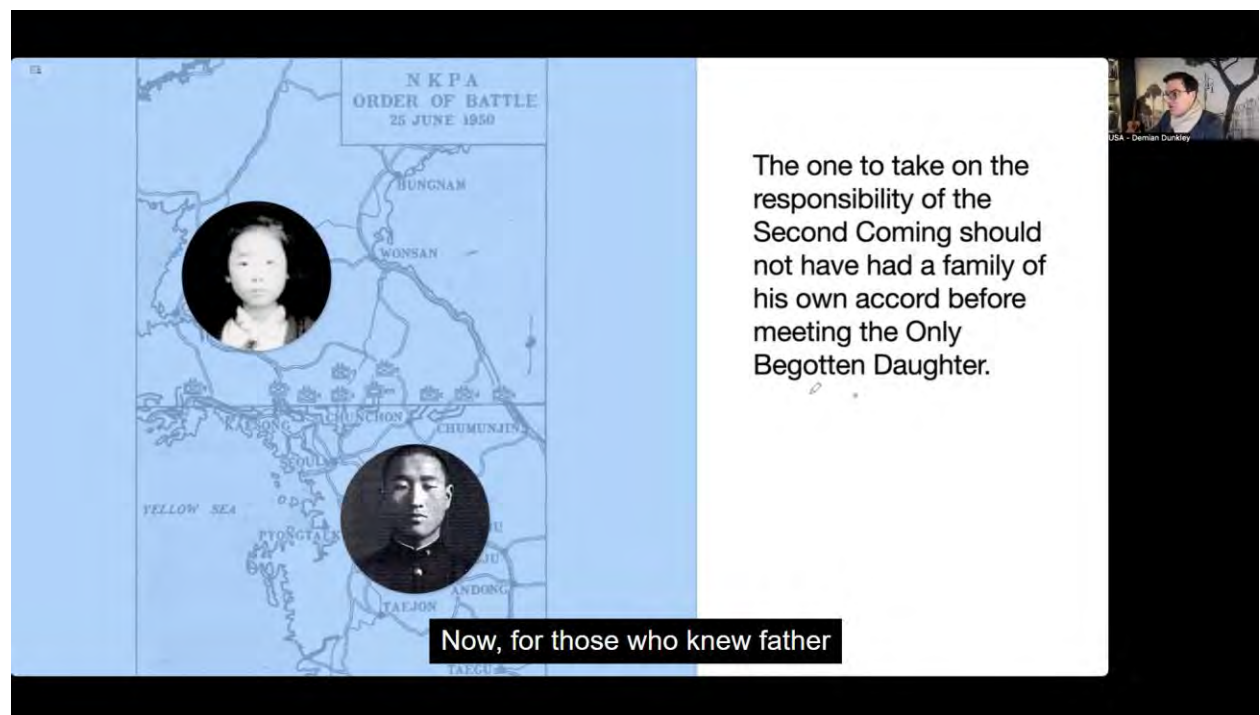

So, what does Mother think about this, because She's known this for decades. And even Father knew it and Spoke of it, but it wasn't emphasized. And so now Mother is forced to (be the One to) reveal it.

After Foundation Day and proclaiming the Only Begotten Daughter, for the last several years, Mother has been unfolding the Pearls hidden deep within Her Heart that somehow She was prevented from sharing, or rather that we were prevented from hearing and understanding until this time.

But now finally, True Mother reveals Her Thoughts about this. And in particular Her Thoughts and Her Revelation about Father's Responsibility. And this needs to be received with prayer and I'll get to some more comments on this later, but Mother has a very, very important and deep reason for why She is conveying this. And these are Words that She has conveyed in Her public Messages.

And She said this:

The One to take on the Responsibility of the Second Coming should not have had a family of His own accord before meeting the Only Begotten Daughter.

Now, for those Who knew Father and served with Father for many years, it may be difficult to hear that. But Mother is very clear here.

The One to take on the Responsibility of the Second Coming ...

