

# 60 Years Birthday Celebration of our Ambassador for Peace Pastor Tsibu

Linz, Austria, 16. August 2014

**P**astor Tsibu is from Ghana and came as a missionary to start a Pentecostal church in Linz about 24 years ago.

Now he has a congregation of about 200 mostly African who immigrated to Austria.

Recently his church and other Pentecostal churches as a united Pentecostal church in Austria got the legal church status from the government. They can send religious teachers to schools and the government pays for them.

Fam. Haslhofer and brothers and sisters formed the Linz Unification choir and contribute greatly to the birthday celebration.

Hillevi and I, Franz and Irma Haslhofer and Kurt Sattlberger were invited to the board of pastors.

It was a good experience to see how firmly Pastor Tsibu and his wife who is also a pastor stand firmly with our movement even some other pastors from other churches are not supporting him in relationship with us.
