### **Part 18: Special Overview**

**God's Dream and Creation**

**The Fall and Restoration**

**Jesus' Mission and the Loss of the Only Begotten Daughter**

Okay, I want to just go through this map with you as an overview, which could almost just be shown like this in its entirety. This is just my work to put in a visual format on one slide, Mother's Speech.

And really it is the majority of Mother's Speeches in recent years follow this pattern. So this is actually the entirety of everything we've been through or we go through in the full set of presentations.

And I'm going to just scribble on the board here as if this is a white board to go through it in quick review.

So, it all starts here with God, Who has a Dream of Becoming a True Parent. Because God is a Spiritual Being, His Dream Is To Become A Spiritual And Substantial True Parent, not just a Spiritual Parent.

So, His Dream is to Give Birth to Humanity Through His Substantial Children, right? In order to Give Birth to Humanity, Humanity Needs An Environment To Live. And that is why God Makes Creation. The very Purpose of Creation Is To Give Birth to Humanity So That God Can Experience Joy Through Spiritual And Substantial Engagement, Relationship With Humanity.

So, in order to make Creation, God Creates everything with the Principles of Creation. And these can be seen in everything around us. So, through the Principles of Creation, Creation is Made For the Purpose of Giving Birth to Humanity so that God Can Fulfill His Dream of Being the True Parents of Humanity.

So, this is what we see play out here, and everything happens over a period of time, a period of growth, right? So, this is the idea, the blueprint, that God would Give Birth to a Son and a Daughter, right?

They are now not just spiritual beings like angels, They are Spiritual and Physical Beings. And through a progression of time, They would Mature to become a True Son and a True Daughter by making Godly choices. And their character would Resemble God, not just physically, Their shape of Male and Female together, but Their Characteristics, the Quality of Their Heart, Their Character, Their Spirit, right?

So, arriving at this point, They would be Able to Join in Marriage and Become True Parents. So the True

Son would Become the True Father and the True Daughter would Become the True Mother. And Their Purpose would now Resemble God, not just Their Character, but Their Purpose. Because They are now in a position to multiply Life like God has Done.

They are now standing in some sense you can say, as Substantial God. This is human being's destiny, to be a substantial Son and Daughter of God, and the Vehicle through which God Can Give Birth to Humanity Substantially and Relate with Humanity Substantially.

All of this in this yellow bubble, you can say is God's Dream and Blueprint for Humanity. Then the story starts right here. Adam and Eve are born, they're set up in an environment according to the Original Plan, they're set in an environment to be able to grow, to Become True Son and Daughter, to Become True Parents. But we know that didn't happen.

Somewhere along the way, They fell away. They engaged in their matrimonial relationship prior to arriving at this level of maturity. They did not invite God to be a part of their parenthood. So, they fell from a state of not yet Resembling God's Character.

This is the problem, they didn't really arrive at the point of resembling God's Character, but they started the lineage of humanity from that state, okay? And as spiritual and physical beings, they fell into this realm.

But They were Born into the Original Garden. The Foundation for True Parents existed at that time. There was a possibility for Them to achieve this. It wasn't necessary for Them to fall. It wasn't necessary for Them to go down into this realm.

There was a possibility for Them to be victorious without indemnity, without paying any price. It was Their choice. It was Their ungodly choice that led Them to this realm, unfortunately. This is what we can call 'the fallen realm'. So they are still physically alive, but spiritually, you can say spiritually dead, right?

They were in a Relationship Originally where They could Walk and Talk with God, but that sense became dumb and numb. Over a short amount of time, they lost the ability to really be resonant with the spirit world, because they denied God's Commandment.

They denied God's Heart. They thought They could do something against God's Will and it didn't really matter. Well, guess what ... It really, really did. And it broke God's Heart.

So They became false parents. Adam and Eve gave birth to a family and a people, and ultimately a humanity that had no full relationship with God as they should have done.

Nonetheless, God's Beginning and End must be the same, like Mother said. God Wants to bring about this Dream without fail. So, God finally found from among these people, from among these people God found a lineage He could work with.

So, although the fall took place, we entered into a period of restoration through indemnity in the Old Testament Era, right? So, this is the Providence of Salvation through Indemnity, right?

God found a lineage He could work with, through the Foundation of Abel and the lineage of Seth, Noah was born, and then we have Abraham, Isaac and Jacob. And finally a tribe and a nation of Israel is born. And all of the internal and external Foundations are set.

A second Foundation for True Parents is now set. And this is at the time of the expansion of the Roman Empire and the nation of Israel. And finally Jesus is Born.

And the Purpose here is for Jesus to grow to maturity, but also to find God's Only Begotten Daughter. Nonetheless, because of the failure of those closest to Jesus and the people of Israel at that time, that way became cumbersome throughout the youth of Jesus Life.

But Still, Jesus was able to stand as a True Son. Adam didn't do that, but Jesus, for the first time in human history, an Only Begotten Son was Born and emerged as Mature. And it was this that allowed God to be introduced to the world as our Parent, as our Heavenly Father. Not yet Heavenly Mother, but Heavenly Father.