(The Second Coming's Responsibility was to Find God's Daughter, was it not? That means God's Daughter is the Central Person. She's not Someone to be selected from among a crowd. She is a

Purposeful Daughter of God. Therefore, the Person Responsible for finding Her should not have had a family before finding Her.

should not have had a family of His own accord before meeting the Only Begotten Daughter.

Unfortunately, it seems that this was one of the major missing pieces in the early ministry of Rev. Moon. And He was doing amazing things, but what Mother is revealing now is that there was 1 degree of emphasis that was misemphasized, let say.

She goes on:

(The One to take on the Responsibility of the Second Coming should not have had a family of His own accord before meeting the Only Begotten Daughter.)

This took place in South Korea, but Heaven told True Father to go to North Korea. So many members know the story of Father sacrificing everything at the drop of a hat following God's Call to go to North Korea. But what Mother is asking us to understand here is why.

Why would Father be sent to North Korea. Why would Heaven do that?

He went on the brink of death; (In other words, what Mother is saying here is that to go to North Korea at that time, as a South Korean, as a Man, as a South Korean Christian Preacher ... Are you kidding me... The worse place to be sent to would be North Korea. It's a death sentence. But nonetheless) however, He went to the North with an Attitude of Absolute Obedience ...

He obeyed God's Command and went to the North, risking His Life.

So, what was going on here was that Father tried to settle, He tried to settle a family. But He was not supposed to do that prior to Meeting The Only Begotten Daughter.

And you can argue that all you like, but the Person Who Knows Father More than any Person in human history is Mother, Who is proclaiming this very, very clearly.

And right after this is happening in the South, He is sent to the North.

And Mother is bringing this out for a reason. But She is also pointing out that He went on the brink of death with great faith, and She Honors the fact that He risked everything to do so.

In the end, while witnessing in the North, True Father ended up in Hungnam Prison, and eventually He went South thanks to the UN forces ...

And eventually He went South thanks to the UN forces, so the UN forces were also liberating True Father. He risked His Life. He went to prison. But He was liberated by God back to the South. Amazing.

And there He wrote the Original Version of The Divine Principle in Busan, and the Holy Spirit Association for the Unification of World Christianity was eventually Founded.

So, Mother wants us to really understand what Father's Mission was and what the Course was that Father Needed to Accomplish at this time.

Until now, we've only understood from His Word, and it was constantly a series of revealing Truth and being misunderstood and mistreated and having to pay indemnity for other people's mistakes.

But actually, Mother's revealing a deeper Cause. Nonetheless, after all this price was paid, He went back to the South, revealed the truth, the Wolli Won Bon was created, and He was able to continue with the Mission.

And this is the beginning for the Holy Spirit Association for the Unification of World Christianity.

This was the situation of True Father, Who received His Holy Wedding Date as March 16, 1960.

[But] It was not up to Him to choose His Bride.

Even just days before the Holy Wedding, still no One was chosen.

Okay, so, check it out, Father was given a Date to Conduct The Holy Wedding. We know that Father already had a couple of marriages before this, and thought that may not seem strange to a general audience, what Mother is saying is that His Mission was to fulfill that which Jesus couldn't accomplish, and that was starting with finding God's Daughter. So, (for that Providence) you don't marry someone else

along the way to that.

And also, what Father is saying is that He received a Date for The Holy Wedding. But there's no mention of Father saying that He received that Date before then. That would seem that the previous marriages occurred on dates that were not declared by Heaven.

And that also means that those other weddings weren't what you would call a 'Holy Wedding'. So, it doesn't add up for those who presume or wish to think the first wife could have somehow fulfilled the role of God's Only Begotten Daughter. It doesn't make sense on many levels. And Mother's revealing why.

First of all she wasn't the OBD. The OBD is not a restoration figure. She's not someone that is raised by the Male Messiah, or Lord of the Second Advent. She is in Her Own Right Born Pure And True As God's Daughter.

Also, the first wife was not God's Daughter and the first wedding, the second wedding, there was no mention of it being a Holy Wedding. They weren't Holy Weddings. It wasn't expressed as the Marriage Supper of The Lamb and there was no Holy Date given to Father for those weddings.

