

Report on 40 Day Summer Witnessing Mobilisation

2nd of August – 8th of September 2015, Tirana - Albania

Dear brothers and sisters,

We finished the summer 15 day Divine Principle workshop on July 28th of July 2015 and at the end of the WS we invited all WS participants to join the summer 40 day mobilisation which would start on August 2nd and finish on September 8th.

We were very happy to welcome back to our Training Centre 43 brothers and sisters who had decided to join the mobilisation 2015.

After receiving some lecture on witnessing based on True Father's words, 7 teams were established with 6 members each team. Out of these teams, one will be raising funds around Albania to support 100 orphan children with school materials for their new academic year.

The other 6 teams will be witnessing in our local FFWPU and CARP Centres, studying more deeply the Divine Principle, practicing in giving DP lectures, studying and practicing True Parents tradition, organizing social activities for people in need etc.

The mobilisation will conclude with a 4 day DP workshop, where teams will try to bring their guests and experience the heart of spiritual parent.

We wish to all brothers and sisters a great time during this hot summer time and may they all experience Heavenly Parent and True Parents' hearts while they offer themselves in the frontline.

Reported by the Albanian HQ staff!