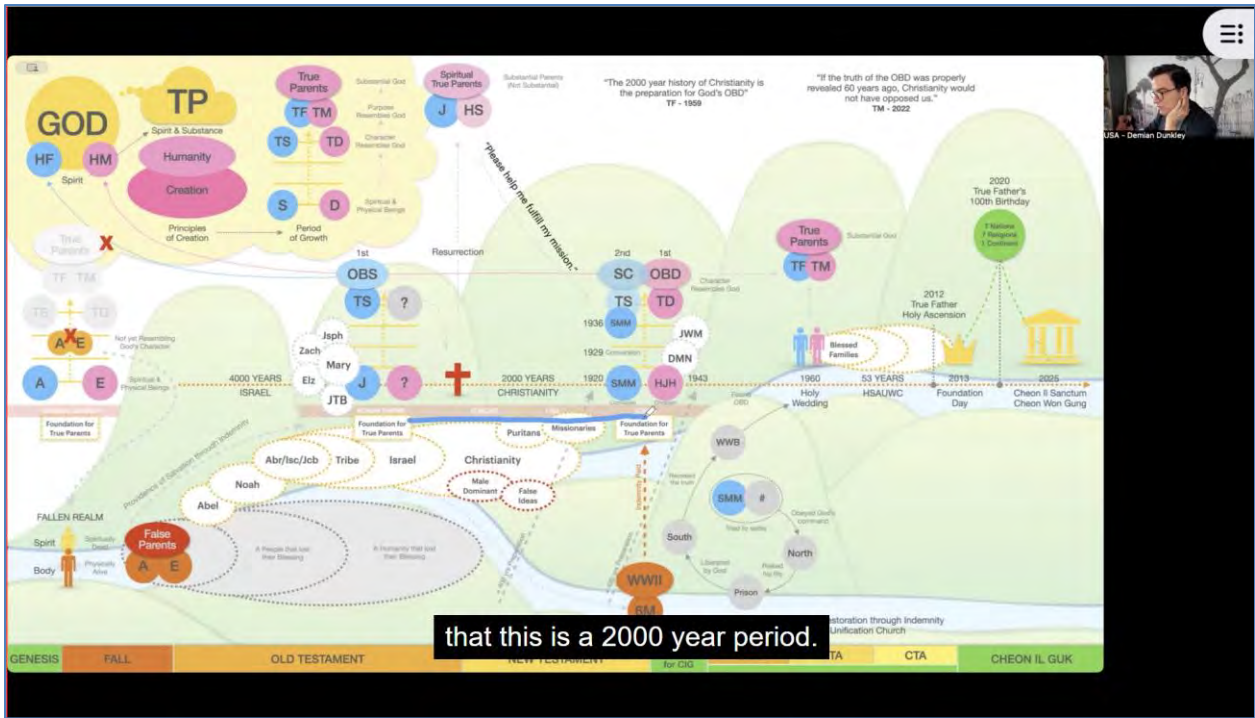

Nonetheless, due to the faithlessness of the people around Jesus, the Foundation for the Only Begotten Daughter to be Born and emerge was lost. We don't know what happened to it. All we know is that the Foundation was eroded because of the faithlessness around Jesus.

However, through the incredible Victory of Jesus offering His Life in exchange for our sins, AND the Resurrection AND the Work of Jesus and The Holy Spirit. The Holy Spirit set up as the Spiritual True

Parents, not the Substantial but Spiritual True Parents, the course of Christianity unfolded, right?

Christianity developed over time and ultimately led to the Puritan Movement, right? So, from the Roman Empire it then the Providence led to Europe and then finally to the USA. And it was the missionaries from USA that expanded the Foundation of Christianity in Korea.

This is the Providential, Central throughput of Christianity to Korea. Still, because we lost the Only Begotten Daughter at that time, our understanding even of Jesus was somewhat skewed. Our understanding of Jesus' Mission was skewed. Our understanding of Jesus' Truth and Christian Providence was skewed. It was male-dominant, Mother says. And this produced false ideas, Mother clarified.

So, this created this created some problems within the Foundation of Christianity. But coming back to the timeline here, we can see **that this is a 2,000-year period** and there's a parallel of preparation here from Luther in 1517, which is 400 years of preparation before the Birth of Sun Myung Moon in 1920.

And also, Calvin substantiated the Protestant Reformation in 1543, which was 400 years prior to Mother's Birth in 1943. The parallel Mother is drawing here is that Luther really kicked it off, but Calvin substantiated it. So, She's drawing this parallel between Father kicking off the Providence of Substantiation but Mother fulfilling it in this sense.

Mother's drawing those parallels. And there's roughly the same amount of time between Luther and Calvin as there was between Father's Birth and Mother's Birth. So, in 1935 or thereabouts, Sun Myung Moon, the newly converted Christian boy, received from Jesus the Call to a Great Mission.

He (TF) was to become the Inheritor of this Foundation here (The Only Begotten Son), to be The Inheritor of this Foundation to be a True Son, to be the Second Coming of Jesus' So, He was not the First but He was the Second in this sense. And Jesus was a Mission by Birth, and Father was a Mission by Inheritance.

So, Father did not need to repeat everything that Jesus accomplished in some sense, because He could be Born on the Foundation of Jesus' Victory. He was actually Born on the Foundation of Jesus' Victory. And He Inherited Jesus' Qualities And Foundation for that.

But, He had to still observe the Principles of Creation and maintain His Purity and maintain His Sanctity until the establishment of being a True Son. And until He could fulfill His Mission, which was what Jesus asked Him to do, to fulfill His Mission.

What was Jesus asking Him to do? To find the Only Begotten Daughter and Marry Her, The One that was lost back here 2,000 years ago. Finally, She would emerge. And this is what Mother is revealing. Thanks to the work of Heaven and Jo Won Mo and Dae Mo Nim, Mother was Born and protected. And She Herself fulfilled Her Responsibility To Arrive at the point where She could Resemble God's Character.

And all of this was happening with Father Born on a Confucian foundation and Mother on a Christian Foundation. All of this was happening around Their Birth, after the Second World War was coming slowly to an end. And also after the unfortunate massacre of so many Israelites in the Second World War.

You see this flow of human history came out of Israel and should have concluded at this time, but the Foundation was lost and the people of Israel went a painful course. But culminating in this time, ALL INDEMNITY HAD BEEN PAID. The Foundation for True Parents existed. There was no indemnity required for these people to secure the Position of True Parents. And yet greater indemnity happened, right?