It was simply following the natural practice of the time. According to the natural practice of the time, there was absolutely nothing wrong with Father marrying. He needs a wife. He needs to form a family.

But it wasn't God's Will. It wasn't God's Primary Will that He do so before Finding the Only Begotten Daughter. And Jesus wasn't able to really explain it to Him, because it was Father's Responsibility to figure out.

Remember also, just a few slides ago, Mother saying, 'It was Father's Responsibility to Declare Who Mother Is.'

If it was True Father's Responsibility to Declare Who Mother Is, that means it was also Father's Responsibility to understand and to know Who Mother Was. So, that is what Mother is trying to get at here.

So, just days before the Holy Wedding, there was still no one chosen. At this time, Father was not just looking whimsically or by chance, or because an auntie suggested so, a spouse for Him or something like this. Father was deeply serious, serious, serious. He had Received A Date. He knew that He had to find the correct Person to Be His Bride.

He knew that this Person was extremely important and He wouldn't be able to choose according to His own Desire or thinking. So, now He understood that and He was desperately looking for the signs that would lead to Heaven's Will.

And this is what Mother explains. She says,

I was a student at the time and I was in the dormitory, but a woman I knew came by and told Me to come out because My mother was in critical condition. 'Hak Ja, Hak Ja, Come, Come, You're mother is sick. Come out quickly.' So, She came out immediately. But She found that Her mother was not in critical condition, but She did find that Father was.

They called Him at the time, 'Teacher'. The Rev. Moon, the Rev. Sun Myung Moon, at the time was in a critical condition.

Mother says:

"It as a situation where the Day of the Wedding Feast was set but there was no Bride."

So, Father had a Date, and that Date was coming like a train engine, but there was still no Bride. And Father was becoming desperate.

And I think the deeper meaning behind the Words that Mother is sharing here is that it wasn't just ... that wasn't the only thing that Father was struggling with.

Mother could also understand that the Environment of the Providence had already suffered several blows, and that Father needed help.

Mother says:

"When I looked at the situation, I had been in a relationship with Heaven for 17 years, and the circumstances of Heavenly Parent that I knew could not extend the Providence any longer, so Heaven asked Me for help ..."

This is our Beloved Mother, Holy Mother Han, True Mother, The Mother of Peace, this is Her Subjective Declaration. This is Her Subjective Declaration of Her Experience of what God revealed to Her from a very, very young age.

She says,

"I knew I could not extend the Providence any longer.

The Heavenly Parent that I knew, asked Me for help. So I decided ... It won't work without Me, and I had to help Heavenly Parent. I knew I had to step in to fulfill the Dream of Providence, so I said I would do it.

But think about it, I was only 17 and my Partner was 40. That's not easy, right?"

Nonetheless, our Beloved Mother determined to save the Providence. This is really quite, quite incredible ... quite incredible ...

Do what were those challenges that True Parents were facing? Certainly the Foundation for the Lord of the Second Advent to Emerge and for the God's Only Begotten Daughter to Emerge. That was set.

And there's all this war and confusion going on, and Heaven is doing everything to protect Mother and Father. But Father was already married two times, and those marriages didn't come to much in the end, but it did create an Environment that was already touched. That Environment was supposed to be untouched and prepared for Mother, to meet Mother.

So, whatever ramifications, whatever results that were happening because of Father's Preparation Course to that time, Mother is now stepping into that situation. Father's running out of time. He's got some complications.

And Mother as a young, pure 17-year old Girl, Who is only 17 but already mature enough to understand God as Her Heavenly Parent, understand God as Her Parent, understanding Her role as God's Daughter, understanding Her Role to help Substantiate The Completion of God's Providence, and also understanding Her Role to step in right now despite those difficulties, despite those circumstances, despite all of that, She's stepping in with the determination to do it.

Do you believe Her? Do You understand Her? Just because you've understood it to be one way for all these years, why would you doubt what Mother is saying here, right?

It might be slightly different than what you've understood in the past. I get it, but we're talking about True Mother here. This Person. I don't know any other Person like that. I would not dare to claim to understand more than Mother. That's ridiculous.

