

## Sanctuary Church Manipulative Statements Discredited

"God likes to see His dual characteristics of Masculinity and Femininity perfectly manifested on earth, centering on His Word. the True Parents are the example of this. True Parents are indeed victorious. That's why God is in True Parents and they are in God." Victory of Love p. 261

To destroy that victory Satan decided to invade their sons, believing they are his chance to abolish Father's victorious foundation. Obsessed by the same resentment and strive for control Hyung Jin and Kook Jin began to twist the logic and manipulate members into the same negative heart.

1. The Successor: Sanctuary Church falsely claim that True Parents transferred their position on Hyung Jin. Their own arguments are misdirection from the real meaning of Father' words:

Praying over Hyung Jin, Father said, "God is the one King of Kings. There is only one set of True Parents... command center of cosmic peace and unity." (June 5, 2010) Father gave him the responsibility to inherit and represent them, not to go against them. Read, [Hyungjin's claim of Position: Discredited](#)

2. Changing Cheon Seong Gyeong: Sanctuary Church claims Mother changed Cheon Seong Gyeong. In fact, Mother followed Father's directions, it was Hyung Jin, who didn't want Father's words correct. Read [Father's instructions](#), why Hyung Jin does not like them?

3. Praying to Heavenly Parents: This was Father's original explanation. It's in the Original Divine Principle written by Father. ([Read more](#)) Again Hyung Jin dislikes Father's request, but blames Mother.

4. Only Begotten Daughter: Father sad in hundreds of quotes, that Mother is the sinless, "Only Begotten Daughter". Sanctuary Church jumped to accuse and create negativity. Only recently R.Panzer admitted this is Father's teaching, but did not apologize and Sanctuary Church members still accuse Mother for repeating Father's teachings. ([See Father's quotes](#))

5. Few more points from Father's teachings, Sanctuary Church dislikes and blames on Mother:

Father born with Original Sin; Mother's lineage purified in the womb ([Father's words](#))

True Mother helped Father's mission ([Father said so](#))

Hak Ja Han was educated by God not only Father ([Spiritual understanding](#))

2000 NT was to restore a True Woman; Han lineage prepared ([Central Divine Principle teaching](#))

It's enough to know Divine Principle, to understand Mother is correct, but more important Father said all these things. Mother is just repeating his words; Of course Mother's lineage was prepared and how much God was teaching Mother, since she is His feminine expression. Divine Principle is very clear that the whole NT was for the Bride to be prepared and no one can deny, Mother was Father's greatest support.

Why would Sanctuary Church have problems with that. They simply try to create negativity out of anything. It's simply the nature of their hearts -- revealing their own evil nature. So painful to observe how much they are [invaded by evil spirits](#). This is the result of Hyung Jin replacing Father's tradition of Hoon Dok Hae with [Negativity for Morning Inspiration](#)

I was there when our theologians read these quotes from Father. It's several pages, printed in the conference book, so I'm not including them here. But their comment was, "We may not understand everything and other quotes may come out, but we need to try to understand why Father said such things." Question is, why Sanctuary Church goes against Father and against the Principle? Why they ruthlessly blame Mother for things Father explained long ago? [See Kook Jin's video to understand](#)... they simply don't care; they want to change all Father's teachings and traditions, centered on themselves.

"There is no ideology you need other than the ideology of True Parents... We should not accept anyone's unrighteous ideology. I cannot endorse (Hyung Jin's) ideology or anyone else's. There is only one ideology, that of the True Parents." CSG1

### Key Manipulative Points in Sanctuary Church Education

In the chart below you can see some of the key points in their self-brainwashing education. Notice that all their sermons are circulating around these points in an attempt to glorify Hyung Jin and discredit Foundation of Faith; nothing about restoring the world. They enjoy in the success of making few more people negative, neglecting the fact that meanwhile they are destroying ruthlessly Father's foundation.

1. (1983) When True Father is not here, you look for my Abel Type Child for guidance. Father was specific, it should be one that is accepted by everyone, not like Hyung Jin, who is annoying most members with his evil labeling, accusations, rebellious nature, hate for Muslims, hate for refugees, hate of his own mother. Instead, should be one that inherited Father's heart and tradition, that can unify the world. As for the moment, Sun Jin and Kwon Jin are the most faithful, humble and serving of the True Children.

Inheriting True Parents' standard takes time and efforts. It includes personal responsibility in which even God cannot interfere. That's why father blessed each of his children to be his heir. Even Hyun Jin was given that responsibility in a ceremony. But he failed and Father told him to step aside. Instead he rebelled and fought for money and property.

