Rev. Paul An. Special CIG International IW, visited Albania, on 13th – 17th of July 2018. We felt once again True Mother's special care and love for all brothers and sisters.

On July 13th Rev. An had personal meetings with several leaders and gave personal guidance to them.

On July 14th we had a meeting with all community leaders and department leaders. Rev. An shared for about 3 hours with leaders about the most fundamental principles of a life of Hyo Jeong and what leaders should always keep in mind while they face different situation and difficulties in front line.

On July 15th on Sunday, Rev. An gave the Sunday Sermon to Tirana Community. Even though now is the middle of summer and many people are on holidays, most of Blessed Families, members and even some Ambassadors for Peace gathered to listen to the precious words of Rev. An.

From July 10th the 15 – Day Divine Principle WS started in Albania and on July 16th Rev. An gave three presentations on True Parents' Life Course to 80 participants in the WS, new guests and new members.

Thank you, True Mother, for taking care of us in very special ways! Albanian brothers and sisters will become proud children of True Parents by practicing Hyo Jeong!
