

Hyung Jin Moon's Sanctuary Church denied Cheon Seong Gyeong

Cheon Seong Gyeong
Corrected according to Father's instructions !!!

Misquoted words,
repetitions, mistakes

→

Father never wrote CSG -
editors did compile the text
from Father's words.

Doing it in a hurry, there were
many mistakes.

Mother never edited anything
herself. She simply asked
editors to fulfill quickly
Father's instructions.

Hyung Jin and Kook Jin denied
Father's words completely.

Father's original words.
According to Father's
direction.

Cheon Seong Gyeong

Sanctuary Church denied Cheon Seong Gyeong, created totally new and strange theology, but kept hiding behind the accusations that Mother did that

True Father instructed the reduction of the previous edition of Cheon Seong Gyeong, emphasizing the necessity of a new compilation project. Father said, if the text is not corrected, there will be divisions. So pity, that corrections were not finished earlier. Egocentric, negative people like SC would not have had so much chance to manipulate with nasty irrational negativity. But fact is, Father requested to reduce the text, no matter how much SC dislike this. Read, [Father: Hyung Jin is not the Center](#)

*"The first and second sorting process have been conducted. It consists of around 2,300 pages. Look at the huge amount of pages. No one among you is capable of conducting the **task of reducing it**. I will work on reducing it myself, complete it before I die and mark it with a seal"* (vol. 434-128, Jan 30, 2004).

Sanctuary Church admits that in 2004 Father spoke of the need for more edits on Cheon Seong Gyeong. But they say, the final version was released 2 years later, in May 2006. Really, show me the revised version without the overlapping content. Where is it? Show me the reduced version where the quotes are really from Father, not misinterpreted, like in the first version. We find no such reduced text in 2006. Instead we see Father keep talking that this project should be finished by 2013.

FATHER Instructed

"reduce CSG"

"all 480 volumes are important"

HYUNG JIN Objects

"Why is CSG reduced"

"Only few quotes from 8 books are important"

You see, Father said to reduce the text and add more of his important words. The new version did just that. But Sanctuary Church don't like it. They want the old version. They accuse for any quote removed. Even those that are actually kept in the 2nd book - CBG. Thus they don't like Father's instructions. It's OK they don't like Father, but I don't understand why they blame Mother for that.

Father said, reduce CSG. It's too long. Then it will be sealed, he said! The committee did their best, based on his instructions. During the work they found that many quotes were not Father's original words. So they had to correct according to Father's audio recordings. Why SC think this is wrong? Why SC loves the misquotes and hates the true quotes? STRANGE

SC criticism is a sign of narrow-mindedness and lack of heart. But coming from Sanctuary Church, where Kook Jin [openly denied CSG and DP](#), sounds really meaningless.

In the new revised version of CSG:

(1) misquotes of Father's words corrected to the original source,

- (2) repetitions are removed
- (3) more of Father's words are added
- (4) Father's own comments are added
- (5) Father's more recent providential words are included
- (5) Father's request to add 2nd and 3rd volume is followed
- (6) Some chapters from book 1 are moved in book 2 or 3

Let's see what Father said in 2009:

"The first volume of Cheon Seong Gyeong has been issued. Based on the first, second and third volume, we must then add contents of the encyclopedia and ensure that all preparations are made so that everything can be concluded by January 13, 2013"(vol. 611-282, May 17, 2009).

Hyung Jin's New Anti-Father Theology, disguised under Blames towards Mother

Sanctuary Church twist facts and quotes to make it seem that Mother has a new theology in which Father is barely mentioned. Really! Did King Hyung Jin tell you so, for we don't see such thing. Why do SC ignore when we show them Father's words, showing that this is Father's theology.

New theology? And Mrs Kang is the 'mother of the Apocalypse', the pregnant woman made so by a Planet. You cannot spin your way out of that Richard.

Let's face the fact, Sanctuary Church does not like Father's theology. They don't like the concept of True Parents as Unity, through which God expresses. Instead, Hyung Jin created new theology resembling much more some Christian mistakes, rather than anything of his Father's teachings and deeds.

