

## UPF EUME partners with Project C.U.R.E. to bring medical aid to Palestine

David Fraser-Harris

April 19, 2024

UPF Regional Secretary General, Middle East and North Africa

In response to calls from its ambassadors for peace around the world, the Universal Peace Federation of Europe and the Middle East (UPF-EUME) has arranged to partner with Project C.U.R.E. to assist with the delivery of medical supplies and equipment to hospitals in Palestine.

Full details on our joint project and on how to donate can be found at this link:

[give.projectcure.org/campaign/medical-aid-for-hospitals-in-palestine/c578139](https://give.projectcure.org/campaign/medical-aid-for-hospitals-in-palestine/c578139)

### Background:

Based on the initiative and work of UPF Israel, UPF Middle East has been working towards this for a long time - in fact, since our September, 2021 webinar, where we hosted the founder of Project C.U.R.E., Dr. James Jackson. Meetings in February and March of last year with the leadership of the Palestinian Authority, and with Project C.U.R.E. CEO, Douglas Jackson, laid the groundwork for an aid program. Following the outbreak of war, we have been working hard to find the best, most reliable way to get aid into Palestine. Project C.U.R.E. have a global record of success in this field; once we knew that they had successfully delivered aid to Gaza, we set up this fundraising project together with them.

### What kind of aid?

Project C.U.R.E. has successfully delivered disaster aid pallets to Gaza and has more on the way. In addition to further disaster relief there is a vital need for supplies to rebuild hospital capacity. UPF is seeking your help to send a 40-foot container of medical supplies by ocean freight. Our target of \$35,000 will cover all costs related to the delivery of the container. However, the value of the donated equipment and supplies is estimated to be \$400,000.

Thank you in advance for all you can do to help with this project.

## About the Campaign

In response to calls from its ambassadors for peace around the world, the Universal Peace Federation of Europe and the Middle East (UPF-EUME) has arranged to partner with Project C.U.R.E. to assist with the delivery of medical supplies and equipment to hospitals in Palestine.

Project C.U.R.E. has successfully delivered disaster aid pallets to Gaza and has more on the way. In addition to further disaster relief there is a vital need for supplies to rebuild hospital capacity. UPF is seeking your help to send a 40-foot container of medical supplies by ocean freight. Our target of \$35,000 will cover all costs related to the delivery of the container. However, the value of the donated equipment and supplies is estimated to be \$400,000.

Project C.U.R.E. has worked to change the lives of children, women and men in both Israel and Palestine for nearly three decades. We deeply grieve the loss of life, the wounding of innocents and the destruction of civil society. Our prayers go to all the victims of this tragedy. And our work will go to ease the suffering and save the lives of the people who have had their world torn apart through violence. And when the time comes and the bloodshed is over, we will help to rebuild a brighter tomorrow as well.

UPF ambassadors for peace see themselves as one human family under God. With the heart of a parent, they have been calling for ways to help end the suffering in both Israel and Palestine. This specific appeal is focused exclusively on providing aid to Palestinian hospitals. While getting aid into Gaza remains vital, it is our expectation that much of the treatment - even for those in Gaza - will need to be offered by hospitals in the West Bank.

Your donation will provide emergency medical supplies and equipment, trauma and wound care kits, child care kits, mattresses and beds to those who desperately need emergency aid right now.

Please give — your donation will make a difference.
