After the Success of the launching of Peace Center in Mozambique and ILC, the leadership of Shin Africa centered on Cheon Eui Won Co-Chair Rev. Bakary Camara, Regional President Rev. Jean Pierre Kadima and the Vice President Mrs. Mica Amalaman, turned their focus on the blessing.

They held several meetings to find the way to bring the whole continent of Africa together to help in the process of matching and blessing specially for second generation.

As they aspired the same desire as our beloved True Mother that is to unite as one family under Heavenly Parent and True Parents and to give the blessing to everyone, they came up with strategies to help the whole community, specially parents and children in the process of matching and blessing centered on the 3 Generation structure for Matching and blessing program.

The Program Started with mobilization to bring all blessed families together Parents, Children at the age for blessing 1st and 2nd generation, as well as for Matching Supporters to receive education through online platform. From 22nd January to 4th February over 700 people registered to participate in the program.

On 1st February over 600 people participated on the regional Hoon Dok Hae to receive guidance as well as general orientation for the whole program.

The orientation session started with the opening remark by the Regional President who emphasize on the importance of this program and the desire to unite with our beloved True Mother to support her on this path, his speech was followed by some words of wisdom from the Cheon Eui Won Co-chair Rev. Bakary Camara who expressed the heart of True Parents and the importance of bringing families together to live in the heavenly tradition and to bestowed the tradition to the next generation, regional Vice President gave an orientation on the program and shared some words of True Mother about the (3 generation structure).

The purpose of this program is to bring the Matching and Blessing matter as a concern for the whole family (3 Generations), and support network to be on the family structure, not just one department.

To Provide Support and guidance to Parents regarding the Matching of their children, and to bring all the potential candidate to receive the Blessing and to receive the standard content of Education, as well as to create attraction to be part of this Cosmic Blessing 2023.

The program continued throughout the week with several sessions of education for Parents, Matching Supporters and Youth every day with a massive participation, after different sessions held some participants gave their takeaway from different sessions, and some expressed their gratitude for this program.

The testimony of one of the participants" I like the intervention of CEWCC Rev. Camara. The impact is a strong awakening to remind parents and to urge children to discover their spirituality.

Listening to different experiences of every chosen person it is a marvelous result of the living messiah's accomplishment on earth. "

Another testimony from Second generation: "I got a new understanding of the blessing and its value. I must reflect the nature of Heavenly Parent as a human being and His true love. Also, I understood the importance to contribute for the Cheon Won Gung. By doing so we demonstrate that we are dutiful sons and daughters of True Parents and Heavenly Parent."

"I am so grateful for these educative programs. We're learning a lot as families, especially our second gens"

The program still on going online on the regional level with more than 1000 people registered, and onsite on the national level.
