FFWPU DR Congo: 40-Day Spirituality and Devotion Program

Rang Wan Lubaka
October 18, 2026

From September 6 to October 18, 2026, a 40-day spirituality-focused seminar was held in the Democratic Republic of the Congo. The purpose of this activity was to support True Mother and contribute to the liberation of True Parents through various spiritual conditions and teachings. It served as a period of devotion and spiritual strengthening for the participants, aiming to support the Providence. The program concluded on October 18 with a special closing service, attended by Continental Director Rev. Jean Pierre KADIMA, Cheon Shim Won Vice Director for West Africa Rev. SAKUWA STEVE, and National Leader Rev. RANG WAN LUBAKA.

During these 40 days, several spiritual and educational activities were organized, including Chanyang conditions, teachings on Chambumoron, lectures on the Divine Principle, and teachings on the historical prophecies of Han. All of these activities were part of the desire to support True Mother and accompany the Providence through prayer, study, and spiritual commitment. A total of 37 participants took part in the seminars and had the opportunity to receive the grace of Heavenly Parent and the fortune of True Parents.

The conclusion of this spiritual period was marked on October 18 by a special service centered on the theme "From the Completed Testament Age to the Golden Age." On this occasion, National Leader Rev. RANG WAN LUBAKA delivered a message emphasizing the importance of understanding the meaning of this Golden Age and the transition to the Cheon Il Guk Age. He invited members to better understand the providential moment they are going through in order to position themselves correctly and fully serve Heavenly Parent.

In his speech, the National Leader also called upon the entire community regarding the need to serve True Parents. He encouraged everyone to commit in such a way that their personal history becomes directly linked to that of True Parents and the fulfillment of their will. His message also referred to a unique vision that, during the past 53 years in the wilderness, could not be proclaimed and revealed to the entire world. This intervention thus highlighted the importance of understanding the current providential period and fully taking one's place within it.

During this closing service, Continental Director Rev. Jean Pierre KADIMA reminded members of the importance of this period, which calls for sincere commitments and a renewed determination to honestly follow True Mother. He invited them to remain united and stand together as one person, maintaining their commitment until her liberation. This call underscored the necessity of strengthening the community's solidarity and fidelity during this important stage of the Providence.

Overall, the 40-day spirituality seminar and the special closing service on October 18 were moments of devotion, teaching, and mobilization centered around supporting True Mother. While the seminar was dedicated to the spiritual strengthening of the participants, the closing service served as a reminder to the entire community of its responsibility in serving Heavenly Parent and True Parents, while encouraging everyone to pursue their commitment with unity, sincerity, and determination.
