“I understand well the scripture: ‘If I had 99, and one was lost, I would leave that 99 and go searching for that one,’” said Rev. Elma King of the King Home Church in Kissimee, Florida. “We started out our Tribal Messiahship by bringing one couple to the Blessing, and celebrated them as if we were celebrating thousands. We were so happy to see them, and our guests couldn’t believe that we would celebrate them in this way. Many last night talked about the spirit of God, and the love they feel when they are with us.”

One couple received the Marriage Blessing with nine others there to celebrate with them. The couple was captivated by the love everyone expressed in welcoming them to the family. They enjoyed the ceremony with a promise to return. After watching the broadcast from Korea, some stayed long after the ceremony ended.