"A True Child dedicates his heart and original mind absolutely, unconditionally and willingly to God and True Parents." Heung Jin Nim, from the Spirit World

Hyung Jin is trying to find excuses for Reversal of Dominion, but the vertical standard is eternal:

"Children must obey their parents... since parents' love is in the highest position, the sons and daughters... will obey them for a thousand and ten thousand years and... wander about through mountains and valleys in order to inherit that love. You must continue the tradition of loving your parents even if you are showered in smelly manure. Your parents' words, "Practice filial piety," are words that lead you to the position where you can inherit the love you can be proud of for eternity. This is how it should be " Cheon Seong Gyeong

2. In 1992-1999 Mother was to grow to World Level Mother. She was still to be careful. She completed it successfully, so in 1999 Lucifer surrendered (The Blessing Realm spread worldwide). But Lucifer's subordinates became crazy and started all sort of terrorist attacks around the world. 2000 to 2012 was to restore the Period of United Kingdom. Read [Unification Parallels of History](#).

3. Father was hoping such a son would appear among his children. But by 2008 he knew, he cannot trust his children, so he instructed Hyung Jin for 8 hours that Mother is the top decision maker and he should not make problems about succession after his passing, and should never deny True parents. ([See Video](#))

In 2011 Father scolded leaders not to follow his children, "They are not the center", he said, "They ignore me and claim that their decisions are better than mine... There are so many lies that they are saying, claiming its essence is true, or Father approved this or that etc. It's ridiculous!" ([See Video](#))

The most faithful of the children now rise to be, Sun Jin and Kwon Jin, humbly sacrificing with amazing heart. Meanwhile we see Hyung and Kook changing all father's teachings and saying Father was not telling us the truth. (See [Video with Kook Jin](#) openly saying that)

