The National Education Team is preparing a special experience at the upcoming 7-Day seminar at IPEC from February 6-12. The seminar will be taking a deeper look into the Divine Principle and, in honor of True Parents' birthday, put more emphasis on their life course.

During the seminar, participants will visit many historic places where True Parents invested their hearts in the final years before True Father's passing. The locations include the Cheon Hwa Gung, True Parent's final home in America where True Father proclaimed the restoration of Adam and Eve in the Garden before the Fall, True Father's favorite IHOP where you can enjoy his favorite meal – the Colorado Omelet, the casinos True Parents visited, Red Rock Canyon where True Parents enjoyed the beauty and peace of God's creation, and Lake Mead where you will take a ride on True Parents' boat, the same one which they spent countless hours fishing and praying.

There are a limited number of spaces available, so don't wait any longer. Visit familyfed.org/dpreatreats or click the button below to register now.
