Peace Road Vision

In an address at the United Nations Dr. Sun Myung Moon, founder of the International Peace Highway initiative said:

“This tunnel [international peace highway] can help make the world a single community at last...Think of how much money the world is wasting on war. The time has come for nations to work together, pool their resources and, as the prophet Isaiah taught, beat our swords into plowshares and pruning hooks.”

“I want everyone to be able to travel the International Peace Highway by car or even bicycle from Cape Town to Santiago, from London to New York. I want taking a trip your sweetheart through any country around the world to be as easy as visiting your hometown.” - Dr. Hak Ja Han Moon

Please donate to support the Taqwa Community youth service project and Peace Road 2021 Northeast Tour!
