Sanctuary Church reverses True Father's words, educated by Hyung jin Moon to judge and resent

Hyung Jin's claim of Position: Discredited

Sanctuary Church is a victim of manipulative misuse of True Father's words, with a selfish purpose, aiming to destroy the Church and God's providence

Leaving the position of being centered on True Parents, Hyung Jin left his proper position, because of self-centered, humanistic views, rebelled against his center (True Parents) and started multiplying evil. These are the **4 Fallen Natures**.

Hyung Jin claims authority based on Father's words, that he is **True Parents' representative**. At the very same time he denies the position of True Parents. **All he does is manipulation**, to distort people's logic -- rationalizing his wrong behavior.

Destroy True Parents in obedience to

Father

Recognize the method of manipulation: **Cloaking his self-serving agenda** in guise of "obedience" and "service" to God's will and Father, Hyung Jin without remorse reverses the meaning of True Father's words to advance his selfish ambitions, aiming no where, but to **destroy all True Father's Ideals**, destroy True Mother and destroy the Church.

Why Santuarrians cannot see it? The quotes, used by Sanctuary Church to support Hyung Jin's claim of position, only **confirm True Parent's authority** over him and his **duty as their representative**, which he failed to fulfill.

We cannot but admire **Mother's heart and attitude** in this painful situation. My heart fully wants to protect and support her, reveling Hyung Jin's wrong, without aiming any negativity against him. As Mother says, *"No matter how unjust the persecution we receive, we do not blame anyone, rather we love them."*

God is the King, True Parent's position is Eternal

Hyung Jin uses this quote to make Sanctuary Church believe that he is the only CF and the only command center they should listen and follow. He uses this quote to **claim authority over True Parents** (particularly True Mother). Thus, he **ends up to deny True Parents**. Denying the position of True Parents, Hyung Jin still claims to be their representative? Impossible! He lost that position.. he was invaded by Satan.

TRUE PARENTS' PROCLAMATION:

(1) God -- (2) True Parents -- (3) their representative

"God is the one King of Kings. There is only one set of True Parents... command center of cosmic peace and unity.. Its representative is Hyung Jin Moon.. The above content is True Parents' proclamation."
Korea -- June 5, 2010; Declaration and Will (Written by True Father's own hand)

Note: This is "True Parents proclamation", not Father's proclamation. It puts God and True Parents as the center (the Command center), while Hyung Jin is only their representative. Meaning, **Hyung Jin has to unite and follow absolutely** (True Father and True Mother). A representative who turns against his center loses his position.

The way Hyung Jin teaches the same quote, proclaiming that **he is the Command Center**. But this is

complete, 100% reversal of what Father actually says. In reality, Hyung Jin set up a command center of "Cosmic fight and disunity", if we judge from his actions and speech.

HYUNG JIN CHANGED THE MEANING (Reversing Dominion):

- (1) Hyung Jin's position (King)
- (2) True Parents (Don't exist)
- (3) God's will, Witnessing (Only to Unification Church members with negativity)

Using Manipulation to Put Truth on Defensive

Please understand, **anyone qualified can become representative**, but True Parent's position is eternal. What Hyung Jin does is reversing dominion -- claiming True Father's words to usurp authority over that of True Parents. Brainwashed only with these words, so nothing else of Father's teachings matter anymore. Invaded spiritually, Hyung Jin became Satan's representative. All **Hyung Jin's sermons teach** Sanctuary Church members negative attitude of accusing without remorse. They gradually embody themselves these evil methods of manipulation.

When you confront them with facts, they use **Diversion**: Manipulator not giving a straight answer to a straight question and instead, they **make you feel the bad guy**, for confronting them, put you on defensive." The moment you tell them what you see they are doing, they attack viciously, labeling, naming, victimizing you, make you feel the bad guy, for confronting them with the Truth.

This gives enormous **power to evil spirit world** to confuse you and everybody around. That's why manipulation victims have a hard time seeing what really goes on in manipulative interactions. If you are spiritually strong, the evils spirits will turn the rest of the Unification Church members to try calm you down. Thus the good side gets invaded, **Truth is blocked**, Manipulation triumphs. You should see spiritually, how painful that situation is for God and the good spiritual world, pushed aside by these evil spirits dominating the environment with such underhanded methods.

