

WFWP Italy - April 2025 Hope From Korea Seminar held in Colle Mattia in Rome

Elisabetta Nistri
June 7, 2025

In the presence of 24 guests, a seminar report on the events in Korea in April 2025 was held in Colle Mattia, Rome. Giuseppe and Elisabetta Cali talked about the 2025 Summit and all its events with the extraordinary participation of parliamentarians, religious leaders and academics, heads of state and first ladies.

Elisabetta Nistri WFWP Italy president shared her experiences attending the IAFLFP conference, the event celebrating the 33° Anniversary of WFWP International, and the special atmosphere created by the Bridge of Peace Ceremony.

Giuseppe then gave a lesson on the theme Interdependence, Shared Prosperity and Universal Values to explain how our action is nourished by the inner strength of conscience and the culture of the true family. The reaction was one of great appreciation, with many questions about the future of the world and how to change the destructive culture of this time.

This meeting was part of the series that Giuseppe and Elisabetta have been carrying out for some time to train and inform guests, Ambassadors of Peace and NGO leaders. The guests themselves have asked for other meetings to be held soon given the spirit of hope and light that is always created in these events.