So, what Mother is revealing here in a very subtle way is that, even though Father must have understood to some degree. The 2,000-year period is the preparation to find God's Daughter. Father also understood that God was looking for a Daughter. Father understood that it would be about a marriage. Father understood that it would be about a family. He understood almost everything, but He didn't know Who

God's Daughter was.

This Man Who was taking over the entire burden of humankind to restore that which was lost 6,000 years ago, had to complete that which even Jesus was stopped from completing ... It's incredible ... But this was not an easy situation.

And yet we have Mother Born and mature enough to take on the Responsibility to Embrace Father and to Conduct The Marriage Supper of The Lamb.

Part 11 - The Marriage Supper Of The Lamb

The Lord of the Second Advent and God's Only Begotten Daughter find one another and conduct The Holy Wedding

Okay, let's dive into Part 11, The Lord of the Second Advent and God's Only Begotten Daughter finding One Another and conducting The Marriage Supper of The Lamb ...

This is a Good News Situation, guys.

Mother says,

"At 10 am on April 11, 1960, solar calendar, we conducted the Holy Wedding. 700 or so members chosen from our churches across Korea gathered at the Chong Pa Dong Church to attend this Splendid Event, long-awaited by our Heavenly Parent.

The Church was overflowing, and those who could not enter the Building filled the ally way beside it. The atmosphere was nonetheless solemn and reverent. The small chapel of the Church was decorated beautifully and meaningfully for the Occasion.

The First Ceremony was held in Western-style Clothing and the Second Ceremony was held in traditional Korea-style Clothing, complete with Robes and Head Dresses.

The Significance of this Joyful Occasion should have been praised and glorified and honored by all nations and people. Yet, it was marred by a distressing incident.

The day before the Ceremony, the Minister of Home Affairs, responding to a Christian Group's Accusations arrested and interrogated Father Moon. He was able to return to His quarters in the Church only after being subjected to humiliating questions until 11 pm.

Yet, under the Grace of God and the Holy Spirit, Father Moon and I and the entire congregation put aside this painful experience as if it had never happened and conducted the Marriage Supper of The Lamb with serene Hearts."

Wow! This is the story of ... just of a brief reflection of that Day when Father and Mother Married, the Marriage Supper of The Lamb. This historical, incredible Event in human history, and yet it should have been praised and honored by all peoples, but instead it was conducted in very humble circumstances and even just the Eve of the Wedding, everything nearly came to an end because of an imprisonment and interrogation of Father Moon.

This is an example of the kind of Environment that Mother was stepping into to take Responsibility for. But nonetheless, They were Victorious.

Mother says:

"[We] conducted the Marriage Supper of the Lamb with Serene Hearts."

... Serene Hearts ... But it shouldn't have been so difficult ...

"The significance and value of this joyful Occasion should have been praised, glorified and honored by all nations and peoples."

Remember ... This is all happening on the Foundation of Christianity. This is all happening on the Foundation of Christianity's 2,000-year preparation in search of God's Only Begotten Daughter.

Yes, we're (Christianity) waiting for the Returning Christ. But to do what? not to dabble about on the clouds far away just for a select few, but to come back on this earth just like Adam did, to come back on this earth just like Jesus did, and to fulfill that which we stopped Jesus from doing.

To find God's Daughter and set the stage for a whole new Lineage, and all to be restored under God's Love and Grace. So surely, if the people who were setting the conditions for Her Birth were aware of Her

Presence, aware of Her Birth and aware of that Ministry at the time, surely there should have been more people at the Wedding, and it shouldn't have been happening in such a humble Place, with humble decorations. Think of it.

Here's a Question: Would it have been so strange to conduct a Holy Wedding centering on the Only Begotten Daughter, as the Center of the Providence?