So, something happened between this time and the Holy Wedding. What Mother clarifies is that Father at that time should have been preparing the Foundation for everybody to receive the Only Begotten Daughter. But actually what He did was create a family, trying to settle His own family. And this created a problem. Mother is saying that He should have waited to Marry The Only Begotten Daughter in 1960.

Yet, without truly understanding enough, Father set out to settle a family Himself. And He was sent to the North. There were certain prices to be paid, risking His Life in prison, and then finally liberated and back to the South, creating the Wolli Won Bon, the Divine Principle. And finally, restoring the conditions where the Holy Wedding could take place.

Father finally Meeting The Only Begotten Daughter and True Mother and True Parents were established in 1960 for the first time in human history. God can now live among us in Substance. And the True Family Movement was born and many Blessed families were born. This is an incredible Victory at that time.

However, because of the skewed understanding of the Relationship between Father and Mother, Christianity could not understand its connect point to help us here, and rose up against us in many ways. And we were forced into the wilderness. The Holy Spirit Association For Unification of World Christianity was 53 years, walking through the wilderness.

Nonetheless, we were Victorious. Father Ascended in 2012. And the Foundation Day was established in 2013. But what we need to understand here is that Father knew, Father knew as early as 1959 that really the Center of the Providence was more about finding the Daughter. Who is She? And where is She?

The 2,000-year history is the preparation for God's Only Begotten Daughter, the First of Her kind. She's not a Second Coming. She's not inheriting something from a Second Coming Person. Father Stood in the Position of the Second Coming, the Central Role that Jesus asked Him to fulfill.

But Mother, like Jesus, came as the First Coming. And Her Establishment Opened The Way For God to REVEAL THE HEAVENLY MOTHER'S SIDE OF GOD'S NATURE. This was the Foundation for God to be 'Heavenly Parent'. It was Mother Who really opened the way, so you can really understand the Centrality of Mother's Role.

Even Father understood it in some sense. The Centrality of Mother's Role was never understood. Father was Coming as a Second Coming to find Her and protect Her. But not to make Her, not to raise Her, not to teach Her. She like Jesus, was capable of doing that Herself. And She did it Herself. And over the Course of this time, She grew to the point of being ready to step into and give Birth to True Parents.

But Father came with a certain course that established a precedent that would create difficulty for the Unification Movement and its relationship to Christianity. And that created difficulty in the Foundation of our Movement. That is why our Movement has been one button off from the very beginning.

And Mother is trying to liberate all of us from this misunderstanding. And also liberate Father, Who is in the Spirit World now, working with us. Mother is desperate to liberate this point such that we can all understand, right?

Mother said, 'If the Truth of the Only Begotten Daughter was properly revealed 60 years ago at this time, Christianity would not have opposed us. We would not have been living in tents. We would not have been suffering and struggling so much.

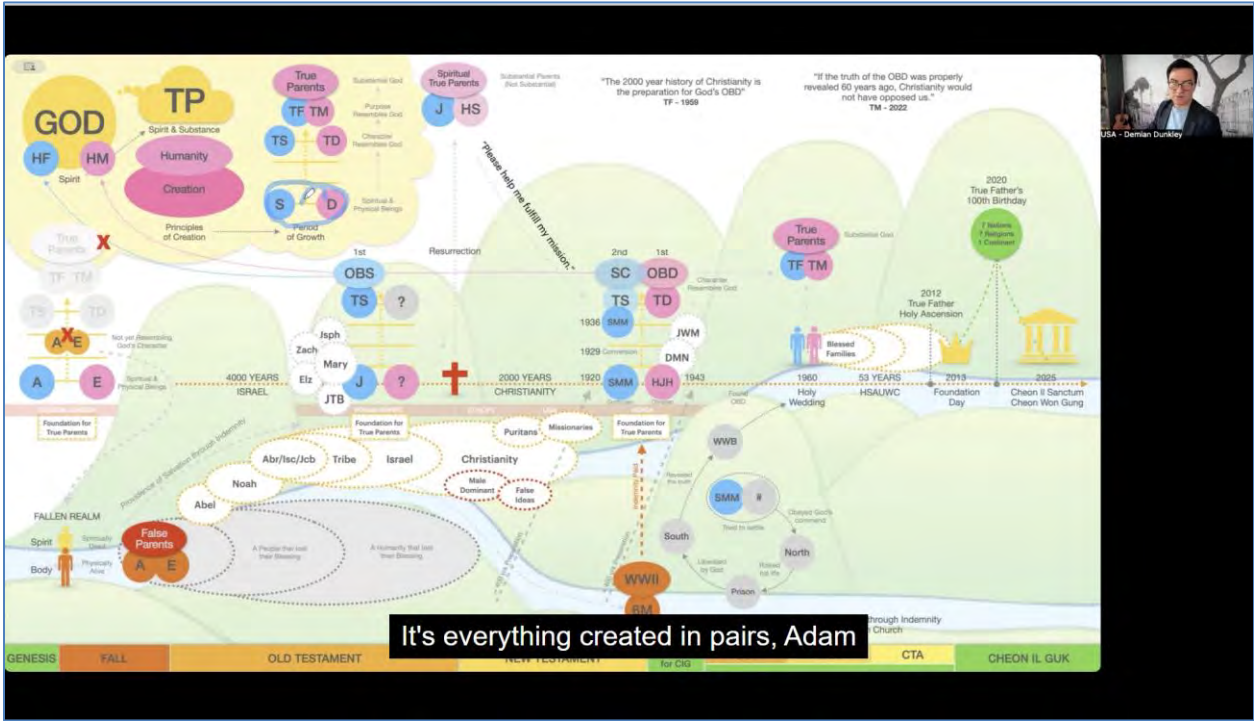

Mother said, 'I understood everything that was going on. And it was if our Movement had to go back into the Old Testament Age.' That's actually what happened. The Truth is that the Foundation for True Parents to be Born and to emerge without indemnity existed. Guys, indemnity didn't need to be paid here or here.

