Reflection

Pastor Paul Vouka, said: “We thank God for giving us the opportunity this afternoon to learn many good things through the teachings of the Universal Peace Federation.

Two points caught my attention, the Family and Sexuality. Indeed, parents are the lighthouses of the family. They have a responsibility to educate children in the right direction helping them to become good executives of society. Our children will soon return to school they need education about sexuality.’’

We ask the UPF to come back to our church to give us all the relative teachings. As a chief pastor, I will mobilize all members of the community to take part.

We thank you very much for your hard work. We are waiting for you with open arms for the rest of the teaching program. God bless you!

The prayer of Pastor Jean Paul GERE-KOMBWANGA closed this event.