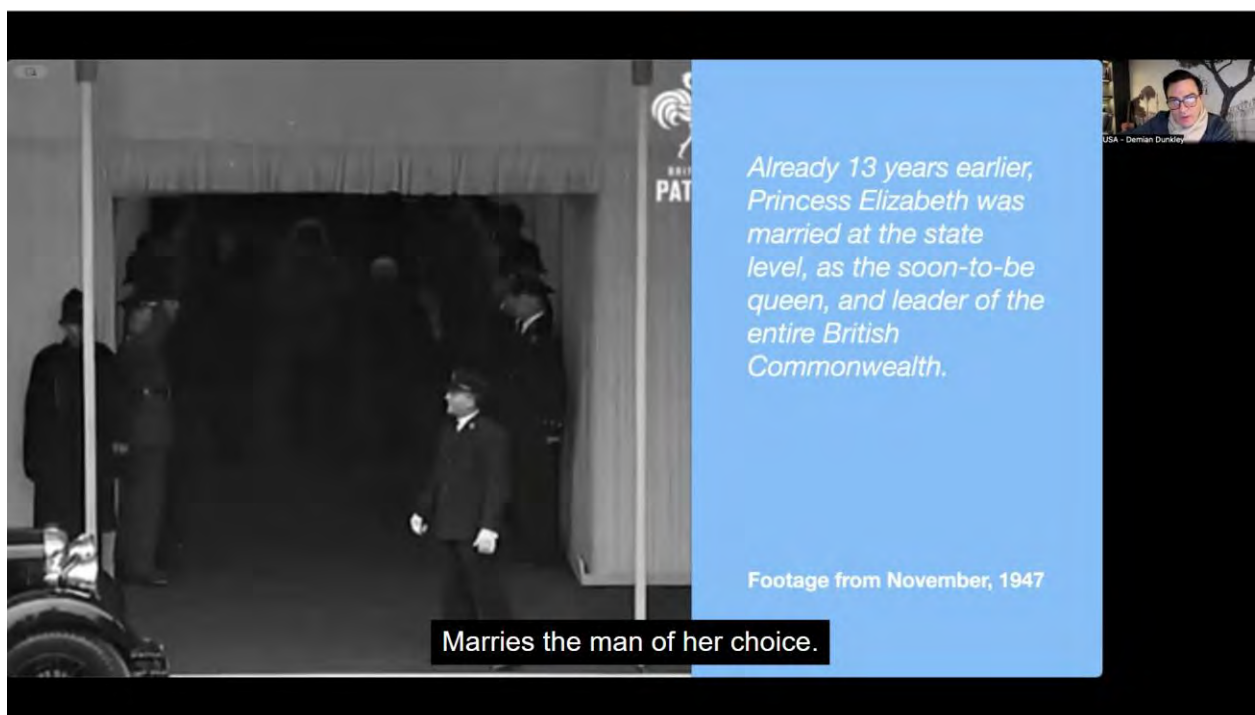

This is another idea ... We all just think of it centering on the Man, it's always centering on the Man, centering on Father, The Messiah, The Lord of The Second Advent ... very Korean ... very Traditional ...

(The concept that) He comes to save the Day, He comes to save everyone, even save a fallen woman from the fallen world, and restore her as a Restored Eve.

No! That's not what Mother is saying. Mother is declaring Her True Value Identity and Role.

And I just want you to think for a moment, 1960, it might seem like a long time ago. It might seem prehistoric to many of you watching. And it might seem very unusual for a Wedding to take place centering on the Woman.

So, what I'm saying is, if Mother was the Only Begotten Daughter, at that time of the Holy Wedding, She should have been understood to be The Culmination of Christian history and the Culmination of God's Providence. Everyone would have wanted to see Her, touch Her, be close to Her. Would that have been so strange?

I want to draw your attention to an incredible Wedding that took place 13 or 14 years prior to this Holy Wedding in Korea. This is original footage from November, 1947 of the Wedding of Queen Elizabeth ... The Princess **marries the man of her choice**. ..The Setting is Westminster Abbey ... members of royal houses ... history is in the making ... 3 miles away the Duke ... for any girl the day is the day of her life ... now entering a widening field of public duty and responsibility ... and now the solemn service begins ... In this moment charged with great meaning, the people of Britain and the Commonwealth join (big choirs singing) ... they listened and remembered ... in towns and villages ... in shops, in streets, in homes ... for Elizabeth's destiny is great, so great that even the solemn splendor of this great moment could not altogether overshadow it. ... She, who may one day rule of Britain and the Empire, shares this heritage with her husband. ...

