

Seonghwa Ceremony for Lubelia Maria dos Santos Rodrigues Palfi

Munich, Germany, 9th April 2015

Message from European FFWPU President, Rev. Young Shik An

Dear Lubelia,

As the European representative of our Founders, Father and Mother Moon, I want to express their deep appreciation for your many years of dedication to God, our Heavenly Parent, through a life lived for the sake of others.

Thirty-seven years ago, when you were still in your teens, your life was transformed by the teachings and example of Father and Mother Moon. They moved you to understand the lonely heart of God and called you, alongside many other young Europeans, to join the International One World Crusade and reach out to God's children through missionary activities in England and the United States.

Later, after bearing your own children, those foundational years of faith and dedication were to find a new flowering as you added professional training to religious insight and your warm maternal heart and continued to practice living for others through offering your therapeutic skills to bring healing to many families.

Through this message I want to offer the sincere condolences of our European Family to your daughters Anja and Carla and all your family, knowing that they are so very proud to celebrate your life today, along with the community whose love and respect you have won.

May this message allow you to feel our love and appreciation as we bid you farewell from this Physical World and may our prayers speed you on your way to your eternal home along with our True Father in the eternal Spirit World.

As True Parents teach us:

When we are bound together in true love, we can be together forever, continually rejoicing in each other's company. The attraction of true love brings all things in the universe to our feet; even God will come to dwell with us. ... A life lived for the sake of others, a life of true love, is the absolute prerequisite for entering the kingdom of heaven.

Dear Lubelia, thank you for your love and life for others - now liberated from your physical body may you continue your devotion in a new and joyful freedom.

Obituary for Lubelia Maria dos Santos Rodrigues Palfi

On Thursday, April 2, 2015 we received the news that Lubelia Palfi much too early, at the age of 56, went to spirit world after battling for longer time with a grave sickness. Her daughters Anja and Clara shared with us that she took her last breath with a peaceful smile on

her face.

All of us remember forever her warmhearted, motherly healing heart.

Lubelia was born on April 12, 1959 in Lisbon, Portugal, but she grew up in Mozambique, a former Portuguese colony. The family returned to Lisbon before a communist regime came into power. Lubelia finished a training as nurse. In March 1978, being 19 years old, she joined the Unification Church, and participated very soon in the IOWC-team (International One World Crusade) in England and in the USA, where she continued working in the early 80ies in the missionfield in Boston, Massachusetts. During that time she even offered with great devotion a 21-day-fast. In October 1982 she was blessed in Seoul, Korea, with the Austrian brother Ernst Palfi.

In 1986 she then came to Munich to start her family life with Ernst. During that time Ernst worked in the "Kolibri-Mission" und took care of persecuted dissidents from the Soviet Union and from the communist Eastern Bloc. Because of this sensitive situation the Palfi family couldn't have an open contact with the Unification Church.

After her two daughters were born, she dedicated herself again to the mission in the 90ies. She felt a special call to heal. In her prayers she often asked God how she could liberate His heart, but also how she could help brothers and sisters in healing the wounds and hurts from their past life. And she prayed to God to receive guidance in finding the right persons that could help in her further development. From then a longer process of intensive education programs began and finally, from 2004 on, she had become a professional in systemic-family-therapy with focus on coping with traumata, family constellation and healing support.

She not only worked with a lot of heart and dedication in her practice, but organized partly together with other therapists many healing-seminars mainly in Austria, England and Germany. Testimonies of many grateful brothers and sisters who have taken part in such seminars show that Lubelia could accomplish so much by her selfless investment, her professional competence and her principled guidance, but specially by her loving, motherly heart. She specially also dedicated herself to the second generation. Young people could stay with her and take part in the therapies. .

Together with the many brothers and sisters that have experienced true healing through the therapies done by Lubelia so lovingly, we are extremely grateful and happy for having met her and come to know her. Our Heavenly Parent could use her abilities in a special way to bring healing to the blessed families.

We feel sorry that she has ascended to spirit world so early, but we are sure that heavenly angels will guide her into the divine spheres and that she can continue to work with much devotion.

Dear Lubelia, we wish you all the best and the guidance of God on your further way!

Thank you so much and Goodbye!.
