

Helping Liberia

Brussels, Belgium, August 2014

The Family Federation of Liberia is experiencing a very critical situation since the Ebola outbreak. These members were calling to ask for help due to their terrible situation in Monrovia, Liberia with the Ebola epidemic.

We received the following letter from Kathy Rigney and as the only Company which is still flying to Liberia is Brussels airlines, we felt really concern about the situation of the blessed families in there.

"The situation is becoming more and more difficult as there is almost no food in Liberia since the borders were closed. Also, since food is difficult to find, many people are breaking into homes and stealing from others. Even one of our sisters who is helping our members had her home broken into. Everything is scarce and many people have nothing to eat.

We have about 30 blessed families living there and all the blessed children walk several miles a day in order to go to one blessed families home because this family's mother has a job and so she feeds everybody. Something like 30 people a day she is feeding. Only rice, no sauce, no meat and no vegetables. That is the only meal they are able to eat in a day.

The country is in a state of emergency. So people cannot go out at night, the borders are closed and there is no way to go to hospital, in fact the hospital is a dangerous place. People are dying everywhere,

especially children and their bodies are put in the street during the night.

Right now the American are being evacuated and when that's finished the borders will be totally shut down. Right now, Sabena Airways in Brussels are still operating.

We don't know how long it will take before the ebola emergency is brought under control. Until then, we feel that we have to help these 30 families there.

Please help our brothers and sisters, they need our urgent help."

Kathy Rigney

After we receive this letter, we did everything in order to send a pallet of food in emergency. The delay to send something by air today is about 15 days but Brussels airlines did the best to send urgently the pallet we prepared.

Yesterday we were happy to receive this mail from our sister Pamela:

« Greetings. I write to inform you that we received the donations today. On behalf of all the members, we say a big thank you for you love and support for us in these difficult times. What you have done have not only made us happy but have also encourage most of our member who left the church to come back. After this crisis we will have more members. Thank you so much and may HPS and TPS bless you all. »