Manipulators will use many ways to buy you on their side or punish if you don't comply. That's why it is so difficult and confusing, dealing with them. Firing question after question without giving a chance to disclosure is **intimidation** -- dirty manipulative technique", used by Sanctuary Church.

Could Hyung Jin Inherit and stand as True Parents' Representative

At Hyung Jin Nim's "Inauguration" Ceremony as the World President, in 2008, Father blessed Hyung Jin's couple to, "**inherit the authority as the representatives** and heirs who can attend to everything on behalf of True Parents."

We all have to inherit True Parents tradition, they also. Father says, "You have to know parental love and how to **attend and serve your parents**.. establish the dominion of oneness in love." But, did Hyung Jin's couple inherit that authority? Did they qualify as worthy heir? Did they attend in everything their center -- True Parents? No, they didn't!

The real problem is that Hyung Jin and his wife were not able to humble themselves in front of our True Mother and inherit her tradition of attendance to our True Father. If they had done so, Sanctuary Church would not have come into existence.

REVERSAL OF DOMINION:

True Parents' Proclamation: (Command Center) **True Parents** -- (Representative) **Hyung Jin**

Hyung Jin's Reversal: (Command Center) **Hyung Jin** -- (Subordinate) **True Parents**

Does Hyung Jin have any sense of right and wrong? **Where is his conscience** in doing that? Father says, "the being called "I" is the participant in his parents' love.. in order to participate in God's vertical love." Let's not forget, "**Love is eternal**". Hyung Jin cannot just erase all heartistic experiences of love between True Parents. This is more than 50 yrs together, not possible to erase and replace with hatred. Hyung Jin's heart is really immature!

When I see Mother and all she is doing, it looks so beautiful... like if Father is absolutely with her. When I see Sanctuary Church, I can't even recognize them as members. They talk so strange and different.. believing different things from what True Father was teaching. I need translation... Why? **Hyung Jin changed all traditions**... everything!

Hyung Jin above God and True Parents

The moment True Father ascended, Hyung Jin lost faith, looked humanistically and rebelled against his center -- True Parents. From self-centered, humanistic perspective he started multiplying evil. He was no longer 'True Parents' representative', but he still wants to take it by force and accusations -- not by Service and Love. From **the moment Hyung Jin rebelled** against True Mother he had to be rejected, since he was **no longer representative** of "the eternal position of True Parents"; instead, he became their Enemy.

Denying his center, True Mother, Hyung Jin denied True Parents, he denied True Father's whole life achievements. True Parents proclaimed, "God is the center," **True Parents are for ever** the only True Parents and command center.. Hyung Jin is only their "representative".. so he should obey, follow and represent them. Did he?

Hyung Jin failed and reversed dominion. He put himself above God and True Parents. He didn't want to follow True Mother, so he attacked the position of True Parents.

Eternal order Hyung Jin's Reversal

God	Hyung Jin
True Parents	True Parents
Representative	God

If we accept Hyung Jin's satanic logic; True Parent's position is no more eternal. Instead, there are no True Parents. All Father's Hoon Dok Hae books loose their meaning and become false -- empty. You see what he is doing.

Do you realize how **he rationalizes** to the point where the core meaning is reversed upside down. Satan and the manipulative spirits are masters of that kind of manipulation. They control him. That's not his Original Nature talking.

He says True Mother will go to Hell. Meaning **he denies True Father** ever reached the position of True Parents. So now is no meaning to follow any of True Father's words, teachings and tradition. By doing that, Hyung jin denies God's position as King, and claims that position for himself; denying God's way of love, and **elevating the way of negativity**, accusations and resentment.. Hyung Jin just wants to destroy everything -- in his obsession with power! Do you think he realizes what he is doing? No, it's Satan's power behind all this. But he was supposed to overcome Satan, in order to qualify.

1. Position is not Inherited without Qualification

Father's words, clearly show Hyung Jin's blessing as **representative is not absolute**. True Father said, "**Currently.. no one with better faith.**" The moment his faith, in the position of True Parents, changed -- he lost his position.

*"There must only be **one line of authority** (God -- True Parents -- representative)... over the entire Unification Church...**Currently**, there is no one among our church members who surpasses Hyung Jin in his **standard of faith**" True Father, 2008.*

In our Church **Position is never inherited**, so this is the claim of the immature leaders, misusing their appointment. To inherit or become heir, means to qualify, to keep the required standard of faith. Hyung Jin is supposed to know that, and not make such selfish claims. Any position of representative can fail and be removed, no matter what appointment and proclamations.

