## INVITATION

### **Women and Mothers for the Peaceful Future World International and Interreligious Bridge of Peace**

Mai 3-5, 2019  
Hotel Olsanka, Prague, Czech Republic

*Motto:* Let's work together for a better peaceful world  
for our children and future generations!

February 21<sup>st</sup>, 2019

Distinguished women leaders, women and mothers,

It is our privilege to invite you to a special international and interreligious event bringing together women, who feel to be called to take responsibility for the world we live in.

The conference "**Women and Mothers for the Peaceful Future World**" and the "**International and Interreligious Bridge of Peace**" will take part in Prague, Hotel Olsanka 3<sup>rd</sup>-5<sup>th</sup> Mai 2019.

In the history there were countless wars and even now there are many conflicts all around the world. While men have been fighting, women have been living in fear for the lives of their beloved ones – husbands and sons.

This has been said by the WFWP co-founder, Mrs. Hak Ja Han Moon: „We are arriving at an important transitional era, entering a world on oneness which transcends the barriers of ideologies, the differences between languages and cultures, and racial conflicts. It is not by chance that we women are holding this conference for the sake of a new world of love and peace today. The history of today is calling for peace, reconciliation, compassion, love,

service and sacrifice. It is an age in which the present problems cannot be solved by the masculine logic of power. There is no longer any need for ideologies which oppress humanity. This is the age when the present problems must be solved by the more feminine logic of love, and the direction of history must be straightened out."

It is our hope and desire to make this women's gathering a meaningful step towards mutual understanding transcending the hurt and misunderstandings of the past.

As we have experienced already in past, the Bridge of Peace is a new effective way of healing the wounds of abuse, misunderstanding, intolerance, prejudice and war.

We are looking forward to welcome you to this special historical women gathering in Prague.

Very sincerely,

Mrs. Carolyn Handschin  
President, WFWP-Europe

MUDr. Marcela Rozehnalova  
President, WFWP Czech Republic
