Teddy Verheyen

July 10, 2014

### Summary

This book was written to inform those who want to know about themselves, not only about their physical and psychological aspects, but also of the most important spiritual or divine aspect of their being.

This writing also explains how to develop one's dormant psychic senses and to understand psychic phenomena, as written in the Holy Bible. It further explains how individuals survive physical death and what kind of life they experience in the hereafter.

This manuscript goes into much detail about the differences between love and lust and why marriages are breaking up.

Humans who want to be good are often acting in an evil way, not knowing what evil is and how it originated.

This work explains how God, as Parent, has been desperately trying to restore the human race, so that it will no longer mourn the agony of life.

### About the Author

Theodore Verheven graduated from the Marine Engineering School in Leiden, The Netherlands and roamed around the world for a number of years. He also has a Master's Degree in religious education from the Unification Theological Seminary in upstate New York. In addition to having attended numerous Christian seminars, as well as meta-physical and esoteric studies since he was 28 years old and has experienced a new birth, he also has been, and still is, a lifelong seeker of Truth. Besides supporting a few members of a unique branch of Christianity in Los Angeles, he was sent two years later in 1965 as a missionary to The Netherlands. In 1973, together with his American wife and forty dedicated members, he established a religious center on top of a mountain in Bergen aan Zee, overlooking the North Sea, which is still being used today. After leading for many months in the United States an evangelical team of 70 members of ten different nationalities, he became a teacher and counselor to the rapidly expanded religious bodies throughout America and the world. However, he was not always able to answer the many questions imposed on him and began an extended research. With the help of God, he finally wrote down this manuscript for them and you. Sorry that it took me so long.

The author's name is Theodorus Verheyen. In the process of writing this script, the writer lost much of the animalistic and evilness of his being, as represented by the tail of the "y," and felt justified to change it into a "v."