All the indemnity had been paid for Jesus to be Born, Adam and Eve to be Born. All the indemnity surely had been paid. All the Foundation had been set. And the same was true for this. Why have we grown with an understanding that Father and Mother had to go through indemnity.

They did not need to go through indemnity. And it's not just simple enough to say that it's because of Christianity that we had to go through indemnity. There was a mis ... There was a one button off understanding of what Jesus' real Mission was, of what Jesus' Essence was from the beginning. And that's

what led to this male-centered understanding of everything.

Mother says the Principles of Creation are clear. **It's everything created in pairs. Adam** and Eve created in pairs.

And yes, there was a period of restoration through indemnity, but that did not mean that Jesus was to somehow find some woman from John's family or somewhere and raise her and restore her. Ladies, do you believe that's true?

So, that means that originally we were supposed to be Born from a True Man and a True Woman Born Sinless from the Beginning. That's what that means. But we're supposed to believe that with the Providence of Restoration God was able to give Birth to a True Jesus, a Sinless Jesus, but He wasn't able to give Birth to a Sinless Daughter?

That particular understanding is a male-centered restoration-era centered perspective of the Truth. And it's not the full Truth. The full Truth is that God was capable of Giving Birth to Adam and Eve and Give Them the Space to be Victorious. And God also, over 4,000 years created the Foundation for a New Adam and a New Eve to be Born and be Victorious.

Indemnity was not necessary for that to occur. Indemnity only became necessary after those around the Son and the Daughter failed to fulfill their responsibility. So, 2,000 years ago, the Only Begotten Daughter couldn't emerge. We couldn't find Her. She couldn't be Born. There was no Foundation for True Parents to succeed after the failure of Jesus in the early years as He went through His Life.

And so, God had to start to work a new Providence. Through the Foundation of Christianity over this time from Europe to America and finally to Korea, a new Foundation for True Parents was laid. All that was lost 2,000 years ago, all prices were paid.

First and Second World Wars coming to an end. The incredible sacrifice of the Jewish people. All of this, we were at the Completion of the New Testament Era. And the potential for Cheon Il Guk existed right here at that time 60 years ago.

If the Truth of the Only Begotten Daughter was revealed 60 years ago, Christianity would not have opposed us. That means Christianity would have supported us. We would have been working together with Christianity for the last 60 plus years. And we would be way further beyond in the Providence than where we now find ourselves.

Nonetheless, thanks to True Father and True Mother recovering everything that They could and walking with us through the wilderness for 53 years, finally in 2013 Foundation Day. Mother Proclaimed it. Father couldn't even be there.

Father Ascended to the spirit world, but Mother was able at that point to pick up the mantle and bring all things to completion. So, the Old Testament Age, the New Testament Age, the Completed Testament Age, and finally now Cheon Il Guk has been announced.

Mother went through all of this incredible Foundation, 7 Nations, 7 Religions, and 1 Continent, and gave that as a Gift to True Father, Who already in the spirit world was Longing to see the Day of Foundation Day, Longing to see the Substantiation of Cheon Il Guk.

And now, we need to go to the prayer room and pray to True Father to help us complete all things. Yes, Father and Mother working together. But this is where True Family should be all in supporting True Mother. This is where all members should be all in supporting True Mother. This is where all of our youth should be supporting True Mother.

This is where Christianity should now be supporting True Mother, because Mother, now alone, with Father in the spirit world, Jesus in the spirit world, She comes as the Only Begotten Daughter. If you want to understand Her Essence, Her Essence is like that of Jesus 2,000 years ago, Who was Born Sinless and knew the Truth as if a baby finding its mother's bosom, as easy as baby finds its mother's milk, Jesus came to know Relationship with God and Know the Truth.

Because that's the Blessing that Adam was given. That's the Blessing that Eve was given. So, the same faculty, the same ability that was given to Jesus. The same faculty was given to True Mother.

Not only was Heaven successful in giving Birth to Them, albeit 2,000 years apart because of our failures, nonetheless Heaven was successful in giving Birth to Them, but also They, unlike Adam and Eve, They were successful in rising to the occasion and becoming True Son and Daughter fulfilling Their Responsibility, fulfilling Their Responsibility.

And yet stuck 2,000 years apart, however, through these two Human Bings, Jesus and Mother, the Heavenly Father Side of God could be claimed, the Heavenly Mother Side of God could be claimed. And finally, Heavenly Parentism can Exist. God can finally Say, 'I Am a True Parents of Humanity.'

And that's thanks to True Parents. How did we make True Parents? It's thanks to True Father, Who after 2,000 years was Called by Jesus out of the realm of Korea, out of the long history of the Christian Foundation that found itself planting in Korea. Both Father and Mother could be Born.

And Father could grow to fulfill His Responsibility. But there were certain things He didn't fully understanding. And frankly, how could He? Because no man in human history had ever opened that door before. Nobody had really understood the importance of the woman's role before.

But ladies, all 4 billion of you, rest assured, and all 4 billion men as well, rest assured, your mother's, your daughters, your sisters can now know and breathe with God a sigh of relief, because God our Heavenly Parent has been established. Not just a Male Lording God, but a Male and Female Combined, the Original Essence of God that has Existed never broken, Now Exists Substantially on the Earth, thanks to Father and Mother.

And albeit that certain things were not understood, albeit that things were one button off, now, we stand in the realm with Mother of Cheon Il Guk. And She's taking Responsibility to clean up all of that. And that's a Decision that She Made in 1960. When She saw the challenges that Father was going through, She stepped into that.

