Church Visitation Directory

Let us know which churches/communities you are in contact with!

Thank you brothers and sisters for continuously putting in your effort to spread the blessing to many of our local communities and beyond!

In order to create a directory of the communities/churches that our BFC members are witnessing to, we have a google document listing the churches/communities affiliated with BFC. If you and your family are witnessing to an organization on this list, please add your name in the box next to the organization; this way we can keep a directory of who is in contact with which organization and we can avoid multiple families witnessing to the same church. Please feel free to add in the name of your church/community you are witnessing to if you do not see it on here.

If you have not chosen a community to witness to yet, please do so soon!

If you need assistance with adding your information, please contact email@belvederefamily.com.