The Holy Spirit is Male according to Kook/Hyung and Father changed his theology right? All male Trinity? Lol

Satan's nature is to accuse, yet not be seen as the accuser. He is very manipulative. His accusations are not always direct, but settled and transferred directly in other's hearts [through gossiping](#). Read, [Hyung Jin Caught Lying Again](#). Hyung Jin lied to create the gossip that Father divorced Mother. Is this Isaac's heart of Ham's nature?

"If you want to be a true Ham, you have to defend the realm of True Parents." (Victory of Love p. 241)

Father clearly warned Hyung Jin [not to proclaim himself a New Center and deny TPs](#)... As filial son, he was to sacrifice his life to support and protect Mother, thus protect Father's legacy and fulfill his [responsibility 'to become hair'](#) by [overcoming Lucifer's rebellious nature](#).

The 4 Fallen Natures: The key points of this evil process:

1. Seeing from self-centered perspective
2. Displeased feelings
3. Stirring up the same emotion in others
4. They are now agitated by Ham in the same emotion to resent the person in God's position

The low spiritual state of Sanctuary Church

Lower stages people tend to go to more negative emotions (like SC), at higher levels they learn to undergo any situation with love (like TM). Thus you see, a mature (perfected) individual will not go in negative emotions (gossip and accuse like H2) but gladly endure even when falsely accused (as Mother). Yet, if a good person, like Hyung Jin, undergoes bad experiences and develops a resentful heart, he is dragged to Hell.

To be free of Satan's attacks, a person should not have such low vibrations attracting such low spirits. When the [Resonance of his Heart](#) is below 200 Hz the person is automatically influenced by evil spirits. Soon such people start doubting, gossiping, accusing. Such emotions in resonance under 100 automatically place them in contact with Hell (Unprincipled realm - under Formation Stage). So it is a sin!

[Gossiping Ham nature of Hyungjin](#)

[SANCTUARY CHURCH: Manipulated by Evil Emotions](#)

This vibrational common base pulls them further down. Fear (100 Hz) leads down to Doubts (75 Hz) and Painful heart (20 Hz), which turn you negative, rebellious, resentful, like Hyung Jin. Under this low resonance a person cannot function properly as God's child and automatically reverts to gossiping, ridiculing others, accusing and resenting - all signs of a person in a low spiritual resonance, connected to Hell.

"Make yourself a tuning fork, resonating with and vibrating along God's frequency. Resonate with God's unselfishness." - Father [On Spiritual Help](#)

We should always live in love and above. We should be in resonance where we can have common base with God. Being in **resonance above 500** automatically puts you in the protection of the high spirit world.

If we look at the difference of heart; the problem with SC is all about "vibrational mismatch". In Mother's speeches we see God's heart and love. In CIG we cannot accept resonance of fear, doubts, negativity, criticism, gossiping and labeling. Those with low resonance, like SC, see only negativity and doomsday, those with high resonance see the building of God's Kingdom.

A Proper Understanding of the Revised Version of Cheon Seong Gyeong

Kyeong Seuk Lu May 7, 2013

The stance of some key figures concerning criticism over the Cheon Il Guk scriptures

After True Father's ascension, brothers and sisters of the Unification community were all entrusted with the most urgent task of inheriting **the unfinished works of True Father**. We must hand down the teachings, accomplishments and traditions left by True Father, while he was still on earth, to all the generations to come and establish the Cheon Il Guk True Parents have sincerely hoped for until now.

On November 29, 2012, True Mother said, "True Parents' teachings and accomplishments are gems. I will make these gems into precious stones of the finest value" and then **instructed the compilation project** of the Cheon Il Guk scriptures to be conducted. During the publication ceremony of the revised version of Cheon Seon Gyeong and Pyeonghwa Gyeong on June 10, True Mother remarked,

"I am immensely happy to see that True Father's teachings are not dispersed and have become beautiful gems that have all been threaded in one line."

At a time when we must all delight over the dedication of Cheon Seong Gyeong and Pyeonghwa Gyeong of the Cheon Il Guk scriptures at this providential point, there have been **some thoughtless people** who have been sending seditious documents to blessed families, harming the value of the scriptures through online blogs, and going as far as shaking even the identity of True Parents. These people are among those who have been going against True Parents' will, opposing us for opposition's sake alone. Read, [WARNING: IMPLANTED MANIPULATORS AIMING TO DESTROY TP](#)

Though we should all coalesce through the new scriptures bestowed to us by True Parents in this Cheon Il Guk era, we are deeply concerned that these people are not only afflicting pain to True Mother through their letters to her, but also going against the providence by **misleading the public** opinion. The situation has gone to such a state that we feel there are no other alternative but to step forward in clarifying the anti-providential assertions made by these people.

