

Day of All True Things celebrated at the Kissimmee, Florida Family Church

Jeddie King
June 14, 2018

Rev. Jeddie King, of the Kissimmee Family Church in Florida, opened their celebration service with a suitable prayer, followed by the singing of "Grace of the Holy Garden."

During his sermon, Rev. King stated, "Had it not been for the fall of Adam and Eve, humanity would have been able to go directly to God. Using their own free will, Adam and Eve disconnected from God and fell below all things. From there, creation became closer to God than humanity because creation stayed on its original level. Humanity must now go through all things to return to God."

After the celebration, many couples stayed for a workshop where they discussed the Fall of humankind and the importance of indemnity.