She stepped into that, Determined to Fulfill in Her Lifetime Her Divine Role as God's Daughter that God Prepared, but also to Embrace Father as the True Mother and to Embrace all of us as the True Mother no matter how difficult. This was Her Commitment. And this is what She is Fulfilling now. And this is what She is asking us to help Her accomplish now.

This is an incredible time and an incredible Blessing. And I want to end on one note, because there's been so much misunderstanding ... And I've got to tell you, look here's the things, here's the thing, in 2017 I prayed, I prayed to God.

I asked God, 'How is it that Mother keeps repeating Herself about being the Only Begotten Daughter. Surely there must be more to understand. I felt frustration behind Mother's Words. And I just prayed to God, 'What do You mean? What is it that we don't understand?'

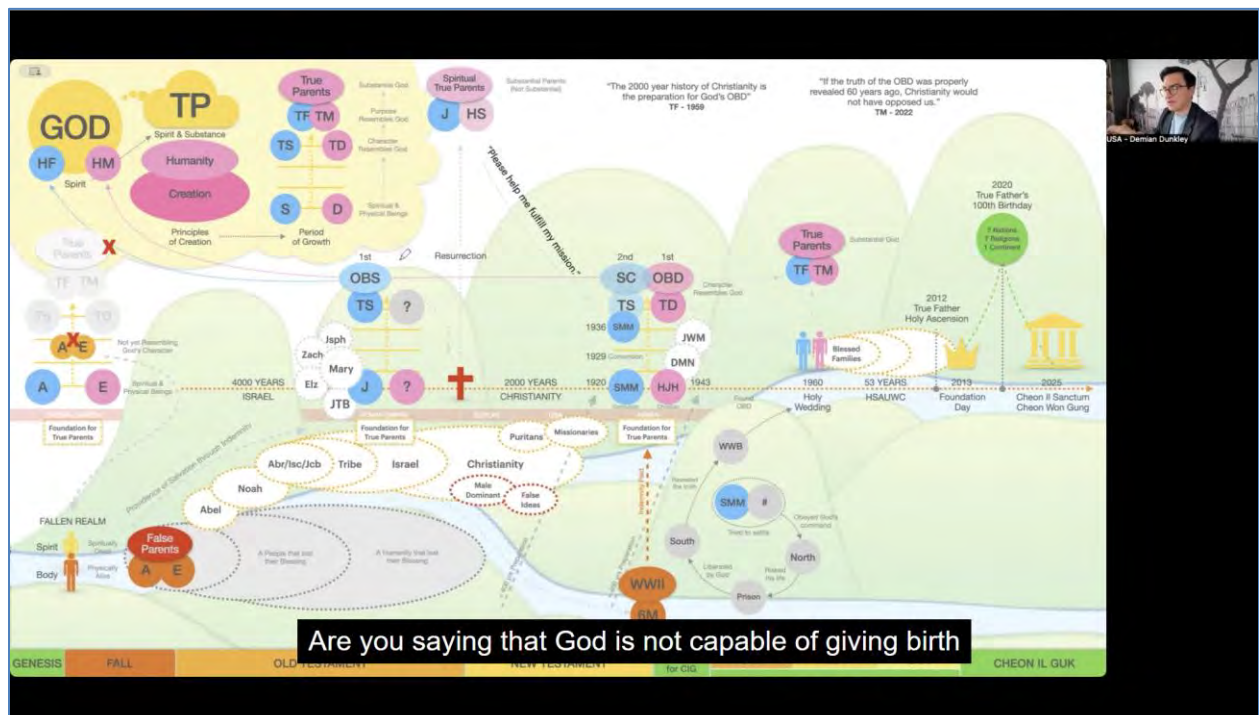

And I'm just going to convey to you my testimony. I'm going to tell you now what came to me in prayer. And it was this, it was simply this ... And I was literally on my way to work. And I prayed to God, 'What is the true meaning?'

And what God told me was this, okay? 'Mother as the Only Begotten Daughter is the First Coming. Father as the Lord of the Second Advent is the Second Coming.' In that sense Mother is the breaking news, even more than Father.

And the third thing I felt God telling me is: 'Because of that, Mother and Jesus have more in common,

even than Mother and Father.' And this isn't to diminish Father. But I felt God conveying this to me to understanding the Essence of Who True Mother Is. This Is Who She Is.

Father the most amazing man in human history, accomplishing that which even Jesus was blocked from doing, but we were introduced by Father to True Mother as a restoration figure. But that's not Who She was. She's an Original Figure, just like Jesus. And why wouldn't that be possible. Do we not have enough faith to believe that?

**Are you saying that God is not capable of giving Birth** to an Only Begotten Daughter, just like He gave Birth to an Only Begotten Son? What? The women have to eternally be coming from a restored Eve who is fashioned and saved by man. Is that ... Women watching, is that the lineage of humankind that you want to come from?

Or do you want to believe that, as was actually planned in the Garden of Eden, there would be both a True Man and a True Woman coming together as the Seed of the Human Lineage ...

So, the Truth is that Father's Foundation doesn't exist without Jesus. Father inherited the Mission of Jesus and stands on the Foundation of Jesus. So, you can say that Jesus and Father are One in that sense. And in that sense, you also might say that Father can also be referred to as the Only Begotten Son.

But in the Truest Sense, the Only Begotten Son is the First One, is the First Child.

You know, my first child is the one that makes me a Parent. My second child does not make me a parent. I'm already a parent by the time my second child is born. That's the difference. That the difference between first and second. That's the difference between Only Begotten and everything else. Please understand it.

So, this doesn't diminish the greatness that Father Is, but we didn't understand it. And in fact, because we didn't understand it, not only Father's Teaching but also our attitude toward Jesus was what? Because if we simply looked at Father in this sort of Messianic Realm, this Male Messiah Who's Coming Back to Save us all, and even save woman from her own problems, and raise one out of the fallen realm to restore a True Mother, not only does that shove women out of the picture a little bit, but it also, (and I know this wasn't Father's Desire at all. I don't think anyone loved Jesus more than Him.), but it actually pushes Jesus out of the equation.