Therefore, we would like to ask all pastors to guide members so that they become well informed, have a proper understanding of the value of Cheon Il Guk scriptures, and become reborn through a life of Hoon Dok Hae.

1. Concerning the assertion "**Do not tamper with it.**" While True Father was still alive, he spoke a lot about the preciousness of Cheon Seong Gyeong and told a few key leaders "not to tamper" with Cheon Seong Gyeong. Some members of the opposing group have been bombarding the revised Cheon Seong Gyeong with criticism based on the above grounds.

However, True Mother, who has been leading the providence on earth in True Father's place, gave the instructions to start the supplementation project of Cheon Seong Gyeong in order to **add all the teachings Father gave** until his ascension and make it into a scripture that can be passed down for generations. True Mother, who has always been on True Father's side, knew what Father's thoughts on Cheon Seong Gyeong were.

True Father talked about the importance of a second and third volume of Cheon Seong Gyeong.

"Cheon Seong Gyeong consists of teachings extracted from the 480 published volumes of my

sermons. I am waiting for the unpublished content, which is three times more, to be published through a second or third volume of Cheon Seong Gyeong" (True Father's sermon vol. 599-85, Sept 25, 2008).

Father also said,

"The first volume of Cheon Seong Gyeong has been issued. Based on the first, second and third volume, we must then add contents of the encyclopedia and ensure that all preparations are made so that everything can be concluded by January 13, 2013"(vol. 611-282, May 17, 2009).

Here, True Father mentioned that the new Cheon Seong Gyeong must be **ready by Foundation Day**. He also remarked,

*"Cheon Seong Gyeong has been compiled based on 400 volumes of my sermons which make up only one third of 1,200 volumes. The Cheon Seong Gyeong contents have been extracted from only one third of published volumes. Two or three times **more contents must be published"** (vol. 599-110, Oct 10, 2008).*

He also emphasized, "Cheon Seong Gyeong has been extracted from 400 of the published volumes. I recently heard that sermon volumes have totaled to 500 volumes, right? I am waiting for more to be published. If Cheon Seong Gyeong has been extracted from that amount of volumes, then imagine how many Cheon Seong Gyeong volumes can be published" (591-192, May 30, 2008).

True Father also talked about the reduction project of the previous edition of Cheon Seong Gyeong, emphasizing the necessity of a new compilation project:

*"The first and **second sorting process** have been conducted. It consists of around 2,300 pages. Look at the huge amount of pages. No one among you is capable of conducting the **task of reducing it**. I will work on reducing it myself, complete it before I die and mark it with a seal" (vol. 434-128, Jan 30, 2004).*

Father also talked about the supplementation project of Cheon Seong Gyeong,

*"I taught you based on Cheon Seong Gyeong; however, **if there is anything that is left out from it, you must supplement it** all in order to educate inadequate man. If you do so, there won't be any problems." (582-287, Dec 12, 2007)*

No one can meddle with True Parents' teachings from a human level. However, True Mother allowed the publication of the revised Cheon Seong Gyeong so that True Parents' teachings and tradition are passed down for generations.

Putting into consideration the preciousness of True Father's teachings, the compilation committee focused on supplementing Cheon Seong Gyeong with Father's sermons after 2000 and teachings Father emphasized on countless occasions during official meetings that were nevertheless omitted while grounding it on the previously published Cheon Seong Gyeong at the same time.

2. Concerning the assertion of extreme embellishment and elimination of Father's teachings Among those opposing the new Cheon Seong Gyeong, a member sent a letter to True Mother strongly criticizing the extreme embellishment of Father's teachings, which according to this member, has dented the basis of the word. This again is a mere conjecture.

