

4 DAYS DIVINE PRINCIPLE WORKSHOP

MARCH 22ND – 25TH 2018, NATIONAL TRAINING CENTER – MULLET, TIRANË

During March 22nd – 25th 2018, a beautiful 4 days Divine Principle Workshop for new guests, was organized in our National Workshop Center. The title of the workshop was: “As Peace-Loving Global Citizen”. 50 youngsters participated this seminar.

Coordinated by Majlinda Ziko and moderated by Marsida Sina and Eglantina Hoxha, the workshop started with “a café in Mullet”. By getting to know each other, all the participants from all over Albania and Kosovo, could start to feel as in their own families. We divided the participants into two clans and each clan was composed by two families.

Divine Principle lectures were given only by three lecturers in order to make it easier for the guests to understand. Mrs. Savjola Konja, Mrs. Manjola Vasmatics dhe Mr. Gani Rroshi shared the wonderful truth of the Divine Principle.

Morning inspirations were organized by the coordinator based on the three stages: formation, growth, completion. During evenings two special lectures about understanding and practically applying Divine Principle in our daily life, as well as understanding Hoon Dok Hae, were given by Mrs. Entela Mustafaj and Mrs. Dorina Prethi.

Korean Cheon Il Guk missionaries helped to organize games. Purpose of these games was to develop team work. Another interesting part of the program was *Workshop Got Talents*. Participants had the possibility to register and in this way they could show to everyone their talents.

Some reflections from the participants:

“From the beginning of the workshop until now I was thinking so much about how hard Heavenly Parent is working to prepare me in order that I could receive Second Coming. I feel strong emotions from the presence of Heavenly Parent.”

“I was feeling as I was in my family. So much love I could feel during this workshop from everyone. This is a reflection for my life, and a big turning point to see everything from a different point of view.”

“This was a wonderful workshop. An incredible energy was created. Because there were not so many people, I had the possibility to get to know everyone. I feel that God was able to enjoy this time together with us. Everything we do with a sincere heart, become successful.”

We pray deeply to work harder in the future in order to bring more victorious results to Heavenly Parent and True Parents.
