Librazhd, Albania -- Many important figures were among the 35 participants at the launch of the local UPF Peace Council in this eastern Albanian town.

The inauguration of the Librazhd Peace Council on the afternoon of March 28, 2018, was another important milestone for UPF-Albania.

It's wonderful to see how much the VIPs of different cities in our country want to welcome UPF to their communities. They are inspired to listen to the vision of the UPF founders, and they are promising to work hard in order for this vision to spread all over Albania.

As a follow-up to the inauguration of UPF Peace Councils in a number of cities and towns, UPF-Albania announced a seminar on the UPF Peace Principles to be offered to Ambassadors for Peace in early April.
