

Letter to True Mother from Surin Church in Thailand

Warakom Samang

February 17, 2025

Presented by World Mission Headquarters during the Cheon Shim Won Vigil Prayer

To our beloved True Mother,

On February 3, 2025, our Blessed Families, Blessed children, and members of the Surin church were extremely happy to participate in the Cheon Il Guk pledge ceremony to celebrate the True Parent's Birthday of Heaven, Earth, and Humankind. We were delighted to see that True Mother remains in good health, appearing with a bright and beautiful smile, providing valuable guidance, and inspiring our brothers and sisters.

The Surin church places great importance on holding Sunday worship services with a warm family atmosphere filled with the love of the True Parents. The services are conducted in a sacred environment with joint prayers at the Cheon Shim Won room after each worship service. We have experienced something miraculous: even new guests attending worship for the first time, who have never learned the principles, can be introduced to True Parents, learn the tradition of respect and prayers at the Cheon Shim Won room, and leave deeply impressed and eager to return.

We invited the neighbors living around the church to make the church more widely known to the local community, and we have also improved the church grounds to create a friendly space where children can come and play. Through this, we have built good relationships with local children and are also building trust with their parents. Now, parents are also bringing cakes and snacks to share with their families,

naturally joining the church community. Our sincere goal is to let everyone in this region know about Heavenly Parent and True Parents.

We have been witnessing our neighbors wishing to connect them with our church, starting with a woman living next to us. Although she can't attend seminars because of her full-time job, she enjoys reading Hoon Dok Hae at the church and often expresses her gratitude through donations. Another neighbor, a shop owner, has also been connected with our church; after inviting her to worship service and read the teachings of True Parents, she found joy in participating and began bringing food offerings to share with the congregation every Sunday.

Over the past month, we have witnessed three university students and five high school students. They have started learning the basic Divine Principles and are attending worship services. Although they have only recently started studying the Principle, these students have filled out membership forms and are actively participating in church activities.

Now, we have our youth members consistently bring their parents to attend Sunday worship services. When the parents experience the warm atmosphere, receive care from our members, see the life standards of their children, and most importantly, listen to the precious teachings of the True Parents, they naturally accept and trust the church and the True Parents. During activities expressing the tradition of filial piety, where children bow fully to their parents, hug them, and pray for them, parents are moved to tears of joy.

We deeply realize that all these blessings and miracles are the results of the love and teachings of True Mother. With the hearts of all the members of the Shurin Church, we offer our deepest respect and gratitude to True Mother.

We will devote ourselves to our faith and live a life united with True Parents so that our True Mother will not worry about us. We sincerely wish True Mother good health and infinite happiness. We are always grateful for Her great love and guidance, and we will become children who can repay her grace.
