

FFWPU USA National Leadership Meeting to welcome True Mother to America

Ki Hoon Kim and Demian Dunkley
August 30, 2019

Dear Brothers and Sisters,

We just completed our National Leadership Meeting – All In! It's been a wonderful experience sharing with the American leaders the precious blessings we received in Korea attending True Mother. We also developed our national and subregional strategies to welcome True Mother back to America on December 28, 2019.

Today marks the first day of the 120-day period until we welcome True Mother on a global stage in New York. So we want to start our internal and external preparations right away with a 120-day special condition.

From now and until the end of the year, True Mother will embark on a world tour to bring 7 restored nations before Foundation Day 2020. A tour, in which the grand finale, the last stop before True Father's 100 years birthday, is America. This is True Mother's gift to Heavenly Parent and True Father. We are so blessed to be a part of this gift as well.

During this special devotion time, from August 30 to December 27, let us complete our national offering and join together to fulfill our responsibility as American children of True Parents. Our gift has three parts:

1. A daily Hoon Dok Hae reading and active Tribal Messiahship
2. A fulfilled National Victory Fund
3. A crowd of 30,000 Clergy welcoming True Mother on December 28

Of course, throughout this time, let's pray together for the success of our offering.

To help you activate in these substantial conditions, we invite you to join [Godible](#), our daily Hoon Dok Hae reading and sign up for [TribeNet](#) to participate with the growing Tribal Messiahship community. Let us all pledge to accomplish our 430 blessings by the time we meet True Mother again. Don't worry if that seems impossible, just make the condition to start and see what happens!

We also invite everyone to support the [National Victory Fund](#). Please commit to an offering of \$5,000 towards the national pledge of \$7 Million by December 28. [Read here to understand the why.](#)

We desire that the combination of these offerings can be claimed by Heaven as a national victory by proclaiming True Parents globally and supporting the worldwide providence as the Elder Son Nation.

To learn more and to give online, please visit the website [here](#).

And finally, let us commit to 120 days of outreach to Christian Clergy and members of the various faiths in America, so we can welcome True Mother, the Mother of Peace, as the Only Begotten Daughter together with 30,000 of our friends and guests.

This is our time to contribute our part of True Mother's gift to True Father, and offer our best from America. Let us go All In and put our utmost efforts and investment to bring total victory to our True Parents by offering them the conditions for national restoration.

God Bless you all,

Dr. Ki Hoon Kim

What is the National Victory Fund?

In this video, I try to express the context, meaning, and value of the National Victory Fund. Yes, I know it's 25 minutes long, but it is still way too short to convey all the incredible things that are happening, and the depth and value of all that our blessed families across America have contributed to get us this far in the Providence.

Every single thing that we can contribute now counts much more than ever before.

Please be a part of this National Victory Fund. Discuss with your family members, or if you need, work together with other families and friends to make it possible. We are asking each family in America to donate \$5,000 to the National Victory Fund, such that we can claim total victory by 2020.

You can either donate \$5,000 now, or pledge a monthly amount to complete the donation by Dec. 31, 2020. If you are able to give more, you can select your own amount.

Thank you for contributing to such an important part of our total victory!

God Bless you,

Rev. Demian Dunkley
President

You can also mail checks to Family Federation USA headquarters at:

FFWPU Finance Office
481 8th Ave.,
Box A-12 New York, NY 10001

Please make a check payable to "HSA-UWC" and write a memo, "National Victory Fund."

May 31, 2019

Dear Brothers and Sisters, Families of the Family Federation for a Heavenly USA,

Thank you so much for being part of this wonderful journey of more than four decades together with True Parents in America. This is truly the most blessed and most anointed nation in human history, called at this time to protect, promote, and proclaim True Parents to the rest of the world.

As you know, over the last few years, we've found ourselves very busy in a season of great campaigns and rallies. If you've paid close attention to some of the partnerships and follow-up programs that have been spurred by these rallies, you'll know that not only was it world news that America was receiving True Mother and that Christianity was working with True Mother, but that we've been making **deeper** and **greater** substantial inroads with new friends and partners in the Christian community. It's been a **revival** for ourselves, and for all those who have invested their time, money and prayers. It's also been a revival for the Christian churches that we have partnered with.

Welcoming True Mother on a stage with audiences of thousands, sharing the Blessing, and sharing her message is not only a wonderful event or a moment in time, it is part of our core mission, and what God has called us to do.

It was two years ago, when True Mother scribed new lines for America, by forming five new nations, and appointing five presidents of those nations, with the intention to give greater opportunity for self-reliance and management so those nations could be restored by 2020. Working with religious and political leaders at all levels, we have been looking for every strategic means to bring about a great change, and these rallies have been a key component. It's not just spiritual phenomena we are witnessing. We are peeling back the label that was put on us years ago that we are not legitimate that we are some type of cult engaged in nefarious activities. No. We are the mainstream. And we are partnering with other ministries and organizations to let them know that they too are being called to a new era and a new mainstream.

There are many more resources and national influencers prepared for this mission, and it's our responsibility to be ready to meet them. As we continue in our victorious Tribal Messiahship activities, we find that more and more doors are open to us in the Christian and religious communities. And like never before, **we need to bring our work in America across the finish line**. At this time, we are calling on all members; those active now, and those who were active but may have been watching from afar. **We are calling all of you back to the front line to be a part of the great victory that is unfolding before us.**

We also want to share with you that it has already been five years since the national leadership team, with the guidance of True Mother and leadership of Dr. Ki Hoon Kim, ended America's financial dependency on the Mother Nation, Japan. We've been self-sufficient for the past five years, and we believe our businesses and family members have prospered because of that. Still, in order to grow and accomplish our mission as the Elder Son Nation, we need a sustainable funds development initiative that allows us to join the prepared partners that God is calling to restore America with us.

By 2020, not only do we want to be self-sufficient and finance our mission here in America, we want to be a nation that can support worldwide missions. We want to participate in the victories around the world by contributing financially to build the global Heavenly Kingdom on earth.

So we need your prayers, and we also need your financial support. Each subregion is being called to contribute to a **National Victory Fund**, a total of \$7 Million by the end of 2020. While we welcome pledges and financial commitments between now and the end of 2020, we want to take into account what we've already raised since November 2018 – \$750,000. Thank you to all of you who have been a part of that.

We have an immediate goal to raise \$1 Million by June 22, when True Mother will be in America once again. This is a condition for the victory of each subregion and victory in fulfilling our role as the elder son nation by contributing to the world tithe and world missions.

As an initial condition to raise the first Million, we are calling on 200 blessed families, who will give \$5,000 to this vision. Let us invest more than 100% in Vision 2020. Please consider to generously invest \$5,000 within the next three weeks. **Do not think "donation" – think investment!** Any offering you can make during this time contributes. Involve your whole family and tribe in making this offering. Let us bring great happiness to Heaven and uplift all brothers and sisters. You can give online [here](#) or at your local church.

If you'd like to know more about the substantial outcomes already being recognized as a result of this new wave of activity, please read about clergy in Los Angeles [here](#) and about follow up in New York [here](#), or read about how Unificationist Youth are teaming up with Christian youth [here](#) and [here](#). These are some of the exciting examples of grassroots development through our new partnerships resulting from True Mother's

impact on America. Let's keep the momentum going!

Please be a part of bringing the American offering across the finish line, marking the hundredth year of True Father's birth in 2020. We know that as we reach for something greater than our own community and our own subregion or nation, we will be blessed and empowered by Heaven to not only take care of our own business, but be a major player that can lead the world to world peace with True Mother at the helm. This is True Parents' dream for America.

God Bless you,
