Ambassadors for Peace Training Program

On Saturday, February 15, from 9 to 15 CET, UPF Switzerland, supported by Youth and Students for Peace (YSP), is organising a training program for Ambassadors for Peace, onsite in Geneva, and Biel, and on Zoom. It provides an opportunity to review one's basic understanding of the fundamentals of human life and universally shared values and principles. It takes into account the multifaceted world in which we live as well as new discoveries in science and psychology, with wording accessible to most people.

The seminar will be in English and French.
