

Interfaith Prayer Group – Longing for Friendship with God

Düsseldorf, Germany, 11. August 2014

The Interfaith Prayer group Dusseldorf met with the topic "longing for friendship with God". Mr. Ender Eker of the Mir Foundation prepared a speech on the subject. After a short introduction tour of all participants Mr. Eker presented a very interesting view with verses from the Bible and the Koran. He said God wants to meet us as a friend, and that he is ever longing to meet each of us. It is as a friend that we have the chance to not be just an object but be a partner of his love by freely responding to him. Mr. Enda invited at the end for a round of discussion whereby everyone participated. Also short story about friendship was read, that was mater for deeper reflection. We also have plenty time for prayer specially we prayed for the situation

in Ukraine and the Middle East. We asked God that the wounds caused by hatred and violence, will soon have an end and experience of healing will arise, that the hard-heartedness of those in power will dissolve and peace, reconciliation and justice arises.

It was by lighting a candle and a short prayer that each participant had the chance to commemorate Rev. Dr. Sun Myung Moon second anniversary of passing. We all felt deep gratitude for his lifelong work to bring by world peace. We closed our prayer evening with refreshments and snacks and we have again the opportunity to discussions and know each other better.
