ABOUT

For many, Tribal Messiahship seems unattainable. You'll often hear questions like: What actually is it? How do we do it? How do we share the Blessing? Are there resources available and can we get any support? In this seminar we'll work through the obstacles to gain confidence in our Tribal Messiahship.

The East Coast Regional We Can Do It seminar will be separated into two different workshops.

1) The Family Workshop

2) The Leaders Workshop

1. The Family Workshop...

The Family Workshop is a 2-day experience (Saturday and Sunday) for anyone over the age of 18, especially if you're Blessed. The workshop gives you the opportunity to delve deep into what it actually means to be a Tribal Messiah and what that looks like in a practical sense. You will be challenged to look at your life from God's perspective and see how you can align what you are currently passionate about with True Parents' vision. You'll discover the possibilities of working together in a trinity. You'll have the opportunity to leave with tangible action-steps that you, your family and even your trinity will be excited about and happy to work on together. And, you'll have a new vision on your "Tribe" and where you really fit in as its "Messiah".

2. The Leaders Workshop...

The Leaders Workshop is a 4-day experience. It includes the Family workshop but goes for an extra 2 days (Monday and Tuesday). If you are in a leadership position like a Pastor, Witnessing and Education coordinator, Community Leader or similar, this is the workshop for you. You'll be given the opportunity to fully digest what you gained from your first 2 days and form actionable plans for making Tribal Messiahship an integral part of your communities. You'll receive guidance for effective leadership and community building as well as an understanding of how to bring the We Can Do It message back and present it in your community.