The new CSG restored distorted quotes or altered teachings

The major standard, with which the supplementation project of Cheon Seong Gyeong was conducted on, was to **quote only from True Parents' original sermons in its intact form**. For the past ten months, domestic experts including professors of theology compared Cheon Seong Gyeong with the original teachings within Father's sermon volumes day and night and corrected mistakes within the previous edition based on the comparison. They **restored distorted quotes or altered teachings** into its original form.

Repeated paragraphs were replaced with new extracts from True Father

Repeated paragraphs, in particular, were **replaced** with new extracts from Father's teachings. The entire team completely immersed themselves within the compilation project in order to come up with a scripture that can be passed down to all generations for eternity.

Some of the opposing groups also assert that 80-90% of the previous edition was deleted in the new edition with only 10-20% of the previous contents left. This is completely different from the truth. The previous edition had sixteen books while the revised edition combined books with similar contents such as "Life on Earth and the Spiritual World" and "Human Life and the World of Spiritual Beings" and added the book of True Parents' Prayers.

The revised version has been reorganized into fourteen books but still maintains its original frame. Instead, new additions such as "True Creation", "Cheon Il Guk", "Peace Ideology", "Peace Messages", "True Parents' Prayers" and other books have been made and organized in such a way that it may be helpful in guiding the life of faith of members living in this age.

In particular, opposing members have been accusing the new compilation project for having deleted 80-90% of the contents from within the previous edition; however, a **big quantity of the quotes used as extracts from Father's sermons within the previous edition were found to be wrongly recorded.** Big % were quotes with wrong sources. Their accusations are far-fetched.

Texts moved in the additional 2 books

True Father's public speeches which were included within the previous edition have been all placed within Pyeonghwa Gyeong. Also, all extracts relating to True Parents' achievements are to be included within Champumo Gyeong which will be published soon.

Hence, the criticism that the contents of the previous edition have been deleted to the extreme is **mere criticism for criticism sake.** All compilation standards were decided based on True Mother's approval. The compilation project were future-oriented in their undertaking, looking into hundreds or thousands of years later. 3. Concerning the assertion that the eight holy textbooks have been defiled The assertion made by some members of the opposing group that the eight holy text books have been dented is irrelevant. Of course, the value of the eight holy text books True Parents left to us as his will must not be dented in any way. Putting into consideration the importance of the eight holy text books, a relatively smaller content amount of "Peace Messages", "True Family, Gateway to Heaven", "Owner of Peace, Owner of Lineage", "Family Pledge" and others have been included in the revised Cheon Seong Gyeong and Pyeonghwa Gyeong so that members may always be able to do read them together.

In the process of criticizing the Cheon Il Guk scriptures, the identity of members of these opposing groups has come to light. **They are desperately trying to dent True Parents' identity and tradition.**

When we refer to True Parents, we mean True Father and True Mother. After the Holy Wedding in 1960, True Father always spoke, led the entire providence, and blessed us in the name and position of True Parents. Yet, these opposing members have been regarding the status of True Father and True Mother as different and have been criticizing everything True Mother has been conducting. Hence, **they have proven that they are the problematic group that has been trying to systematically destroy our community.**

True Parents are governing the spiritual world and physical world on the basis of having attained unity of the heart, body, and harmony. When Father proclaimed "the Cosmic Assembly for the Firm Settlement of the True Parents of Heaven, Earth, and Humankind and the Proclamation of the Substantial Word of God", he said,

"True Parents have now reached complete unity and the era of God's full transcendence, full immanence, full authority and omnipotence is dedicated and proclaimed on the standard of perfection, conclusion, and completion."

In the same way, True Father and True Mother are leading a new providential age together in the spiritual world and on earth. Likewise, the compilation project of the Cheon Il Guk scriptures was conducted by True Parents, who have become one, under the big plan to help people inherit True Parents' teachings and tradition.

Therefore, we must all receive True Parents' request, "Please use these gem-like teachings that Heaven has bestowed on us to completely dedicate yourselves in bringing salvation to humanity", with an unwavering heart. Let us all completely put our maximum effort, live up to our faith in order to establish Cheon Il Guk through Cheon Seong Gyeong and Pyeonghwa Gyeong.

I pray that the blessings of our Heavenly Parent and True Parents of Heaven, Earth, and Humankind shower upon your families and churches as you read the Cheon Il Guk scriptures. Thank you very much.