You don't have the Second Coming without the First. We have to acknowledge the First Coming. We have to acknowledge Jesus within the Foundation of Father's Life and Father's Mission, and Father's Status as True Father. It wouldn't exist without Jesus.

But we stretched far beyond that and thought that somehow the Man of The Second Coming was going to raise up the Only Begotten Daughter. It's illogical. It actually doesn't make any sense at all. It might make sense from a male-centered, restoration point of view. But do you understand me? Follow me.

The Foundation for True Parents Existed at this time. The Potential for Cheon Il Guk Existed at this time. But we went back into the Old Testament, New Testament and Completed Testament Era. It was because

we didn't understand Mother's Essence.

Where did that mistake come from? It's because we didn't understand Jesus' Essence that he came to Marry The Only Begotten Daughter. He came to be True Parents. He didn't come to restore a Woman from the fallen realm. He didn't come to live 33 years with everybody persecuting him and die on a cross. That wasn't why he came.

He came to establish God's Dream. He came to establish that which Adam and Eve failed to do. And he needed a Wife, not half a wife, not a restored wife, a True Wife. The Foundation for that existed for Adam and Eve, but they lost it. The Foundation existed 2,000 years ago, but we lost it.

And the Foundation Existed again 60 years ago, but we really damaged it. And that's why Christianity couldn't really work with us well until now. That's why as long AS WE DENY WHAT MOTHER IS REVEALING, OR STRUGGLE WITH IT, WE ARE LITERALLY BLOCKING THE NATION OF CHEON IL GUK.

And there's people who will come to you and say .... So first, you get what I'm revealing here, right? It's not by a leader, not by a power point, not by a video online that I was watching. I went into prayer and asked God,

'What is it that I don't understand about Mother?'

And I never had an issue with Mother btw. I thought, 'Yeah, of course She's leading the Movement. Of course She's The Only Begotten Daughter, Yeah. But why is it that I feel that some things we don't get it ... ' And this is what God revealed to me. Very quickly I felt God pouring into me.

And it wasn't what I was expecting to hear, but very quickly God poured into me. 'Mother is the First Coming. Father is the Second Coming.'

In that sense, Mother is the breaking news even more than Father, but we always got it the other way around.

And that there's more that Mother and Jesus have in common, because Both Mother and Jesus are First Comings. They're First Children of Their Kind.

Father was not the One Who opened up the Way for Heavenly Father. It was Jesus.

And by misunderstanding that point, we kind of pushed Jesus out of the picture. No wonder Christianity struggled to really unite with us.

And it was Mother that they were actually waiting for. And now that we see that we proclaim this Embrace in Mother's Love, it's easier for the Christian realm to embrace Mother.

Many Christian leaders absolutely love Father, no doubt. Father did incredible Work, but we were one button off. And Mother has taken upon Herself to reveal all of this.

And then many people say, 'Why didn't She reveal it earlier?' But She already said, 'It was Father's Responsibility to do so.' And this is something that Father didn't emphasize enough, according to Mother. And this is why the True Children also are struggling. That's the fact of the matter.

And then there are those that will come to you, and maybe even some of you watching this that will say, 'Well, Demian yes Mother is this that and the other, but Mother is making this up. You don't know True Father.' Well, I sat in on many meetings with True Father.

It's true that I've had much more time in close quarters with True Mother than I had with Father, but I was the pastor of the Church in Las Vegas for that entire time that Mother and Father were coming there.

And I watched very closely what was going on.

And I joined this Movement because I was absolutely enamored by True Parents, especially by True Father. I loved the way He would bring everything down to earth.

But the fact of the matter is that there was something off. And Mother took it upon Herself to uncover all this. And this one button off is what's led to the big misunderstanding within the True Family. And it's really sad.

And then there's leaders that will come and say, 'Oh, you don't know Father as well as I know Father.' And what that means is that they want me to believe .... You know, they'll say well, 'Father said this and

Father meant that ... And okay, there's a whole range of things that people feel about Mother, right?

Some people have a deep connection and understanding, and others are completely against, 'Oh, Mother this is wrong because it's completely opposite to what Father said, this that and the other ... Well, the Truth is, if you really take stock of Father's Words, there's many things that Father said that contradict itself. But Mother nonetheless has been consistent.

So, Mother's inviting us to really go with Spirit and Truth. Not to just get stuck up on the Words, but to really pray deeply. And I'm asking you to do the same. I did it. I'm not saying any of this just because Mother told me to. I'm not saying any of this just because I'm reading Mother's Speeches.

But all of this is really my testimony to you, and only parts of it. Because I'm trying to get through these videos quickly for you. And I'm here speaking to a computer, but I'm thinking about you. And I thinking about a broad audience that might be watching.

And I welcome your questions. And maybe we'll do some Zoom sessions with members after this. But a lot of this is what I was sharing on the Blue Dragon Tour. So, many of you that were in those meetings are hearing things for the second or third time.

But I wanted to prepare this as a video set so that it could really be disseminated to our members across the country, especially as we prepare for the Special Grace in preparation for the Entrance Ceremony.

But to those who feel pain from Mother's Words, I get it, because it calls into question everything they experienced, or a lot of what they experienced with True Father. Or they feel it calls into question, and so they'll stand up and say, 'Look, I know Father better than you.

They'll say, 'You need to ... (and excuse me, I'm about to draw on True Parents' Image here) but they'll say, 'You need to understand True Father.' Because Father is the One Who would never make a mistake. Father is the One Who really Knew God. Father is the One Who absolutely sacrificed His Entire Life for God.'

And I believe it. I see it. I know it. I saw it. He did.

