The atmosphere there was great and people loved the book.

4. RECHARGING WORKSHOP IN THETH

On the third weekend of September: 18, 19 and 20; we decided to spend a whole weekend in nature, away from urban area and the stress we face every day, so we could have more personal time with God and nature. Theth is a place near the city of Shkodër visited by many tourists in Spring and Summer. Theth is known for it's famous Blue Eye wellspring. The nature there is beautiful and the water is crystal clear. We camped there for 1 night and we could clearly see the sky at night with it's millions of stars. This workshop made us realize how God poured Himself in everything for our sake.

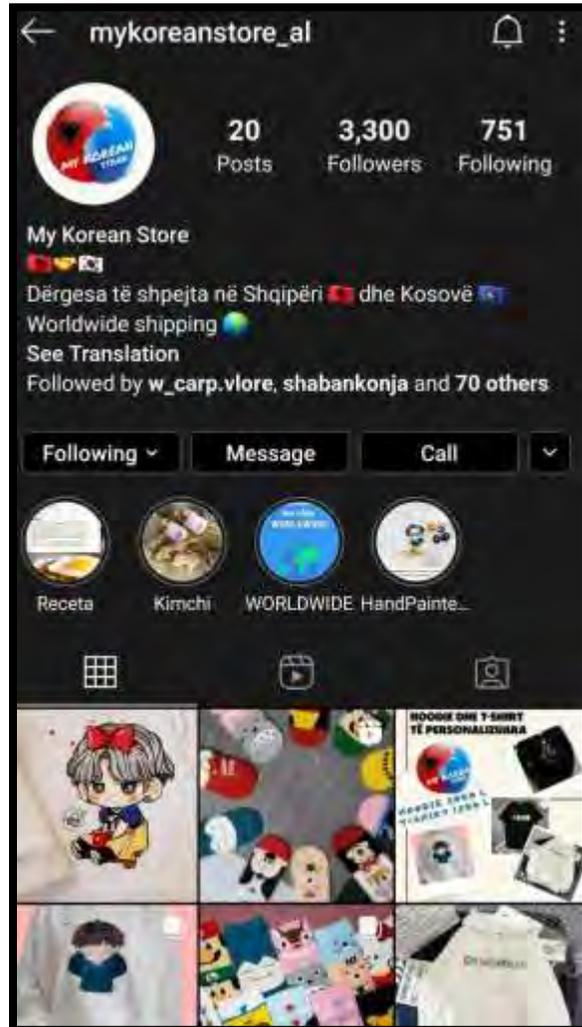

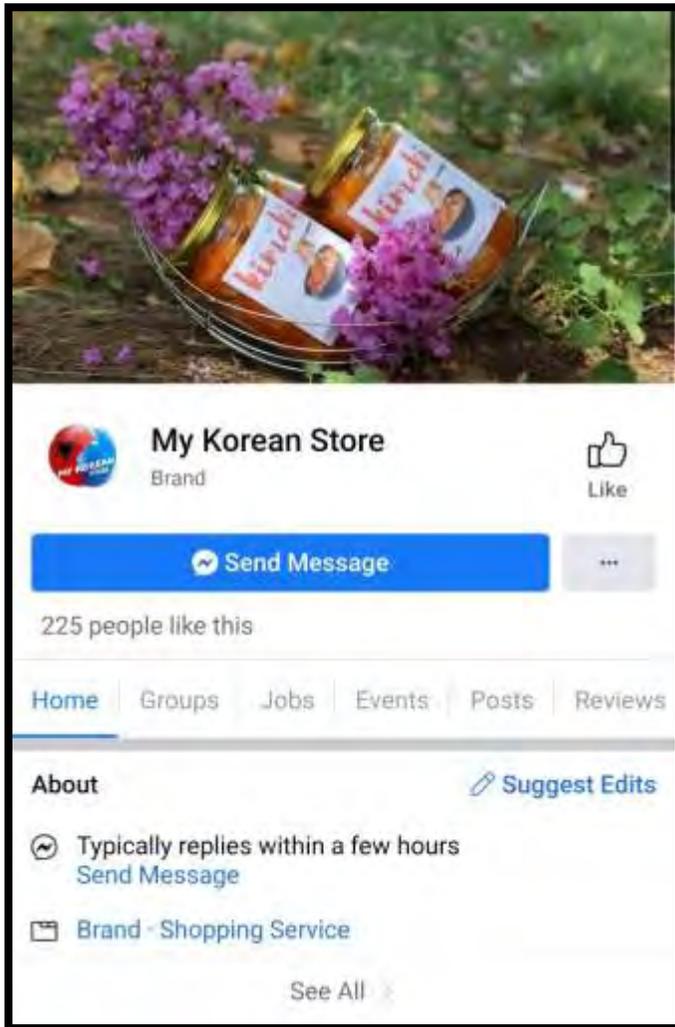

5. DAY VOLUNTEERING AT “MRIZI I ZANAVE” AGRITOURISM

Some of the members were not familiar with different works in village, so we decided to spend a day in a famous agritourism resort and we helped them by doing small village work like cleaning ear of corn. By doing these type of work we could understand the heart of village workers that have done these their whole life. They posted photo of us and we were thanked by many people on their social medias.

6. MY KOREAN STORE

Our online store is starting to grow bit by bit. We have sold over 40 Kimchi jars, 8 hoodies (some of them were hand painted by a sister) and 15 pairs of socks. We are doing different types of advertising on social medias but also we have sold many of them to the members in Albania.

7. CARP MEETINGS AND WITNESSING

Even though we are going through difficult times with the virus, we were capable to do some physical CARP meetings. Guest were able to learn more about carp values bus also share with us different ways to help the community and at the same time to grow. We also were able to do witnessing in the main square of Tirana by asking youth and students for their opinion on some topics that we had. Some of them started to receive Divine Principle lectures.

8. MEMBERS WORKSHOP

On the first week of November we had a national level workshop. There were only core members or members who live in the center. That was also some time we could spend with ourselves and God. We also had some special type of challenges that made us appreciate more God and each other.

9. ZOOM MEETINGS

Since we are going through the second wave of the virus, the government has declared that universities will be held online for at least 1 month and later, if the situation gets better, we can go back in our physical classes. Because of this, we are planning to held online meetings and invite not only our guests, but we can also cooperate with different CARP centers in Albania but also with STF members from different countries. And why not, we can also invite some of you to speak in these meetings.

MAY GOD BLESS YOU AND KEEP YOU ALL SAFE AND WELL