For this hour, Elizabeth is not only a Queen to be but a bride... and now they are man and wife ... the princess had been in the Abbey for nearly an hour.. the pageantry showed that this was no ordinary wedding but that of a King's daughter ... following the bridal procession came the bride's father and mother, and behind them five kings, five queens and eight princes and princesses ... outside the Abbey, the great crowd waited eagerly and a roar of excitement as the princess aided by her husband appeared and stepped into the coach for the drive back to the Palace ... the joy of Princess and people was not complete ... For both the day had been an ordeal, frightening in its intensity yet unforgettable in its splendor. And now the tension was lifting ... For the people who had come from afar, the wedding was a family wedding for the entire British people. ... The Crown was serving to remind of the common humanity that unites us all ...

huge event ... and what I wanted to convey with that bit of footage was that I feel it was like a parallel, a foreshadowing because the royal line in the English Royal Family was held by Princess Elizabeth. She was heir to the throne and she married a man of her choice and she made the decision to do so, and by nature of that, he inherited an equal status, although by British Monarchal Rule, he would rule as regent not as king, and nonetheless, it sets up that kind of parallel of understanding.

It is interesting to see which side they stand on in the photograph. So that photograph on the left was in 1947, the wedding attended by millions around the world and attending in person by kings and queens, people at the state level.

And it's not just the level of attendance and the level of royalty that was given there, that's a Christian nation on a Christian Foundation, honoring the centrality of this princesses role, the narrator describing her 'with all the pageantry of a king's daughter' of a king's daughter, right? of God's daughter ... I just feel that there's so much parallel in this and what could have been the Holy Wedding of True Parents.

You see (True Parents) in very humble circumstances. 1960 was a great victory, a great breakthrough. It was the Holy Wedding, the Day that was prophesied, The Holy Wedding, the Marriage Supper of The Lamb ...

But we have to ask the question, 'Wouldn't it have been possible for Adam and Eve to do better? Wouldn't it have been possible for the people around Jesus to support him better, wouldn't it have been possible for True Parents to have been Married on a better Foundation?

I think it wasn't for lack of Heaven's preparation but many times for lack of human understanding and human error ... But I really want to draw your attention to the parallels between these two scenes ...

And this is a 13 or 14-year gap between them ... It's amazing, right? So, if you were wondering what would have been possible in 1960, I imagine, had the Foundation of Christianity really understood what was going on and helped Mother and received Mother at that time, then perhaps the Bishops of the day would have been arguing over whose Cathedral we would use to Wed Father and Mother at the Marriage Supper of the Lamb. Don't you think so?

And I'm sure some of those elder Christian leaders would have had some say even in how to conduct the Wedding and the pageantry and all this ... but, in fact, everything was really articulated by Father, as the Lord of the Second Advent on already somewhat of a rocky foundation where even the night, the eve of the Wedding, He was being interrogated by police.

Do you know why? Because members, ex-members of the Church who had left at the time went out to rat on the local Christian groups and rally around to give Father a hard time. Why was Father receiving such a hard time? We've been introduced to Father from the viewpoint of the Lord of the 2nd Advent Who is taking on all the burdens of humanity and paying this price for all of our failures and all of it is indemnity.

But just like Adam and Eve were born at a time when victory was possible without indemnity, Jesus and the Only Begotten Daughter of their time should have been able to be Born on a Foundation that They could reach Victory without Indemnity.

So why so much indemnity prior to the Holy Wedding. Mother wants you to pray and understand this. And just because we didn't understand it ourselves, does that mean that Mother is incorrect. No, not at all. Mother is spot on.

And Mother knew Who She was even before Her own mother knew, or knew more deeply Who She was more than Her mother knew, more than Her grandmother knew, and even more than Father knew.

So, why don't we take a look at Mother's short Prayer on that Day of the Holy Wedding.