2. Hyung Jin denies the position of True Parents

The only position that is absolute, is that of True Parents. Yet, Hyung Jin denies it. He says **there are no True Parents**. But all Hoon Dok Hae words talk about True Parents. Who is right, Hyung Jin or True Father?

*"True Parents completely **subjugated Satan** on the worldwide level.. As True Parents, in the perfected Adam position, **no Satan can accuse or invade**... This is Mother's Age. Father is preparing to **put Mother in Father's place.**" True Father, 1991: True Mother's Role*

Sanctuary Church believes, True Father appointed and anointed Hyung Jin 3 times and never took it back so that we should not reject Father and his will. **Three appointments** represent the Coronations of 3 kings -- Saul, David and Solomon. But at the end Solomon (Hyung Jin) failed, misled by satanic traditions. Hyung Jin did the same! Read Parallels between Hyung Jin and Solomon

When Hyung Jin has turned against True Mother -- based on his understandably strong personal feelings - he started **using horrific language** against her. Use of terms such as "she betrayed" or "a whore", even "lesbian", which Sanctuary Church members are constantly using -- that is a **character assassination**. It shows lack of heart, rather than qualification of a heir.

Do you think I will accept, to forget all my life with my wife and go alone in Heaven. That's how the Christians thought -- judging others. How pity, ignorant and immature in heart. Why Hyung Jin repeats the same Christian Mistake? Basic Unificationist belief is, that **everyone will be restored to Heaven**. True Father's heart is to go to Hell and save even the last person. Of course members of his family were and will be also restored.

Hyung Jin: "Just follow everything I say" -- even if Unprincipled

To further exalt his selfish position and authority **Hyung Jin uses "Spoken words"** as if they are main, absolute laws! Hyung Jin teaches Sanctuary Church with this personal misinterpretations, not with Hoon Dok Hae words... and not with purpose of Restoration, but for self-promotion, accusations and destruction.

*"The representative and inheritor is Hyung Jin Moon, **anybody else is a heretic and destroyer.**" "You just follow everything. It contains everything." June 5, 2010, Spoken words -- explaining the "Declaration and Will" to Han Hak Ja*

Now instead of, "My **Word contains everything**" and we should follow the Word, Hyung Jin changed the meaning and puts himself in the position of the Word. In Hyung Jin's mind "everybody else is heretic", if not obeying him, only he is right. While in fact Truth is Truth, **out of the Truth he is heretic**. He didn't get it, that as representative he has to obey the Words and Follow, otherwise he is representative of something else.

Hyung Jin: The Way of Dictatorship and Totalitarianism

This is Satan's claim, "You just follow everything." The Principle says that even God cannot violate his Principles. But Hyung Jin claims that he can, yet, we should follow everything, no matter how unprincipled. Hyung Jin teaches he can violate everything, yet we have to follow him. Ha.. ha..!

Is that claim Principle? No! Even Father repeated many times, that he had to obey the Principle absolutely. Hyung Jin says, "just follow everything", disregarding the Principle, disregarding True Parents. So he claims authority over Principle, over True Parents, over God! Satan did that!

The very moment these words are changed in such a way, as Hyung Jin does; out of context, for self centered promotion, against the Absolute Principles, they become words to claim Satanic dictatorship...
TOTALITARIAN CONTROL

Hyung Jin: Leaving His Position as Representative

Leaving the position of being centered on True Parents, Hyung Jin **left his proper position**, because of self-centered, humanistic views, **rebelled against his center** (True Parents) and started multiplying evil. These are the **Four Fallen Natures**. Not being able to see from God's point of view -- whatever True Mother does, he accuses.

True Mother keeps the same heart and traditions True Father established. Hyung Jin changed everything. Sanctuary Church already talks, thinks and has completely different traditions -- nothing to do with our Church. Absolute deviation! Absolutely against True Father's tradition, words and work. One has to be blind not to see that!

How a Good person becomes Evil

Many times members asked, "How could Lucifer, created as so good, become so evil." We live in the Last Days.. now that repeats... we can see the process.. we can understand it.. so that we learn and never get misled by these satanic ways!

