

Baltic Second-Generation Teens Join HARP Workshop

Makoto Ando - August 14-17, 2019

Thirteen second-generation teenagers from Lithuania, Latvia and Estonia attended the first Baltic HARP meeting, which was held in Riga, Latvia, from August 14 to 17.

The meeting, titled "Baltic HARP: Stronger Together!," was organized mainly by Andranik Karagezian with the help of younger brother Artur Karagezian.

Participants learned about the importance of embracing our original nature, responsibility, and sharing our God-given talents with others. Activities such as training in public speaking helped the teens overcome fears and learn new skills, while the many discussion and team-building sessions helped them come closer as brothers and sisters. The meeting concluded with the establishment of Baltic HARP and a banquet to celebrate this victory.