She's 17 years old and She's going through all the processes of the Wedding as guided by Father, surrounded by hundreds of members. Let's listen to Her prayer.

She said:

Nothing can fully describe God's Heart now. To this one Place which encompasses the entire six-thousand-year Providence, You have sent Your Daughter; I feel indescribably awed in front of Your Call as You found and Established Me to realize Your Will.

I pledge to become one with everyone here in all aspects of deep Heart until the day Your Will Is Achieved.

True Mother's Prayer
April 11, 1960

Now, I've got to tell you, the Mother that you know today, She's Embracing, She's Soft, She's Loving, She's Forgiving, She's Patient, But Oh my God is She strong! And you can see it in Her Eyes right here at 17. This is a strong Woman. She Knew exactly what She was doing. She Knew exactly Who She Was. And it's all here in this two-paragraph Prayer.

Nothing can fully describe God's heart now. To this one place which encompasses the entire six thousand year providence, you have sent your daughter; I feel indescribably awed in front of your call as you found and established me to realize your will.

I pledge to become one with everyone here in all aspects of deep heart until the day your will is achieved.

True Mother's Prayer April 11, 1960

to this one place which encompasses the entire

"Nothing can fully describe God's Heart now. **To this one Place which encompasses the entire six-thousand-year Providence ...**"

(The 6,000 years of the Providence, right here ... the entire 6,000 years of the Providence culminated right here at the Holy Marriage, at the Holy Wedding. She knew that. She knew that this was the end and beginning point of new history. She knew that.

And She said:

In this Place that encompasses the entire 6,000 years of the Providence, You have sent Your Daughter ... You have sent Your Daughter ... not!

Father has found Me as a candidate to be His Wife ...

She did not say, as many members have prayed in the past, 'Dear God, even I am unworthy, how honored I am to be chosen for this time to be the Wife of the Messiah ... ' Don't you think any other woman of the day might have prayed in that kind of way?

Can you imagine how many other women were jealous? They would have been jealous of Whomever took that Role. But I promise you, you will not have heard such a prayer from any other woman.

What is unique about this prayer, and why did we not pray on this a long time ago?

'Nothing can fully describe God's Heart now. To this one Place which encompassed the entire 6,000-year Providence. '

We are now at the conclusion of the Providence, to this one humble little Place, where You have sent Your Daughter, You have sent ...

That means 'I come from You. I am Your Daughter.' Before I'm His Wife or anybody's candidate Spouse, I am Your Daughter Sent By You. The One and the One and Only. And yet the humility ...

'I feel indescribably awed in front of Your Call '

She knows it's God's Call ...

'as You found and established Me to realize Your Will....

'as You found and established Me to realize Your Will ... ' Think about it. Even Father knew that the Holy Wedding was set. Even Father knew that all the signs and miracles needed to take place in a way that He

could be confident that the One He was Marrying finally was the Real One.

And if that was the case, then She was the Real One all along, not just because the other marriages failed, but She was from Birth the One set to Be ... And now at 17, She says,

'I pledge to become one with everyone here in all aspects of deep Heart until the day Your Will Is Achieved.'

This means that Mother is saying, 'I understand the Providence. right? I understand the Providence. I understand Who You Are and Who I Am In Relationship to You. I'm humbled to You as Your Daughter. I'm grateful that You established Me to realize Your Will. .. That means I know My Responsibility.

And not only all this, but 'I pledge to become one with everyone here in all aspects of deep Heart until the day Your Will is Achieved' Mother knows ... Actually, I can tell you, Mother knows in this environment that it's not going to be easy for Her. It's already difficult. There's already a precedent set for more problems to occur.

It's not going to be easy. It's going to be difficult. And yet She knows She needs to be making that pledge to be the Person Who embraces everyone, and therefore will embrace every challenge on the road ahead, not because She has indemnity to pay, not because She has problems and sins in the past, not because She is Born of some lineage that needs to be restored ... All of those conditions were already met prior to Her Birth ...