*"Men, **unconsciously** driven by an evil force, **repel the goodness** desired by their original minds and **perform evil acts which they do not really want to do.**" Divine Principle: Fall of Man*

We don't judge the person, we reveal Satan's methods of trapping people and misleading them to do evil. Our purpose is not to accuse the objects of Satan, but liberate them from Satan's dominion.

Understand the Trapped Emotions behind

This is such a great example of Trapped Emotions -- **Cycling in his head** over and over again, if True Father was supposed to go to Spirit World. Fixated on that problem, Physical Mind creates **inescapable prison**.. starts blaming -- judging Externally -- from Humanistic view point.

Now resentment is excused with "I'm the only one telling the truth". And then he starts talking everything against all True Father lived for and was teaching us. How that's the Truth, that's against the Truth -- that's Satanic!

Now is OK to **teach against Muslims**.. we don't have to be Unificationists anymore. Now we love each other by teaching hatred. Who cares True Father invested so much for uniting religions.

Trapped Emotions makes us so **fixated on some fiction problem**, that now we can destroy all the foundation of our faith. Destroy the first perfect 4 Position Foundation -- 3 positions are enough.. How is that possible!?!??

It is not Hyung Jin to accuse -- it is to liberate him and all members, trapped in this inescapable Hell. We have to understand, they suffer **trapped in this logic** -- from that state they have **no freedom** to do anything else, but accuse and accuse.. multiplying resentment. It's a non-stop hell in their minds.. only talking it brings some false, temporal relieve. They are not guilty, SATAN uses that Mind Trap to multiply his Will.

Make Satan Surrender by Exalting the Word

The Principle teaches us, that "In order to eradicate the source of evil, end the sinful history.. we first must clarify the motivation of Satan and his nature."

"God.. cannot restore them by force... Man should be able to make Satan come to a natural surrender by exalting the Word, through the accomplishment of his own portion of responsibility..." Divine Principle: Satan's Activities

Hyung Jin claims the authority to judge Satan, yet his actions exhibit **strong reciprocal base with Satan**; Resentment, selfishness, gossiping, disobedience, reversal of dominion, multiplication of evil. Yet, he judges externally people and the Church, not Satan, who works behind all failures.

Hyung Jin Influenced by other Ideologies

Same like Solomon failed, **influenced by other ideologies**, Hyung Jin also was misled, first by Buddhism and later on by Christianity. We like both Buddhism and Christianity, but he took their failures and deviated from the Principle.

Hyung Jin's Failures:

1. Christians used Bible to judge others -- Hyung Jin does the same!
2. Christians brainwashed themselves repeating few quotes, neglecting the rest

As we see, **Hyung Jin did the same** with True Father's words; repeating only chosen words of True Father,

- (1) instrumental to **elevate himself** in a position and
- (2) all the words of True Father, allowing him to accuse other

(Well that's Evil... and definitely self-centered)

So they now teach Divine Principle and True Father's words only in a way that serves their **selfish agendas** -- mainly to accuse and accuse. And obviously that's **vitaly important for their existence** and in some strange way is the very **common base** uniting them around Hyung Jin.

Fascinated by gossiping, resentment and accusations

For every normal person, with heart and conscience, that seems evil and sick. But for some reason they are all fascinated exactly by this aspect -- **gossiping, resentment, accusations**... it gives them life, makes them feel loved, feel accepted, feel understood.

After years of keeping this resentment in their hearts. Finally they can freely talk about it with others who support them in this resentment and accusations. **THE ONLY PROBLEM IS!** -- **This will not liberate**

their hearts. This is just Satan's lie, that revenging, judging, will some how set them free of the pain. But not! They just have entered into the trap, where all who ended in Hell had fallen.

True Family is the Center of Restoration

Why? **It's returning resurrection...** of all these trapped in Hell. But can Sanctuary Church liberate them? No! True Mother is the one taking the accusations and making the indemnity, by gladly enduring. Yet, keeping such a loving heart. This is amazing!

"All key problems are being solved in the Last Days inside the True Family.. It's painful, but unavoidable. They are the very center of the providence. Without going to the bottom of Hell it's impossible to completely heal all the resentment in history. True Parents knew all that from long ago. But how they live with that burden is difficult for me to comprehend. This is very painful... but for this they are the Messiah."
