May 29, 2016

**By FFWPU Uganda:** On February 20, 2016, six pre-married couples participated in the Cosmic Blessing of the True Parents of Heaven, Earth and Human kind in Kampala Uganda at our Peace Embassy in Nakasero.

Following that event, we resolved to find a way to break through in our Tribal messiah activities. In the meeting, the national leader together with departmental leaders, we agreed to hold the blessing for premarried couples every month. This is to enable us improve our Tribal messiahship results.

On April 30, 2016, we had a blessing of marriage ceremony for two couples at our Peace Embassy. At that event, a lay leader in the Protestant church with his wife plus a youth full pre-married couple received the blessing. The lay leader and his wife promised to mobilize couples in their church so that they can get the blessing as well. The youthful couple attends Sunday service and is actively witnessing. Both couples went through the indemnity stick ceremony and are now in the 40 day separation period. They are grateful to our True Parents for the blessing.

On May 29, 2016, we had another blessing ceremony which was held for premarried couples at our Peace Embassy. This time we had six couples, two of the couples were a senior pastor and his assistant. Senior Pastor Kamyá Yolamu and wife plus plus assistant pastor Sekate and his wife.

It was a moving experience to see the two pastors getting the blessing of our True Parents and accepting to do the indemnity stick ceremony. Glory to Heavenly Parent and the True Parents of Heaven, Earth and Human kind. All the six couples started the 40-day separation period.
