

FFWPU Int'l: Democratic Republic of the Congo's Intensive Young Adult Activities

Ken Doo
February 18, 2026

Shaping the future of the community together with young people

Activities for young people were organized by the Family Federation youth department and IAYSP in the Democratic Republic of the Congo from February 14 to 18 (HC 12.27-1.2).

At a strategy meeting, Continental Director Jean-Pierre Kadima asked a group of young entrepreneurs to cultivate a spirit of responsibility and excellence in their economic endeavors and encouraged them to dedicate their talents to the community in order to build a lasting legacy for future generations.

Youth Peace Ambassadors were appointed and discussions continued on the subject of the peace process in the Democratic Republic of the Congo.

The young people of CARP explored the theme of ethics and morality, emphasizing the responsibility to speak the truth and to do good.

A celebration of the 400 Million Couples Blessing anniversary, held at the Ngaliema Church, was a time for reflection, profound gratitude to Heavenly Parent, and renewed commitment.