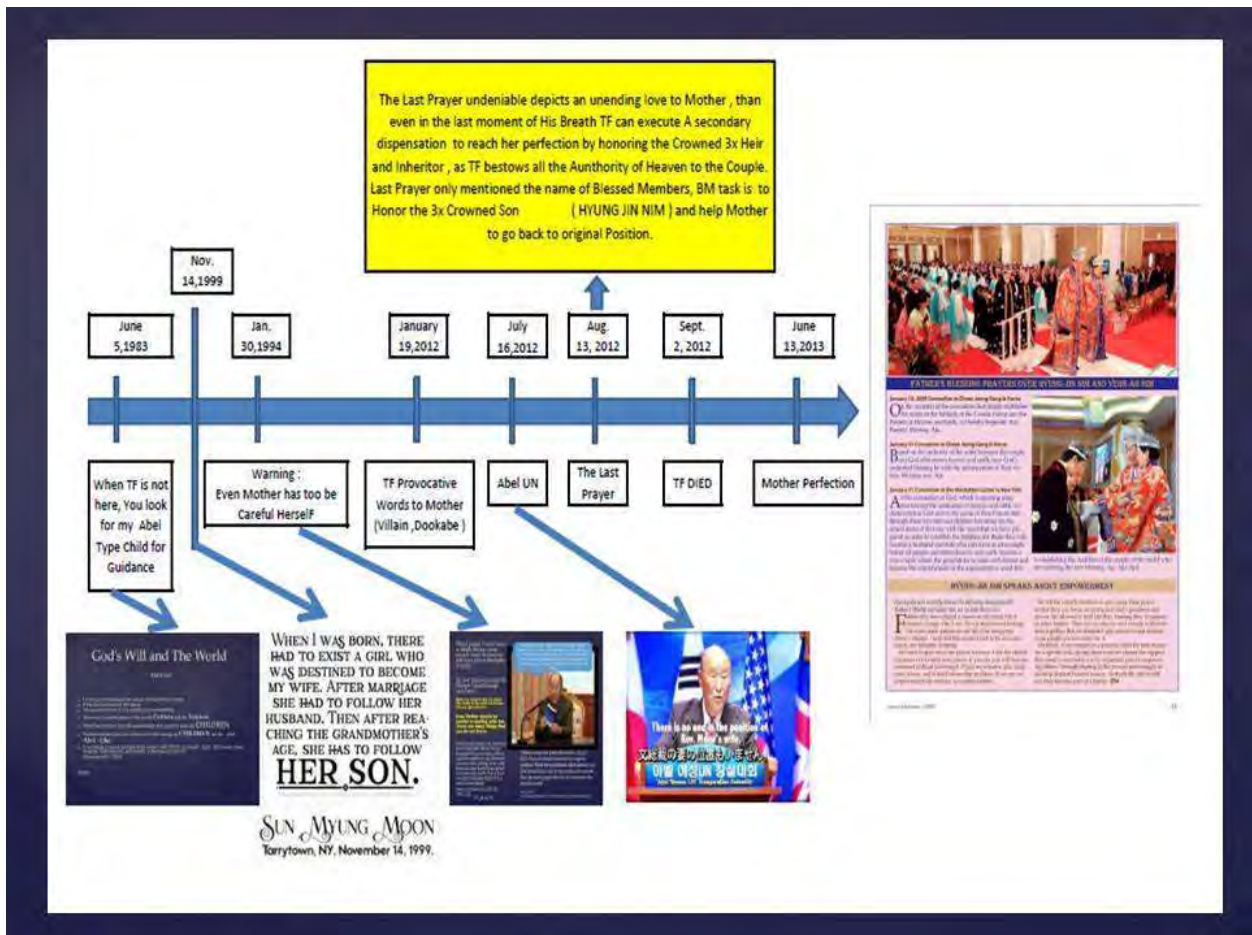

But Father says otherwise:

"What is the way that True Parents and true children can meet each other? It is through true words. Those words are my words. You cannot be children without knowing my words. My words are absolute and true." Cheon Seong Gyeong

4. Sanctuary Church's theology bases mainly on rumors of Father saying something against Mother. In their mind, if I scold my wife, I have to divorce her. If she expresses difference in opinion I have to not only divorce her, but damn her to eternal hell. This only shows their immature level of heart. Some Christians also had this wrong attitude to feel joy even if their relatives go to Hell, but in Unificationism we take responsibility even for the mistakes of others, so everyone can reach perfection. This way subject protects his object.

But Hyung Jin is still immature to be such responsible subject; stuck in the satanic realm of accusations and judging ([read](#)); Complete misunderstanding of Father's teachings and tradition:

"If the Savior is coming to save... should not judge humanity... cannot make even one person give in by hitting him... The sacrificial love of a mother... can have the power to make the disobedient child repent and come back to the right path... Even for God... cosmic unification is impossible without true love. "Cheon Seong Gyeong p. 2098

5. 2012 -- Father's last public speech: Sanctuary Church made on purpose WRONG SUBTITLES (How evil heart one has to do such things): Correct TRANSLATION: "I have raised Mother. [If not for me,] there would not have been [True] Mother. There would not have been Rev. Moon's wife." Then Father explained Mother's victory and why women will bring peace, not men. He said is a matter of life and death to follow Mother completely. See [complete video](#) with the correct subtitles:

"We need to devote ourselves completely with a life or death commitment... under the guidance of True Parents, who are... the substantial selves of God, the King of peace... Under True Mother as the victorious representative... the model of a true mother and true wife and form ideal families through a true love movement." [Father, 16 July, 2012](#)

### D-Day of Hope and Victory

In 1960, True Parents had the first stage of the holy wedding. The second stage took place at their 50th wedding anniversary, and Father announced that on D-Day, which is Jan. 13, 2013, True Parents will have the holy matrimony of the completed stage. At the same time, all humankind must attend and join this holy matrimony. It's the day of the perfection of True Parents.

"By having the holy wedding ceremony of perfected True Parents... we will enter the era... for a perfected heaven and earth... when True Parents can proclaim their perfection... and we will enter the era when (True) Parents have absolute authority over heaven and earth." Father -- Aug 29, 2011

Accordingly, this is the wedding of Heaven and Earth -- the perfection of the Cosmos; Father in Heaven (S) and Mother on Earth (O) = Heavenly Parents (The whole Cosmos centered on God, for the first time). Since Father stands as the center of the spirit world and Mother as the center of the physical world. That's why, "True Parents have absolute authority over heaven and earth."

"Think about it based on the Principle. Did sons and daughters exist before True Parents? [No.] Whose sons and daughters are you? Are you True Parents' sons and daughters?... There is one lineage, not two... So, will you come to True Parents' wedding, or not?" Father -- Sep. 2, 2011

On September 13, 2011 Father gave another hint, that he will be in the spirit world on that ceremony, "I become 93 years old, Mother will become 70 years old, and there is a 23-year difference. On that day, the difference of 23 years old will be eliminated and we will become one."

