Elisabetta Nistri
August 29, 2025

WFWP Italy President Elisabetta Nistri was invited by the president of the organization "Forza e Bellezza," Mrs. Marina Aragona, for an appointment in her office to share about the WFWP purpose and to see the possibility of a cooperation with her organization.

The meeting was very constructive for sharing the many positive goals of the two organizations. It was decided to jointly organize a conference on the theme "BEAUTY AND CREATIVITY" on December 2nd, with the aim of giving a voice to all those people who, despite severe difficulties, manage to react and transform even pain and suffering into something beautiful and creative.

WFWP was also invited to participate with a message to the initiative on September 25th, which involves swimming across the Strait of Sicily under the theme: "WE ARE A BRIDGE OF PEACE", suggested by WFWP. The purpose of the initiative is to show that it is possible to overcome great challenges and leave the past behind.

Under the name of FORZA E BELLEZZA, there are many organizations that will come to know WFWP. Mrs. Marina Aragona already shared on her FB page about our meeting.
