WFWP Italy co-sponsored a seminar on the value of marriage and family.

It was organized in co-operation with UPF Italy and took place in the Peace Embassy in Rome on 21 July 2018.

The seminar was divided in 3 parts, each one was followed by a debate with precious contributions from all the guests. The content was related to the teaching of family and peace by Rev. Moon.

WFWP President Elisabetta Nistri Cali gave a presentation entitled 'Promotion, support and protection of the family as the founding cell of society'. Based on Article 16 of the UDHR (Universal Declaration of Human Rights) and followed by quotes of the previous Secretary General of the United Nations, Ban Ki Moon, as well as religious leaders, Elisabetta emphasized the need of governmental support to preserve the structure of the traditional family.

She captured the attention of the participants in explaining how the entire universe is based on a dual system of masculinity and femininity, and talking about the origin of love, the 4 great realms of heart, and how the family operates as a school of love, naturally teaching values like respect, purity, fidelity, compassion, as well as living for the sake of others. She explained how parents can become models of a healthy leadership and concluded with a quote by Rev. Moon 'A successful marriage is always a trinity: husband, wife and God'
