During his short stay of one day in Yaoundé, he could visit the plots of the Peace Embassy and the Training Center. He also listened to Cameroon activity report and inspired the leaders and elders of Cameroon through his lecture. He also met and talked with the leaders of Equatorial Guinea and Gabon.

He left for Côte d' Ivoire in the morning of August 2nd 2015 leaving a good mark and a lot of inspiration in the hearts of Cameroon members.

After his departure, Reverend Futila held a one day workshop with members in Yaoundé on August 2nd and with those in Douala on August 5, 2015.

We believe that with all the stimulation received, members in Cameroon are going to do their best to

increase their number to 1.000 through witnessing and comfort True Mother's heart by responding actively to the Goals of the vision 2020.
