

2016 New Year Greetings

Dear Beloved Brothers and Sisters

Many greetings on this New Year Season of 2016.

In May 2015 we had an unforgettable experience welcoming beloved True Mother in Vienna at the Celebration of the 50th Anniversary of Unification Movement in Europe. It was our great honor and privilege to be with you as Special Emissaries of True Mother to Europe on such meaningful occasion.

When we visited your communities and nations we were so inspired by the testimonies about your historical sacrifices and absolute faith.

For this coming New Year 2016, we will do our best to be a bridge between True Mother and local mission fields.

We truly hope that all leaders and family members unite as one heart to realize the ideal of Chun Il Guk on this earth.

May you and your family be always healthy and happy in the love of True Parents and achieve great victories in the mission of Tribal Messiahship.

Sincerely

No Hi Pak and Lan Young Moon