All of Heaven's Responsibilities were met and all of Her responsibilities were met. She showed up ready to go, but She was now standing on a Foundation without the support of Christianity, with Her own Fiancé the night before being held by police for a string of complicated reasons, all to do with what was lacking in preparation for this Day.

But this is the One Who stepped in to pay the Price, not for Herself.

She says this:

"I knew I had to step in to fulfill The Dream of Providence, so I said I would do it."

And on that Day, True Parents were Born. And from that Foundation, many Blessed Families have been born around the world.

But little did we know, that like that wedding 13 years before, in London, England, with the Princess Elizabeth really being the central figure of that line at that generational development of the British Monarchy, it's such a parallel story that exemplifies that such a Wedding would have been possible ...

Perhaps in 1960, we could have even recorded it in color, who knows ... but it would have been a Wedding in many ways that would have been similar to the wedding of Princess Elizabeth ... but greater ... And that's what Mother deserved ...

And yet here She was standing in a very humble home, with decorations on the wall that seemed to be prepared from bed sheets and linens. And the crowns that They wore were made of paper mâché and somebody put so much heart in the preparations of the flowers and the offering table ...

And yes, it's Glory, it was a beautiful Day, I get it guys, it was a beautiful, victorious Day, but we have to ask ourselves, 'Could it have been more?'

You know it reminds me of my wife's reaction, when she came from Japan, when my wife moved from Japan to America in her youth, and she saw the nativity scenes outside the homes of American families, Christian families.

Beautiful Christian families celebrating Jesus, not just the presents and all the Christmassy stuff, but also taking the time to lay out the nativity scene of Jesus' Birth on their front lawn beautifully displayed for all to see and to remember that the centrality of Christmas is not the tree but Jesus' Birth.

But what my wife always felt was, Jesus, baby Jesus lying in that cradle naked, looked cold and at night she'd walk by and feel this strange feeling ... Why doesn't somebody put a blanket on baby Jesus? It's just a toy, a piece of art, a display, but my wife's heart towards it was ... even so, the image of Jesus should be cared for and respected and loved and he looks cold... Somebody please let's put a blanket on this little baby Jesus everywhere out at night under the stars in the cold.

Maybe in some ways very similar, 2,000 years ago, baby Jesus, Yes it was a Victory, just like the Holy Wedding was a Victory. But we have made the manger scene, as if it were all meant to be. Is that true? Was it really meant to be? Why was there not room at the Inn? Why was there no better preparation?

Why King Herod coming to create such conflict and confusion? Why did they have to be on the run? Why was there no support? Why did the Inn keeper only give them the stable? And why are we making it out like it was a good thing?

Have you ever slept in a stable. Aside from the fact that it would be cold, have you ever heard the sound of animal urine hitting a stone slab? It's loud. It will wake you up from a deep sleep. And you can imagine the steam and the splatter bouncing off, steaming off the stone ... animals farting and pooping in the manger, which can't be clean and can't be getting cleaner over the course of labor and birth of Jesus (The) Christ, the Son of God, God's Song, The Son of Adam, Coming to restore that which Adam failed to do, born in a manger?

Jesus Christ born in a manger? I get it, but what I'm asking you all to realize is we tend to make poetry out of these things of the past as if those things were meant to be. But actually, it didn't need to be that way.

And it's the same for True Parents at the Holy Wedding. It didn't need to be so humble. It didn't need to be Father in the prison, with the police the night before. We make it out to be so beautiful, but it didn't need to be that way. It wasn't supposed to be that way. And Mother's really explaining why.

If we deny the truth that Mother's revealing in this era, then none of these things make sense. But actually Mother's Revelations make total sense.

So, **in the next session we're going to get onto True Parents' work.** But as it happened, True Parents set out on a Course that doesn't get any easier, right? The Wedding happened, in some sense, in a wilderness situation. And the early years of the Church continued in that way.

The Lord of the Second Advent and God's Only Begotten Daughter set out against all odds to create a worldwide Foundation, when it seemed that so many were working against Them. And yet what an incredible thing They did.

So, we're going to get to that next. In the meantime, please pray about everything that we've heard so far. And see you in the next one. Ciao
