

Heavenly Chungcheong! A Heavenly, Unified Korea! True Families Are Our Hope

Gyeong-deuk Yu

October 15, 2020

Co-Regional President, FFWPU Heavenly Korea

Appointment of Cheon Il Guk Leaders for the Realization of a Heavenly Unified World

My greetings to all leaders of the heavenly, unified world and blessed families! I would like to first extend my deepest congratulations to Heavenly Parent and True Parents and heartfelt gratitude to True Mother, who is the substantial Holy Spirit and Heavenly Parent's only begotten daughter, imbued with true love. I would also like to say thank you for victoriously completing the last seven-year course, for passing on everything to all humanity through induction into CheonBowon and for embracing us all through Heavenly Parent's Holy Community.

All FFWPU and UPF leaders of the heavenly Chungcheong nation will invest their all with a life-or-death resolution to absolutely restore regional group three of heavenly Korea. Instead of my inaugural address, I will therefore read out the resolutions of the heavenly Chungcheong nation.

First, all blessed families of the heavenly Chungcheong nation will absolutely attend True Parents, and in connection with the

Cheonshimwon, we become one with and mobilize all absolute good spirits and ancestors. By 2022, all blessed families will accomplish Hoon Dok family churches and will focus on witnessing to all the people through the Holy Spirit and with the truth. It is our resolve to have all blessed families become CheonBo families and nurture all citizens of the heavenly Chungcheong nation into blessed families.

Second, under the slogan, "A heavenly, unified Korea! True families are our hope," the heavenly Chungcheong nation will form the six pillars of UPF [ISCP, IAPP, IAPD, IAAP, IMAF and IAED] to find the righteous people Heaven has prepared. We resolve to guide leaders of metropolitan cities to Heaven, expand the True Family Movement by hosting true family festivals and Blessing Ceremonies, and thereby open wide the era of a heavenly, unified Korea.

Third, the heavenly Chungcheong nation will become a training cradle of the hyojeong task force. Presently, scholarship recipients from across the world are studying in and living at Sun Moon University, Cheon Il Guk's national university, together with CARP members, with those in Sun Moon UP Academy at the center. Students trained there will become catalysts in restoring all of heavenly Korea. Furthermore, we resolve to take the lead in raising leaders that can lead the work of realizing a heavenly, unified world.

I offer my sincerest gratitude and glory to True Mother for allowing today's precious appointment ceremony, and offer these resolutions instead of my inaugural address. Thank you.
