

# First Anniversary of True Father's Seong Hwa Budapest, Hungary 14. September 2013

Tibor Krebsz

We held a public Anniversary of True Father's Seong Hwa. FFWPU and UPF in full unity and cooperation offered a very moving and uplifting event. The event take place in the Hotel Beke, Budapest (Peace Hotel). In the same hotel, the European coronation of True Parents as Peace King and Queen, under the umbrella of UPF, took place in 2004. .

Ambassadors for Peace, Blessed Families and many guests filled up the venue. The program started with opening remarks by Mr. Peter Meszaros - President of UPF-Hungary. Than we all offered the favorite flower of True Father --the Lilly- to him followed by three AFPs speaking about their experiences with True Father. One of them was reading from the autobiography of True Father. The third speaker was encouraging the audience to follow her example to read the autobiography what she did already two times. In between two musical pieces were offered. Afterward we showed the video "Determined Man" with Hungarian subtitles.

In the second part of the program the first UC missionary to Hungary Mrs. Catherine Roman shared about her first experiences about the teaching of Divine Principle. Mr. Ferenc Bajor, Secretary of FFWPU-Hungary, shared about his matching and blessing experiences from 1995, showing his pictures from the first meeting with his fiancée up until today including pictures of their two children. The final presentation was given by myself, reporting about the providential victories of True Parents. I mainly focusing on God's, Jesus' and True Parents' coronations and the Peace Movement that True Parents have built up around the World. The second part of my speech was a reading from the Peace Message XII, where True Father is proclaiming his mission as True Parents, Messiah, Savior and the Lord of the Second Advent, and is sharing his heart, how lonely and difficult the path was he had to go to complete God's providence of restoration through indemnity.

After the event finished people stayed on sharing and talking with each other. People bought our publications (DP books, Peace Messages, and ect.)

We hope that representing the country of Hungary this event gave comfort and hope for our Heavenly Parents and True Parents.