And so, they'll say that anything that Mother says that's contradictory to what Father says, contradictory to True Father, we have to kind of understand more from a human point of view. 'It's just Mother's Han,' or something like this. That's not why Mother's Saying this.

Mother's not Saying or Revealing these things simply to get things off Her Chest. Haah.. (Pastor Demian sighs) Mother's really trying to liberate Father

And let me tell you this, 'If you believe that what Mother is saying is not True and we should just understand everything as Father left it, even though Father Said the time will come when more would be revealed ... and now we want to somehow ignore that ...

Well, you're not asking me to believe in what True Father's Saying, you're asking me to believe what you're saying right here in the middle.' Let me draw it differently.

Let me draw it differently, so for example, here's Father and here's Mother and here's you in the middle, and here's me let's say. The child, right? And you're asking me to believe Father's Word, right? But what you're really asking me to believe is your interpretation of True Father.

But I'm not listening to you. I'm listening to what True Mother is Saying today, because there's nobody that Loved Father more than Mother. You didn't. Even the Children. There's nobody that Loves Father more than Mother. There's nobody that understands Father more than Mother.

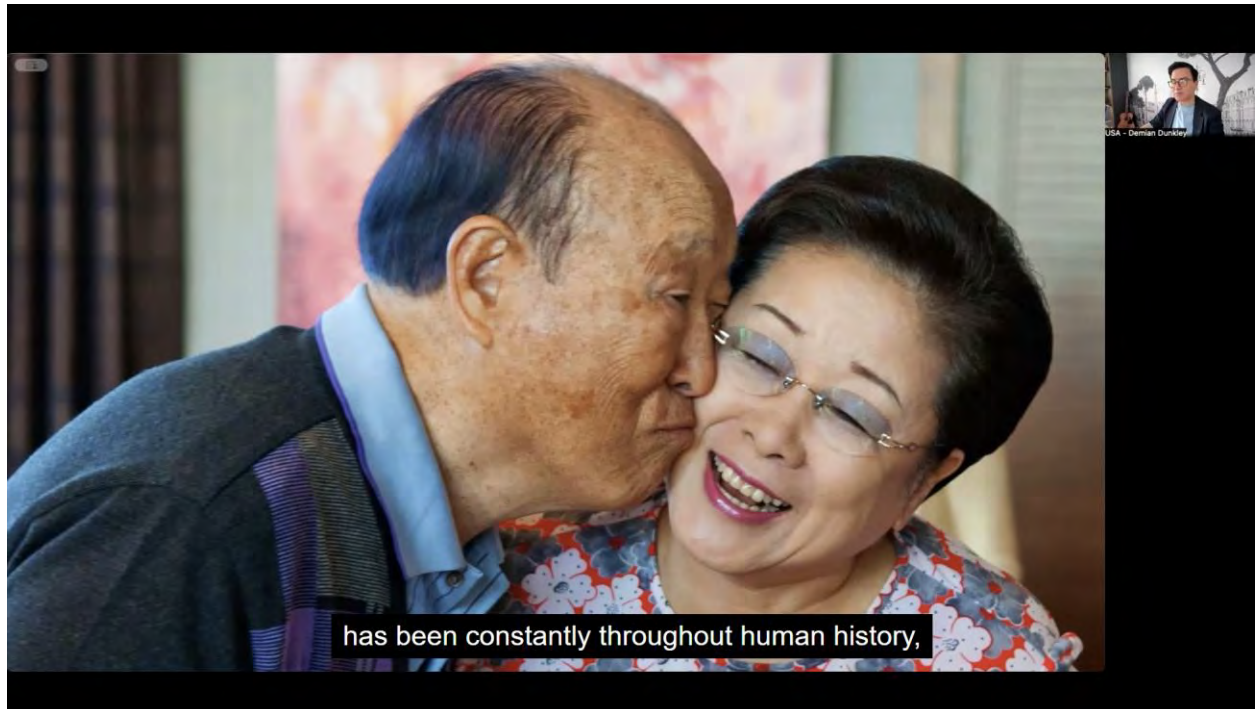

There's nobody on the planet that understands Father more than Mother. So, I'm sticking with what Mother's Saying. Father told us that there's going to be a new Truth that's going to be revealed.

I'm sticking 100% with what Mother's Saying. Mother is the One we have been waiting for 2,000 years.

And Father had His Responsibility and Mother had Her Responsibility. And Mother Wants us to Know what was the one button off so that it can be put in place and it can be restored in this time. So that Father can be liberated and our True Family and all of our members can be liberated.

Our second generation pure water can be liberated with this understanding. This is a True-Love Couple, the First Couple Establishing the Foundation of True Parents in human history, but just like everything else in human history, nothing went quite right the first time ...

'just like everything else (Providential) in human history, nothing went quite right the first time ...'

The devil, the demon, Satan **has been constantly, throughout human history** frustrating us, frustrating us with our relationship with God. But what Mother is asking us to do, what True Father, what True Parents are asking us to do is actually have a direct relationship with God.

That's why Mother's Talking about the Reformation at the Catholic Church 400 years ago. That's why She's Talking about it. That's why She's Talking about Luther setting things up and then Calvin establishing it. And then there's this 400-year parallel to Father's Birth and Mother's Birth.

Because Mother's the One Who is really in some sense, actually reforming our own Church ... substantiating the reformation of our own Church. By such, also liberating anything that was misunderstood from Father's Ministry so that Father can be freed in the spirit world. Do you feel me?

Because if we just try to keep everything locked in the old wineskin understanding of before, then it's not just we and God and Mother and the humanity that's going to suffer. Father will suffer too.

So, don't keep in a prison of your concepts. There's nobody that Loves Father more than this Woman, more than our True Mother. To do everything that She asks us to do is the best way to Love Father, the best way to liberate any misunderstandings of the past surrounding His Ministry and His Life. Everything is restored.

