January 27, 2025

Presented during the Cheon Shim Won Vigil Prayer by the World Mission Headquarters

Dear True Mother,

All glory and honor to you for many thousand years 2024.

In Mali, our church is located in Bamako and we are doing our best to get young people for the 2025 Blessing. From now on about 6 candidates are ready. Among them 5 are second generation and 1 first generation. In Bamako church most of the members are young. So it is a church of hope for the future if we raise them correctly.

Many members are participating in the vigil prayers at the Cheon Shin Won and we thank you for this precious gift. One day in the Cheon Shin Won room, one sister received a message from the spiritual world saying that our church is not witnessing. We are sorry for this and we made the determination to start anew.

We have contacted 4 families and the son of a Mayor received divine principle teaching. We are contacting 5 Christian churches pastors and 2 Muslim leaders. They are very happy to receive our teaching and to know about the only begotten daughter, the substantial Holy Spirit.

Our church members are praying for the political situation in Korea, our original homeland. Our deep hope is your victorious Entrance in the Cheon Il Sanctum in the Cheon Won Gung on April 13, 2025. About 7 people from Mali are preparing to be in Korea. Among them the former President Dioucounda Traore and his wife.

Many blessed families in our church are facing financial problems and we are grateful to receive the candle of heavenly fortune. Since 2012 our Nation has been facing political issues and since 2013 terrorism and Jihadism issues. Many people died, but Heaven is protecting our church members. From 2020 our country will be led by a young man (soldier) of 40 years old.

Now we understand clearly that to solve any problem, political, religious, social, family, we must be united with you, our beloved True Mother, sent by Heaven to conclude the sad history of 6000 years and give joy to the 8 billion people on earth and to the many hundred billion people in the spiritual world.

True Mother, Mother of Peace, only begotten daughter, substantial Holy spirit we love you and wish you a very long life on earth with good health. Thank you very much. We love you.
