

# One Day Divine Principle Workshop How to Restore Human Values

Bucharest, Romania, 18. January 2014

Greetings from Romania, I would like to start the report by offering sincere thanks to our Beloved Heavenly Parents, for all of their love and support for our small Romania family; I felt this first week of JeonDo (Witnessing) activity was not possible without their support, for sending us such wonderful children for us to take care of.

We concluded the first week of JeonDo (Witnessing) of 2014 with a One Day Divine Principle Workshop, in which, this time we were more clear and more organized about the level of preparation of our guests and each individual responsibility of the staff, everyone wanting to give their best in creating a positive spiritual environment for the four most precious people who attended.

The workshop was composed of Four main lectures: Introduction, Principle Of Creation, section 1,2 and 3, Human Fall, section 1, and Introduction to Restoration, that the guests already received during the week in a more synthesized manner; the lecturers today tried to give more examples and go more in to detail to give a new type of experience and a deeper understanding of the core of True

Parent's teachings, to the level which the guests can understand and digest, but also practice in their day to day life. The message was received with enthusiasm and bright spirit, which gives us all of hope for the future of our beautiful guests.

Together with the STF Europe Team, we had a chance to practice True Love and show a glimpse of what pure heart really means, to our guests, thus giving practical examples of principle embodiment in our beautiful brothers and sisters of STF, who organized a lively game for us to socialize, and create more heartistic bond with attendees, after the workshop.

We are confident that if we manage to take care properly, we can absolutely bring good fruit at the end of this year, and thus, fulfill our promise to Heavenly Parents. We absolutely believe that together we can comfort God's heart just a little more and we can restore six spiritual children by the end of this year. I would like to offer this report, with sincere gratitude to our beloved Heavenly Parent,

Thank you very much, Aju.