Mother stepped into that Marriage in 1960 determined to Embrace everything, to absolve anything that was wrong, to fix anything that was wrong. And oh, how She Wished that the Truth could have been arrived at Victoriously, arriving at the time that Mother could have Proclaimed Foundation Day 13 years ago.

And now, as I record this video, we are in the 13th year of Cheon Il Guk. It signified the True Substantiation of Cheon Il Guk. Guys, this isn't just a Temple that we're building. This is a new Era that's being opened. And Father and Mother and Spirit World Working together. Asking us to be filial children, loyal children, not erratic, crazy people just filled with our own ideas.

That's the same thing Adam and Eve did 6,000 years ago. Yes, they loved God and ... but they thought 'I can do it a little bit differently. I don't really need to believe what my Parent is telling me.' That means they lost the trust that their Parents has their best interests in mind.

Why would anybody, why would any of you not trust that Mother has your best interests in mind. Why would the true children not be able to trust that their Mother has their best interests in mind. Brothers and sisters let us not be afraid.

We do not need to be afraid anymore. Mother has Settled a Foundation and even a Building marking an Era in which we can invite God back home. We can invite God back to the Garden that we kicked God out of and we kicked ourselves out of.

And God is Inviting us back Home. God is being Invited back Home and we are being invited back Home, to Experience with God, not just the Joy of Feeling God's Presence in us, but the Joy of Knowing

that God is Experiencing that Joy with us.

God is Longing to Experience those things. God is Longing to Kneel Down by the riverside and look at the beautiful doe eyes of the deer that looks up from its fresh drink. God is Longing to Experience the Love between husband and wife, the Love between parents and children.

So, brothers and sisters, let's frame our sandals and wineskins that kept us alive through the wilderness. They kept us alive. Yes, they're precious. Everything that got us to this point is precious. But it's now time to frame it. Put it in your family museum and unite with Mother.

Walk into the Holy Sanctum together with True Mother. Let us kneel down, not with a sense of, 'Oh, I'm not worthy,' but with a sense of 'I am Your son (Your daughter).' And that's what Mother has been asking us to do. Blow away the negative energy of the past, right?

Finish with the false understandings or the missing understandings, the misalignments of buttons and all this. Let us be born anew. And this Special Grace that Mother is giving us is specifically so that we can enter into this New Era free of everything that we've accumulated over the last 6,000 years until this point.

Even greater than the Blessing Itself. More than the Blessing, we are being invited into, as sons and daughters of God into the New Era. This is what Mother is asking us to do.

Are you excited? I'm excited. Are you excited?

I want to do something here ... I want to pull up ... Let me see ... I want to pull up the Motto. We're all supposed to learn the Motto of the New Year. And by the way the Motto that Mother Said is not just for this year. Yes, it starts with the 13th Year of Cheon Il Guk so and so, but it's not just ... I'm actually going to put it into a slide here so you can see ... And we're going to finish with that ...

Because this is such a truly exciting time. And Mother Said this isn't just the Motto for the next year or the next ten years. This is the eternal Motto.

And I'll let you in on another secret as well ... In some sense, you might say that this Motto, even more than the Family Pledge has everything in it. Now, I know some people are going to get upset if I say that, but the Truth is that Mother asked us and confirmed for me, 'Yes, you should read this every day. You should memorize it every morning and every night.

So, I'm going to go back and share this with you as the conclusion of our session. So, this is the Motto in Korean. And this is the Motto in English.

New Year Motto:

In the 13th year of Cheon Il Guk, when we attend the Creator Heavenly Parent substantially, let us, the blessed families around the world, become true sons and daughters of Cheon Il Guk who fulfill our responsibility as the chosen people in unity with True Parents!

So, I believe there's a little mistake there "when we attend Our Heavenly Parent, Our Heavenly Parent substantially, let us, the Blessed families around the world, become true sons and daughters of Cheon Il Guk who fulfill our responsibility as the chosen people in unity with True Parents!"

So, this is the official one, but there might be some, there will definitely be confirmation of the best translation of this. Because things kind of feel different between Korean and English. But this is all important.

This is just now we're in the 13th year of CIG, but we will have some version of this that we will recite forever, every year from now. But what Mother is excited about is simply us attending Heavenly Parent in Substance.

And it's the Blessed families around the world who become true sons and daughters. So, the Blessing allows us to step into the Position of true sons and daughters of Cheon Il Guk, the Original Homeland, the Original Kingdom of Heaven on earth.

But She Wants us to fulfill our responsibility as the chosen people. So, this still speaks to the work that needs to be done. And it's not just the people of Israel or the people of Korea and so on, but those who really receive the Blessing.

It's us the Blessed families, as we fulfill our responsibility, we claim that mantle of the chosen, the ones to really substantiate with God, with True Parents, everything that God has been Dreaming of from the very

Beginning.

So, brothers and sisters, please pray deeply. And know that everything I've said in all these videos and in this one alike is just a snapshot of where ... of my best effort in this moment to convey these ideas to you.

I'm sure many of these ideas you've already thought of, but hopefully there's something in here that can be of value ... So, let's really try to capture what Mother's Doing and what Mother's Saying and each of us become better sons and daughters, better husbands and wives, better children, better brothers and sisters, so that we can really hold Father's Hand and walk into this New Era of Substance as true sons and daughters of Cheon Il Guk, who fulfill our responsibility as the chosen people in unity.

(As true sons and daughters of Cheon Il Guk, who fulfill our responsibility as the chosen people in unity,) not disunity, not according to our ideas, but according to God's Ideas in Unity with True Parents, and that is none other than True Mother, alive and well today, still with us. We're Blessed. But we're responsible to further it with True Mother ...

So, God Bless you. Thank you for watching and looking forward to meeting you. God Bless you. Bye.