"The day of True Parents' wedding ceremony is... the registration of the birth of their sons and daughters is accomplished after they graduate from the satanic world. I must receive the royal seal proving that you are True Parents' sons and daughters." Father -- Jun 9, 2012

In additions Peter Kim reported, "After the wedding ceremony, we must overcome the 8 stages of our life course, which is an indemnity course, and then we will live in a world of freedom and liberty." Meaning, after 2013 families will undergo indemnity course to reach perfection and qualify to live in that new age. This may explain the division of resentful members (Sanctuary Church) and faithful members (Foundation of Faith).

"Until now... God has not been married yet. You have heard 'Heavenly Father,' but have you heard 'Heavenly Mother'? Without heavenly father and mother, there can't be sons and daughters." January 11, 2012 " Father -- Jun 9, 2012

True Father has been in an intense fight with an illness since August 3, 2012. July 24, 2012 Hoon Dok Hae Father said, "Mother is like my physical body," implying that soon she will be the one he will work through from the spirit world.

### **The myth of Mother changing Cheon Seong Gyeong**

When you read Father's own words, Mother followed exactly his directions. Hyung Jin is the one who wanted not to follow them and stay with the partial text, full of repetitions and wrong quotes. Ironically, Hyung Jin is changing one by one, all key teachings of Father. Read, [Father's instructions on revising Cheon Seong Gyeong](#)

"The first and second sorting process have been conducted. It consists of around 2,300 pages. Look at the huge amount of pages. No one among you is capable of conducting the task of reducing it. I will work on reducing it... complete it before I die and mark it with a seal"(vol. 434-128, Jan 30, 2004).

"I taught you based on Cheon Seong Gyeong; however, if there is anything that is left out from it, you must supplement it all in order to educate inadequate man. If you do so, there won't be any problems." (582-287, Dec 12, 2007)

In the new revised version of Cheon Seong Gyeong:

- (1) misquotes of Father's words corrected to the original source,
- (2) repetitions are removed
- (3) more of Father's words are added
- (4) Father's own comments are added
- (5) Father's more recent providential words are included
- (5) Father's request to add 2nd and 3rd volume is followed
- (6) Some chapters from book 1 are moved in book 2 or 3

### **True Parents are the Word in Substance**

Let's not forget, that True Parents are the word in substance, which is even more important and precious than any book. Without the substantial incarnation of God's word in a True Family, all books are just an empty slogan with no foundation.

"The word, this is the True Parents. The perfection of the Principle is the True Parents, and it is the God of Night and the God of Day who are perfected through them... Only when the True Parents appeared could the God of Night and the God of Day take their positions." [Father, July 26, 2011](#)

Even in his [last public speech](#), just before his passing, Father told us, that Mother is the victorious model we should follow in building God's Ideal. And we see that mother completely followed Father's directions in revising Cheon Seong Gyeong.

True Father clearly warned Hyung Jin [not to proclaim himself a New Center and deny True Parents](#)... As filial son, he was to sacrifice his life to support and protect Mother, thus protect Father's legacy and fulfill his [responsibility 'to become hair'](#) by [overcoming Lucifer's rebellious nature](#).

"God lives within the True Parents who have sacrificed themselves for each one of you. So if you fail to understand and follow them, you will be the failure, not True Parents. If you cannot see what they have done for you and me, then you are blind." Victory of Love, p.261

### **Father's Last Request**

Interesting, how we see the unity of True Mother and the 2 wives of children in the Sp.W. I was surprised when I found that Father predicted that. "The men failed twice, so the women must do it from now on." Father, Cheon Seong Gyeong

Just few weeks before his passing, Rev. Moon proclaimed that Men were "unable to bring peace... stuck in personal interest" and power struggles, so now providence on Earth centers on women to bring peace (True Mother and daughters); centered on husbands in the spirit world (True Father and husbands).

In terms of the Cosmic providence; Father in Heaven (S) and Mother on Earth (O) = Heavenly Parents (The whole Cosmos centered on God, for the first time). Just as Rev. Moon predicted:

"The women must take charge of the devils of this earth. In that way, the men can defeat the devils in spirit world." Cheon Seong Gyeong

That's why before his passing, Father asked us to center on Mother:

"I sincerely ask you to choose True Mother's path; the path of a true wife, of a true daughter and of a true woman leader who will build a unified world where freedom, peace and happiness overflow in its truest form." Father -- July 16, 2012

"Women should play a major role", Father said, "women will be the central axis in building... loving, peaceful culture" and remind us of "the declaration of the advent of the global era of women":

"I declared the arrival of the era of women. I made this declaration because the time was ripe to do so. Wait and see if the age of women comes now or not." Cheon Seong Gyeong

We cry and prayer True Children grow in heart. We ourselves want to live with the heart that soon True Family will be united.
