

## President An's visit to Spain

Madrid, Spain, 12. – 15. April 2014

Young Shik An

President An arrived in Barcelona from Andorra by car on Saturday April 12th, at 8:30 PM in our center Roger de Flor, where we just finished a UPF lecture. Hector and Dulce had dinner with him at their home. On Sunday he gave the sermón. Almost all community was there. As it was Palm Sunday he spoke about the situation of Jesus 2000 years ago and the disciples and the necessity for us to follow the tradition like True Mother said at Seunghwa ceremony.

After Sunday service we shared lunch together with the community and in the afternoon we visited the Gothic quarter, the cathedral and the Town Hall. It was a precious time for our families to share with him.

On Monday he continued his journey to Madrid, where he arrived in the afternoon.

We have organized a meeting with him and Madrid community at 7.00 PM, quite a few members and couples came to listen to his talk. He spoke many interesting think about Jesus Christ, and how we should to HoondokHwae according to True Father's instructions, He himself translated from the new CheonSeongGyeong, part of the last True Father's speech: *"The Cosmic Assembly for the Settlement of the True Parents of Heaven, Earth and Humankind and for the Proclamation of the Word by God's Substantial Self"* and explains the meaning of rebirth, resurrection and eternal life, according to Father's words.

Members were inspired by his words.

Then some of us went to have dinner with him to a Korean restaurant nearby. On the morning, he took time to share more personally. We are very grateful for his visit to Spain. It was quite a sudden visit but we really appreciate his concern for our families and his desire to understand and help brothers and sisters in this special time we are living in.
