

# REPORT ON THE “AS A PEACE LOVING GLOBAL CITIZEN” EVENT

## *Essay Competition & 5<sup>th</sup> Anniversary of New Tirana CARP branch*

After two months of preparations we finally could organize the event in honor of True Father’s 100<sup>th</sup> and True Mother’s 77<sup>th</sup> anniversary. We are happy to report that we had a great participation. It is always overwhelming to see other people, non-members to be impressed by True Parent’s life and the mission of YSP and W-CARP. Almost 160 people joined our event and enjoyed our great program.

The event was moderated by our two amazing MC’s, Ardit Matraku and Besiko Llaha who both kept a really enthusiastic attitude.

## ARTISTIC PROGRAM

Something that really made our event unforgettable, were the performances. While we were preparing for the event, we were really trying to find talented people who could perform in our event. All of the performers were very professional and everyone loved the performances.

We had some Albanian folk and also modern singing and dancing, someone who played the piano, two solos of violins, an opera performance and also a recital.

### **Celebration of the 5<sup>th</sup> Anniversary of NEW Tirana CARP**

New Tirana CARP branch was opened on February 2015 and of course we had to celebrate it. The first part of the celebration was a Gratitude Ceremony where the pioneers and the others who helped in opening this center were awarded a certificate and a gift to show the gratitude and appreciation for their work and contribution. We were happy to have in the audience two of the pioneers, Mrs. Majlinda Ziko who was the center leader as well for some years and Mr. Agron Pacolli. They shared some words about their experience with the audience.

Then we continued with a proper celebration with a cake and it was great to see that even the participants easily joined our celebrations and were singing Happy Birthday to CARP and also were wishing CARP many years ahead.

We are very grateful to Heavenly Parent, to True Parents and to all brothers and sisters for these 5 years. It is good that each anniversary passing we are growing in number and we hope to continue like this.

## Essay Competition

A very important part of the event was the Essay Competition based on True Father's autobiography. There were 40 applicants who read the book and sent us their essays. We were very touched by some essays and impressed that some people could really understand True Father's mission and how important his teachings are. It was very hard to pick a winner.

There were two categories, one for university students and for high school students and each category had three winners, so in total six winners. The third place were awarded a all-paid DP workshop that we are going to have on March. The second place were awarded a gift and the first place were awarded 200\$.

We hope we can bring success and victory in God's providence in Albania and we hope we can resemble True Parents and make them proud.

We greet you with this report and we wish you all the best!

God bless you!
